EFFECTIVE February 1, 1957  
Month Day Year

BY Clyford J. Davis President  
Name of Officer Title

Sullivan, Missouri  
Address of Officer

LOCAL EXCHANGE SERVICE

GENERAL

Unless otherwise specified, the charges quoted in this tariff are for the period of one month and entitle the subscriber to basic local exchange telephone service, touch tone and local messages. Applicable taxes levied by state, county and local taxing authorities are in addition to the rates set forth below.

A. Local Rates

Local rates for Residential and Business services are available at Fidelity's Website:

[www.fidelitycommunications.com](http://www.fidelitycommunications.com)

B. New Bundles

After April 1, 2016, the Company may offer new bundles. Rates and descriptions of Fidelity's new bundled service offerings are available at Fidelity's website:

[www.fidelitycommunications.com](http://www.fidelitycommunications.com)

C. Grandfathered Bundles

The packages below are only available to existing customers at existing locations. Customers who cancel their package, or any part of the package, shall forfeit eligibility for rates under these packages. All customers must presubscribe their intralata and interlata long distance service to a Fidelity affiliate.

The following Bundled Packages are available to subscribers within the Sullivan exchange and also within the service coverage area of the Company's cable TV affiliate. All packages include a regulated access line and certain regulated calling features and/or certain nonregulated services.

Rates

1. Just Perfect Package\*

(includes Residential Access Line, Ultimate SmartFeatures Package, Residential Voicemail, 10 Meg. Cable Modem Internet service, (MUSTView) Basic Cable TV, (MEGAVIEW) Extended Basic Cable TV, Digital Cable TV and one Premium movie channel)

(T)

With Digital Ultimate Tier	\$135.99
With Starz/Encore	\$137.98
With Cinemax	\$137.98
With Showtime/Movie Channel	\$137.98
With HBO	\$143.04

(I)

(I)

\* Effective March 1, 2015, this package is no longer available to new customers and will be available to existing customers only at existing locations.

FIDELITY TELEPHONE COMPANY For ALL TOWNS  
 Name of Issuing Corporation Community, Town or City

DISCONTINUANCE OF SERVICE AND DEPOSIT STANDARDS	
Billing, Collection, Discontinuance of Service and Deposit Standards	
1. Billing Standards:	<b>OCT 28 1980</b>
A. Bills for telephone service are issued monthly, in advance, are due when rendered. The Telephone Company shall render a bill during each billing period except when there is a zero balance.	
B. The subscriber shall receive a bill during each billing period. Failure to receive a bill does not relieve the subscriber of the responsibility for payment for telephone service.	
C. Billing cycles may be altered if the affected customers are sent an insert or other written notice explaining the alteration not less than thirty (30) days prior to the effective date of the alteration.	
2. Collection Standards:	
A. Residential subscribers shall have at least twenty-one (21) days from the rendition of the bill to pay the charges stated thereon. Payment shall be made at the office of the Telephone Company, an authorized collection agency, or by mail.	
B. Demand for payment of toll charges may be made on less than twenty-one (21) days in the event a customer's service has been discontinued in accordance with "Discontinuance of Service" (3.A.1 or 2), as reflected elsewhere in this tariff, within the last twelve (12) months or where the customer incurs toll or other charges at any time during the billing period which are equal to at least 400% of the amount of the deposit or guarantee previously required. Such demand may be made by a telephone call to the customer followed by written notification by first class mail.

OCT 28 1980

2. Collection Standards: (continued)

- C. Total bills remaining unpaid twenty-two (22) days after rendition, or toll bills remaining unpaid ten (10) days after demand, whichever is less, shall be considered delinquent.
D. Toll charges are due monthly and payable any time during the twenty-one (21) days following the presentation of the bill. Toll charges are subject to the rules and regulations of part (B) of this section as they may apply. This utility will conform to all rules and regulations of the Public Service Commission as they may apply.

**RULES AND REGULATIONS**

**3. Discontinuance of Service to Residential Customers**

- A. Service may be discontinued for any of the following reasons:
  - 1. Non-payment of an undisputed delinquent charge for basic local telecommunications service.
  - 2. Failure to post a required deposit or guarantee.
  - 3. Unauthorized use of the telephone company's facilities in a manner which creates an unsafe condition or creates the possibility of damage or destruction to such facilities.
  - 4. Failure to substantially comply with the terms of a settlement agreement.
  - 5. Refusal after reasonable notice to permit inspection, maintenance, or replacement of the company's facilities located on the subscriber's premises. (T)
  - 6. Material misrepresentation of identity in obtaining telephone utility service.
  - 7. As provided by state or federal law.
- B. HOLD FOR FUTURE USE. (D)  
|  
(D)

FILED - Missouri Public Service Commission - 03/16/2023 - JI-2023-0170

**RULES AND REGULATIONS**

**3. Discontinuance of Service - Continued**

C. Service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Basic local telecommunications service shall not be discontinued on a day when the offices of the Telephone Company are not open to facilitate reconnection of Basic local telecommunications service, or on a day immediately preceding such day.

(D)  
|  
|  
(D)

D. Payment by personal check may be refused if the customer, within the last twelve (12) months, has tendered payment in this manner and the check has been dishonored, except when the dishonor is due to bank error.

(+)

E. Upon the customer's request, Company shall restore service consistent with all other provisions of this tariff when the cause of discontinuance has been eliminated.

(+)

## RULES AND REGULATIONS

### 4. Deposit Standards for Residential Customers:

A. The Company may require a deposit or guarantee prior to providing new service or as a condition of continued service. The Company may require a deposit or guarantee as a condition of continued service if:

- (1) The customer has delinquent charges in two (2) out of the last twelve (12) billing periods; or
- (2) The customer has had service disconnected for nonpayment of a delinquent charge or failed to post a required deposit or guarantee.

The Company may require a deposit or guarantee as a condition of new service based upon credit history and worthiness as determined by the Company.

B. In lieu of a deposit, Company may accept a written guarantee. The guarantee shall not exceed the amount of a cash deposit that the Company could request under this section.

C. No deposit, guarantee, additional deposit nor additional guarantee will be required by the Company because of race, sex, creed, national origin, marital status, age, number of dependents, source of income, disability or geographical area of residence.

D. Terms of Deposits:

- (1) Deposits shall not exceed the estimated charges for two (2) months' service based on the average bill during the preceding twelve (12) months, or, in the case of new applicants for service, the average monthly bill for new subscribers within a customer class.
- (2) Upon discontinuance or termination of service, the deposit will be credited to the charges stated on the final bill, and any balance will be returned to the customer within twenty-one (21) days of the rendition of the final bill.

(D)  
(T)(M)  
(D)

**RULES AND REGULATIONS**

**4. Deposit Standards (Cont'd)**

**D. Terms of Deposits (Cont'd)**

- (3) Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, guarantors will be released or deposits will be refunded or credited against charges on subsequent bills. Payment of charges will be considered satisfactory if received prior to the date on which the charge becomes delinquent provided the charge is not in dispute. The Company may withhold the refund of a deposit pending the resolution of a dispute with respect to charges secured by the deposit. (T)  
(D)
- (4) The Company will maintain records of all pertinent information with regard to each deposit held. (T)
- (5) The Company will provide within ten (10) days of a customer request a receipt that contains information pertinent to that deposit. (T)

**E. Restoral of Service Charges:**

**MISSOURI  
Public Service Commission\***

Where service has been discontinued for failure to establish credit as authorized above, the regular restoral of service charges will be made and collected by the Company.

- F.** A service deposit will not be required for lifeline service, if the qualifying low-income customer voluntarily elects toll blocking, where available. If toll blocking is unavailable, a service deposit may be charged. \*

**5. Service Connecting and Restoration Charges**

These charges are set up in the rate schedule.

**6. Profane and Obscene Language Over the Telephone is Prohibited.**

The subscriber is responsible for the enforcement of this rule.

**7. Liability of the Company**

1. The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays or errors or defects in transmission occurring in the course of furnishing service and not caused by negligence of the customer shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistakes, omissions, interruptions, delays or errors or defects in transmission occur in excess of 48 hours after notification has been made.

**7. Liability of the Company – Continued**

2. The customer indemnifies and saves the Company harmless against the following:
- (a) Acts or omissions of other companies when their facilities are used in connection with the Company's facilities to provide service.
  - (b) Any defacement or damage to the customer's premises, resulting from the existence of the Company's facilities for example, demarcation point and drop on such premises, or from the installation or removal thereof, when such defacement or damage is not the result of the negligence of the Company or its employees.
  - (c) Any accident, injury or death occasioned by its equipment or facilities when such is not due to negligence of the Company.
  - (d) Claims for libel, slander or infringement of copyright arising from the material transmitted or recorded over its facilities; claims for infringement of patents arising from combining with, or using in connection with, facilities of the Company, apparatus and systems of the customer; and all other claims arising out of any act or omission of the customer in connection with facilities provided by the Company.
  - (e) Liability for failure to provide service.
  - (f) Liability for telephone directories except as outlined above.

**7. Liability of the Company – Continued**

2. (Cont'd)

**MISSOURI  
Public Service Commission**

- (g) The Telephone Company will make reasonable efforts to cure any material failure to provide service caused solely by year 2000 defects in Telephone Company hardware, software or systems. Due to the interdependence among telecommunications providers and the interrelationship with non-Telephone Company processes, equipment and systems, the Telephone Company is not responsible for failures caused by circumstances beyond its control including, but not limited to, failures caused by: (1) the Customer; (2) other telecommunications providers; (3) customer premises equipment; or (4) third party suppliers such as power companies, software companies, and equipment manufacturers. In addition, the Telephone Company does not ensure compatibility between Telephone Company and non-Telephone Company services used by the customer.
- (h) The Telephone Company will not be liable for any consequential, incidental or indirect damages for any cause of action, whether in contract or tort. Consequential, incidental and indirect damages include, but are not limited to lost projects, lost revenues and loss of business opportunity, whether or not the Telephone company was aware or should have been aware of the possibility of these damages.

**8. Customer Disputes**

- (a) A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.

**MISSOURI  
Public Service Commission**

- (b) When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
- (c) Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
- (d) If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service for nonpayment of charges in dispute while the dispute is pending.
- (e) If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty (50) percent of the charge in dispute or an amount based on usage during a like period under similar conditions which shall represent the amount not in dispute. The Company shall not discontinue service to a customer for nonpayment of charges in dispute while that dispute is pending.
- (f) Failure of the customer to pay to the Company the amount not in dispute with four (4) working days from the date the dispute is registered or by the delinquent date of the disputed bill, whichever is later, shall constitute a waiver of the customer's right to continuance of service and the Company may then proceed to discontinue service as provided in this tariff.

## RULES AND REGULATIONS

### 9. DIRECTORY

The Company may, in its sole discretion, prepare and furnish to each subscriber at each station an alphabetically arranged list of the names of all subscribers of the Local Exchange. Extra name listings of subscribers will be furnished when desired by any subscriber under the tariffs governing such extra listings. Such alphabetically arranged lists shall constitute the Company's Telephone Directory. The Directory is the property of the Company, furnished for the purpose of expediting service, and may be taken up by the Company at the termination of the Contract for service or when new Directories are issued. The Telephone Company reserves the right to change the subscriber's number when necessary.

Public Service Comm.

9. (Continued)

The Telephone Company's liability for damages arising from errors or omissions in the making up or printing of its Directories or in accepting listings as presented by customers of prospective customers shall be limited to the amount of actual impairment of the customer's service, and in no event shall it exceed the amount paid for the service during the period covered by the Directory in which the error or omission occurs.

The Telephone Company will not permit the use of any binder, holder, auxiliary cover or any other attachment of an advertising nature to be used in, or on its Directories.

10. INTERRUPTIONS OF SERVICE: Except when the service is interrupted by the willful or negligent act of the Subscriber, or by cause beyond the control of the Company a pro-rated allowance at the rate charged for and applying to the service interrupted shall be made for the time in excess of thirty-six (36) hours if such interruption continues after the fact has been reported by the subscriber or detected by the Company.

11. VACATION RATE: Upon advance notice a rate of 50% of the regular rate will be granted for a minimum period of one month, and for a maximum period of three months in any one calendar year.

12. BUSINESS RATES APPLY AT THE FOLLOWING LOCATIONS:

- a. In offices, stores, factories, and all other places of a strictly business nature.
- b. In boarding houses, except as noted under 13-c, offices of hotels, halls, and offices of apartment

MISSOURI  
Public Service Comm.

At the end of each six months period, a refund will be made for each customer attached to the system, during that half year period, which is a net main station gain over and above the greatest half year total of main stations for which a refund was previously made, provided the refund does not exceed the total amount of the deposit. The amount of the refund is determined by dividing the total amount of the deposit by the estimated ultimate number of customers.

Case No. 13, 529

22. POLES ON PRIVATE PROPERTY (ALL CLASSES OF COMPANY-OWNED SERVICE).

- a. Poles carrying main station or private branch exchange trunk circuits.
  - (1) The Telephone Company will furnish and maintain poles and associated fixtures on private property, provided suitable right-of-way can be obtained, when such poles are to be used to carry circuits serving more than one customer, the ownership of such poles being vested in the Telephone Company. The placing of such poles is subject to the regulations governing plant extensions on public highways of the class of service involved.
  - (2) Poles on private property to be used in serving an individual customer will, in all cases, be provided, owned, maintained and replaced by the Telephone Company, except as specified in (3) below, and the customer shall pay the initial cost in place of any such poles in excess of the following allowance:

RULES AND REGULATIONS

27. LATE PAYMENT OF SERVICE AND RETURNED CHECK CHARGE

Bills are due as specified on the bill and may be paid at the Business Offices of the Company or at any agency authorized to receive such payments. All bills paid after the due date specified on the bill shall have a service charge added. Failure to receive a bill does not relieve the subscriber of the responsibility for payment in accordance with the provision set forth herein.

(D)

A Returned Check Charge will be applied for each customer check returned by the bank for insufficient funds, unable to locate account, account closed, balance held, drawn against uncollected funds, two signatures required, account garnished, endorsement incorrect or payment stopped. These charges are to compensate for the additional administrative expenses associated with these accounts.

(D)

Information regarding Late Payment of Service and Returned Check Charge is available at Fidelity's website:

[www.fidelitycommunications.com](http://www.fidelitycommunications.com)

(D) (N)

28. PAY BY PHONE CONVENIENCE FEE

Information regarding Pay by Phone Convenience Fee is available at Fidelity's website:

[www.fidelitycommunications.com](http://www.fidelitycommunications.com)

(D) (N)

29. BILL REPRINT SERVICE

Bills from the Company may be requested to be reprinted on an exception basis. A service charge of \$5.00 will be added per request. This fee will be waived if the customer requests the bill within 30 days of the issuance of the original bill or find a discrepancy in the Company billing.

30. LINE TRAP SERVICE

Line trap service provides the capability of capturing and recording the telephone number of the calling party for each local telephone call to the customer's telephone number. Information relating to the calling party's number and the time of the call is captured by telephone company switching equipment and is provided to a local law enforcement agency. Line traps will not be installed unless requested by the customer or by a law enforcement agency of the local, state, or federal government. Results of the line trap will only be disclosed to appropriate law enforcement agencies in accordance with applicable law. A trap will be established for a maximum period of fifteen days after which it will be removed unless requested by the customer to remain. One free trap per year will be established for a customer. If the customer requests an extension of the trap beyond the fifteen day period or if the customer requests a new trap within one year of requesting the initial trap, a charge of \$10.00 will apply for each fifteen day period or portion thereof.

GENERAL EXCHANGE SERVICES

30. DIRECTORY LISTINGS (Cont'd)\*

C. CONDITIONS (Cont'd)

1. (Continued)

c. An additional listing reversing the order of the individual's given names in b. above, may be provided at the rates for additional listings, shown in B. Rates above.

d. An additional listing may include the same address and telephone number as the primary listing, except that a different address may be shown for off-premises access lines located on other premises occupied solely by the customer.

1) Additional listings may be furnished with business or residence service for persons who occupy the same premises at the rates shown above. (See "Joint-User Service").

e. Nonpublished service is the omission of a customer's listing from both the telephone directory and directory assistance records.

1) When nonpublished service is to be furnished, the customer will hold the company harmless from any damages which might arise and will absolve the Company from any responsibility for the failure of the customer to receive calls because of the nonpublished listing.

2) The rate for nonpublished service is specified in B. Rates above.

3) The charge will not apply to nonpublished numbers for customers having other listed services.

f. Nonlisted service is the omission of a customer's listing from the telephone directory only. It may be obtained from the directory assistance operator.

1) The charge will not apply to nonlisted numbers for customers having other listed service.

\*Directory Services are competitive services pursuant to §392.361.8 RSMo. 2008.

GENERAL EXCHANGE SERVICES

30. DIRECTORY LISTINGS (Cont'd)\*

C. CONDITIONS (Cont'd)

1. (Continued)

- g. The charge for additional, nonlisted or nonpublished listings begins on the day the directory assistance records are posted.
- h. The length of the contract period for directory listings, where the listing actually appears in the directory, is the directory period. The directory period is from the day on which the directory is distributed to the customers to the day the succeeding directory is distributed to the customer, unless the listing no longer serves the customer because of disconnection, removal, etc., of the service.
- i. Listings will be limited to such information as is necessary for proper identification.
- j. The length of a listing may be limited by the use of abbreviations where the clarity of the listing and the identification of the customer will not be impaired.
- k. The Company may refuse to insert any listing which in its judgment does not facilitate the use of the directory.

\*Directory Services are competitive services pursuant to §392.361.8 RSMo. 2008.

- 11. 700, 900 AND 976 BLOCKING SERVICE

**A. GENERAL**

700, 900 and 976 Blocking Service provides residence and business customers with the ability to block access from a particular network access line to all telephone numbers for which the 700, 900 and 976 NPA must be dialed.

The service is classified as a local exchange telecommunications service.

**B. CONDITIONS**

- 1. The Company's obligation to furnish network facilities for 700, 900 and 976 Blocking Service is dependent upon the availability of suitable facilities. Because of central office and other facility limitations, it may not be possible for the Company to provide all of the services that may be requested.
- 2. 700, 900 and 976 Blocking Service is available only for blocking access to all 700, 900 and 976 NPA telephone numbers from a particular network access line, and not for blocking access to a specific 700, 900 and 976 NPA telephone number.

**C. RATES AND CHARGES**

- 1. The charges as stated in this section are applicable to the initial line blocked and each additional line is subject to an additional charge as follows:

	Nonrecurring Charge
Business, 1st access line	\$10.00
Business, per additional line	4.00
Residence	-

**FILED**

DEC 27 1990

Public Service Commission

- 2. If 700, 900 and 976 Blocking Service are ordered at the same time only one Nonrecurring Charge applies.

12. Service Restrictions

NOV 19 1997

12.1 Toll Access Restriction

MO. PUBLIC SERVICE COMM

- A. Toll Access Restriction provides a means of restricting access to the Long Distance Message Telecommunications Network. Three options are available to the customer:
1. Restriction of 1+ calls only.
  2. Restriction of 1+ calls and 0+ and 0- (operator handled) calls, except 8XX IN-WATS.
  3. Restriction of 1+, 0+, 0- and 8XX IN-WATS where facilities allow.
- B. Restriction of 0+ and 0- operator handled calls prevents the customer from dialing a long distance telephone number or telephone operator for any purpose including for emergency or telephone assistance purposes. The Company shall not be liable to the customer or any third party for any and all claims, losses or damages caused by the restriction to any toll service.
- C. Customers must apply in writing for the establishment of Toll Access Restriction.
- D. The appropriate non-recurring charges will apply to establish service.

## RULES AND REGULATIONS

### LIFELINE SERVICE

#### A. General Regulations

(T)

Lifeline Service is a government benefit program established by the Federal Communications Commission (FCC) and Missouri Public Service Commission (Commission) and is available to qualifying low-income subscribers for certain residential telecommunications services. The terms and conditions of Lifeline service, including monthly discount amounts, are set forth in rules established by the FCC and Commission and available at the Company's office.

In addition, the terms and conditions of Lifeline service are available on the Company's website as follows: <http://www.fidelitycommunications.com/>.

#### Disabled Service

Disabled Service is a government benefit program established by the Missouri Public Service Commission (Commission) as part of the Missouri Universal Service Fund (MoUSF). It is a residential retail service that offers a qualifying disabled customer reduced charges for certain telecommunications services. The terms and conditions of disabled service, including monthly discount amounts, are set forth in rules established by the Commission and available at the Company's office.

In addition, the terms and conditions of Disabled Service are available on the Company's website as follows: <http://www.fidelitycommunications.com/>.

EMERGENCY CONFERENCE SERVICE (L)

FEB 23 1990

A. General

MISSOURI

Emergency Conference Service is furnished <sup>Public Service Commission</sup> for the public safety by means of equipment located in a central office of the Company through which any exchange customer may make an announcement at several exchange stations simultaneously.

B. Rates

1. Automatic Type	Monthly	Installation
	<u>Rate</u>	<u>Charge</u>
Per station	\$1.25	\$25.00
2. Siren Control		
a. Clock	\$2.00	\$ 5.00
b. Push Button	.25	2.00
c. Control Relay	.50	5.00
d. Power Supply	1.00	5.00

C. Conditions

1. This service may be furnished in connection with individual line service, but at the option of the Company. This service may also be furnished to party-line customers when equipment and facilities permit.
2. A contract or agreement for Emergency Conference Service will be for a minimum service period of three (3) years.
3. Equipment, instruments, and lines on the customer's premises, furnished by the Company, shall be and remain the property of the Company whose agents and employees shall have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing equipment, instruments, and lines.
4. The above rates include equipment and telephone number associated with the service, and in addition to rates applicable to the exchange station equipment rates.

DIRECT INWARD DIAL (DID) PBX STATION NUMBERS, TRUNKING, AND  
COMMON EQUIPMENT

RECEIVED

A. GENERAL

FEB 23 1990

1. Direct Inward Dialing (DID) permits incoming dialed calls from the exchange network to reach a specific number within a customer system without the assistance of an attendant.   
*Public Service Commissioner*
2. This service is subject to the availability of existing equipment and facilities. Construction charges will apply if additional equipment or facilities are required in the Central Office to provide this service. When equipment or service of a special type is requested and provided, rates and charges based on the additional costs involved to meet the requirements of each case shall apply.
3. Nondigital Central Offices  
  
The Telephone Company assigns station numbers for DID in blocks of 100 numbers in all nondigital central offices. When additional numbers are required, they will be made available as soon as the Telephone Company has equipment available for this purpose. The Telephone Company cannot guarantee that station numbers will be made available in all cases.
4. Digital Central Offices  
  
The Telephone Company assigns station numbers for DID in blocks of 20 numbers in all digital central offices.
5. Customers to DID shall be responsible for the mechanical or manual interception of calls placed to station lines or numbers not connected for service.
6. The rates and charges specified are in addition to the applicable trunk rate or other rates and charges for other services or facilities with which this service is associated. It is the customer's responsibility to ensure that the CPE selected is compatible to operate with DID service.

RULES AND REGULATIONS  
FOREIGN EXCHANGE SERVICE

I. General Regulations

RECEIVED

MAY 2 1988

MISSOURI

Public Service Commission

A. Foreign exchange service is exchange service furnished to a subscriber from a central office of an exchange other than the one that normally serves the area in which the subscriber is located.

(C)

(C)

B. For the purpose of this tariff, the term, "Foreign Exchange", shall mean the exchange from which the foreign exchange service dial tone is furnished. The term, "Normal Exchange", shall mean the exchange normally serving the area in which the subscriber's premise is located.

(N)

(N)

C. Foreign exchange service does not come within the Telephone Company's general undertaking, nor does the Telephone Company obligate itself to furnish such service generally; but will do so, at its option, where facilities of such a character are available as will permit satisfactory telephone transmission, and where the service is warranted by the circumstances involved.

(T)

D. Foreign exchange service will be furnished to exchanges within the same LATA as the normal exchange.

(N)

E. Foreign exchange service may be provided only in connection with private branch exchange trunk lines, and individual line business or residence service. The service will be furnished only at one location or premises for each channel or circuit.

(N)

F. Where the normal exchange is operated by this Telephone Company, foreign exchange service is furnished only on the condition that the applicant is a subscriber to individual line business or residence service, or private branch exchange service, in the normal exchange, and at the same location where such service is proposed to be installed. Under this condition, when a foreign exchange service subscriber discontinues normal

exchange service, the normal exchange shall immediately notify such foreign exchange subscriber and foreign exchange business office, that the foreign exchange service may be discontinued ten (10) days thereafter.

- G. Where the foreign exchange is operated by another telephone company, foreign exchange service will be provided only when satisfactory arrangements can be negotiated with such company to furnish a portion of the necessary facilities.
- H. Foreign exchange service will be furnished at the rates outlined hereafter, provided the necessary facilities and equipment are available. Where the facilities and/or equipment are not available, and extraordinary facility costs, equipment costs, special operating expenses, and/or other special considerations are incurred in making such service available, the subscriber may be required to pay an additional charge to cover all or a portion of such unusual expenses, or be required to contract for service beyond the initial period, or both.
- I. No off premise extensions will be furnished in connection with foreign exchange service.
- J. The use of the service is limited to the subscriber and his employees for business purposes, and in the case of residence service, to the members of his immediate household. Foreign exchange service calls will be further limited to calls within the local calling area (including any EAS locations) of the foreign exchange. If any subscriber to this service is found to be transferring or transmitting messages for parties other than authorized above, in the normal exchange area, and/or making toll calls through the foreign exchange, such subscriber and foreign exchange business office shall be notified that the practice must be discontinued or the foreign exchange service may be terminated ten (10) days after the date of such notice.

FOREIGN EXCHANGE SERVICE

FOREIGN EXCHANGE SERVICE (Contd.)

2. Rates

- A. Rates for foreign exchange service will include rates for local service at the foreign exchange, rates for private line service from the foreign exchange to the subscriber location in the normal exchange, and supplemental charges as outlined below.
- B. The charge for local service at the foreign exchange is the established monthly service rate, and non-recurring service connection charge of the foreign exchange for the grade of service (individual line business or residence, or PBX and PABX trunks) with which the foreign exchange service is to be associated.
- C. The charges for private line service from the foreign exchange to the subscriber location in the normal exchange will be as follows:
  - 1. For private line facilities provided by this Telephone Company, the rates outlined in this Telephone Company's private line tariff will apply.
  - 2. Where all or a portion of the private line facilities are furnished by another telephone company, charges for those facilities shall apply as specified in the regulations of such participating company.

1.1 INSTALLATION OF TELEPHONE LINES WITHIN THE DIVISION (1), TELEPHONE LINES CONSTRUCTED, INSTALLED AND OWNED BY UTILITIES IN SUBDIVISIONS SHALL BE INSTALLED UNDERGROUND.

1.1.1 The following definitions are used in this section of the tariff:

**APPLICANT:** The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.

**BUILDING:** A single structure roofed and enclosed within exterior walls, built for permanent use, erected, framed of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (Definition excludes mobile home).

**SUBDIVISION:** A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

1.1.2 The Telephone Company upon receipt of the applicant's proper application will install an underground telephone system with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. **JUN 5 1973**

(1) This section is filed pursuant to and as required by the Commission General Order #55, ordered in Case 17519, effective January 23, 1973.

provision of the underground telephone system will be provided at no charge except where a charge is permitted under Paragraphs 1.1.4 and 1.1.6 of this section of the Tariff. Temporary service is provided under Paragraph 1.1.5 of this section of the Tariff.

1.1.3

**RIGHTS-OF-WAY AND EASEMENTS**

A. Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain underground telephone lines only along public streets, roads, and highways which the Telephone Company has the legal right to occupy, and on public lands and private property across which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company.

B. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, must be furnished by the applicant in reasonable time to meet construction and service requirements before the Telephone Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps, and other obstructions and graded to within six inches of final grade, by applicant, at no charge to the Telephone Company. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

B. Where it is necessary to place temporary facilities in advance of the permanent underground telephone system in order to provide telephone service, the Telephone Company may require the applicant to pay the estimated non-recoverable costs of the temporary facilities. If the required costs under the above described conditions apply, the Telephone Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Telephone Company.

1.1.6 SPECIAL CONDITIONS

- A. In circumstances, where the application of these rules appears impracticable or unjust to applicant or the Telephone Company, or discriminatory to other customers, e.g., difficult rock conditions, the Telephone Company or applicant shall refer the matter to the Missouri Public Service Commission for special ruling or for the approval of special conditions which may be mutually agreed upon prior to commencing construction.
- B. In the event of a conflict between this tariff and the company's existing tariffs, then the provisions of this tariff will apply.

SMARTFEATURES SERVICES

RECEIVED

JAN 15 1997

A. General Regulations

SmartFeatures Services are optional telephone services individually described in these services allow customers to efficiently manage the call flow generated by their Missouri Public Service Commission Access Line(s). SmartFeatures Services are subject to the availability of facilities and compatibility with central office equipment, customer access line and premises equipment. SmartFeatures Services will be furnished only at locations where adequate and suitable facilities are available to residential and business customers, excluding some multi-line hunting arrangements. SmartFeatures Services are not available to customers having Payphone service, Mobile, Remote Switching System WATS, Centrex telephone services and trunk facilities associated with Direct Inward Dialing. When multiple services are activated on the same line, certain services may take precedence over others.

B. Service Descriptions

1. Call Forwarding - Enables customer to redirect all incoming calls to another telephone number within the exchange or on the Long Distance Telecommunications Network. The Call Forwarding customer is responsible for payment of all charges (e.g., toll charges) for each call between his Call Forwarding-equipped telephone and the telephone to which the call is being forwarded. This service uses a courtesy call to notify a party at the "forward to number" that the customer will be forwarding calls to their number.
2. Call Forwarding with Remote Activation - Provides a customer that also subscribes to Call Forwarding service the ability to activate, deactivate or change the Call Forwarding feature from a remote location by dialing a Telephone company-provided remote access number. This feature can only be activated by using a touch tone telephone. Any charges incurred in accessing remote number will be billed as appropriate.
3. Call Forwarding/Busy Line - Allows incoming calls that encounter a busy condition to be automatically forwarded to a predesignated telephone number with the exchange, the Long distance Telecommunications Network or to Voice Mail service. The Call Forwarding customer is responsible for the payment of all charges (e.g., toll charges) for each call between the Call Forwarding equipped telephone line and the line to which the call is being forwarded.

**B. Service Descriptions (Cont'd)**

4. Call Forwarding/Don't Answer - Allows incoming calls which are not answered after a predetermined number of rings to be automatically forwarded to a predesignated telephone number within the exchange, the Long Distance Telecommunications Network or to Voice Mail service. The Call Forwarding customer is responsible for the payment of charges (e.g., toll charges) for each call between the Call Forwarding equipped telephone line and the line to which the call is being forwarded.
  
5. Call Forwarding/Busy Line/Don't Answer - Allows incoming calls that encounter a busy condition or are not answered after a predetermined number of rings to be automatically forwarded to a predesignated telephone number within the exchange, the Long Distance Telecommunications Network or Voice Mail service. The Call Forwarding customer is responsible for all charges (e.g., toll charges) for each call between the Call Forwarding equipped telephone line and the line to which the call is being forwarded.
  
6. Remote Call Forwarding – Automatically redirects, all incoming calls placed to a designated telephone number, to a predesignated number within the exchange or on the Long Distance Telecommunications Networks. The Remote Call Forwarding customer is responsible for the payment of all charges (e.g., toll charges) for each call between his Remote Call Forwarding number and the telephone to which the call is being forwarded.
  
- 6.a. Call Transfer allows an end-user to transfer an incoming call to any telephone number that can be directly dialed, including long distance, and hang up without disconnecting the call. The end-user that transfers the call is responsible for applicable toll charges incurred from the time the original call is transferred to the third party. (N)  
 |  
 (N)
  
7. Selective Call Forwarding – Enables the customer to forward incoming calls from preselected telephone numbers to another telephone number. The customer can construct or modify a telephone number screening list by dialing an activation code. The Telephone Company equipment will screen incoming calls against the customer's list and forward only those telephone numbers on the list. Selective Call Forwarding customers are responsible for the payment of charges (e.g., toll charges) for each call between their line and the telephone numbers to which the call is being forwarded.
  
8. Call Waiting – Alerts a customer using his telephone that another caller is trying to reach him. Call Waiting customers may deactivate Call Waiting for the duration of one call by dialing a code. Call Waiting is automatically reactivated for the next originating or terminating call.

Public Service Commission

9. Multi-Distinctive Ring - Allows a customer to establish up to four telephone numbers on the same local exchange access line and distinguish calls to each number by a distinctive ring. The billing telephone number is called the Primary Number and additional associated telephone numbers are called Distinctive Ring Numbers (DRN). A customer may subscribe to a maximum of three Distinctive Ring Numbers. The standard ringing pattern is provided for the Primary Number. Distinctive ringing is provided for each Distinctive Ring Number.
  - a. The Primary number is the telephone number associated with the access line and therefore is allowed direct-dialed Directory Assistance calls in accordance with the Directory Services Section of this Tariff. No additional call allowances are provided with Personalized Ring.
  - b. One directory listing is provided for each telephone number associated with Distinctive Ring Service. Additional listing rates shown in the Directory Listings section of this Tariff apply to primary and Distinctive Ring numbers. NonListed Service and NonPublished Service is available for all telephone numbers associated with Distinctive Ring.
  - c. Some customer provided terminal equipment may not recognize the distinctive ringing patterns associated with this service.
  - d. Multi-Distinctive Ring customers who subscribe to Call Forwarding can choose one of two forwarding arrangements. The first arrangement forwards the Distinctive Ring number(s) along with the Primary number when it is forwarded. The second arrangement provides no forwarding of the Distinctive Ring numbers(s). A forwarding arrangement must be selected at the time Multi-Distinctive Ring is ordered. If a customer later requests a change in forwarding, the Multi-Distinctive Ring Service installation charge will apply.
  - e. If a number change is requested by the customer, for a Distinctive Ring number, the Distinctive Ring Service installation charge will apply.

**SMARTFEATURES SERVICES****B. Service Descriptions (Cont'd)**

10. Three-Way Calling – Enables a customer to add a third party to an existing call without operator assistance, thereby establishing a three-way conversation.
- 10.a. Six-Way Calling enables a customer to establish a multi-party conference (up to 6 participants) without the aid of an operator. Conferences are initiated via dialed access code. Additional parties (up to 5) are then added by dialing their telephone numbers. The initiating caller is responsible for all appropriate toll charges. (N)
11. Speed Calling – Enables a customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. The 8-code capacity and/or the 30-code capacity may be provided on the same line; however, duplicate code capacities may not be provided. The combination of code capacities is not available on multi-line hunting lines.
12. Automatic Callback – Enables the customer to automatically redial the telephone number of the last incoming call whether the call was answered or not. If that telephone number is busy, the Telephone Company's equipment begins a queuing process, where it will keep trying to call the number being redialed for up to thirty minutes. When the line becomes available the Automatic Callback subscriber is notified by a distinctive ring. When the subscriber picks up the telephone, the call is automatically placed.
13. Automatic Redial – Enables the customer to automatically redial the telephone number of the last outgoing telephone number. If the redialed number is busy, the Telephone Company's equipment begins a queuing process, where it will keep trying to call the number being redialed for up to thirty minutes. When the line becomes available the Automatic Redial subscriber is notified by a distinctive ring. When the subscriber picks up the telephone, the call is automatically placed.
14. Basic Home Intercom Service – Allows customers with an individual residence or business line to provide an intercom system between their telephones. This is accomplished by the customer dialing his/her own number and hanging up the receiver. All telephone numbers at that number will then ring and when one of the other telephone numbers goes off-hook, the initiator of the call can go off-hook and engage in conversation.

Enhanced Home Intercom Service – Enables single line customers to set up internal (intercom) communications between multiple telephone extensions. The customer establishes intercom calls by dialing a code and hanging up the telephone handset. The code activates distinctive ringing to alert intercom users of an intercom call.

SMARTFEATURES SERVICES  
REC'D JUL 30 2002

B. Service Descriptions (Cont'd)

**Service Commission**

14. Basic Home Intercom Service (Cont'd)

- a. If Home Intercom Service and Call Waiting are on the same line, the Call Waiting feature is deactivated for the duration of the intercom connection. During this time, any incoming call will receive a busy signal.
- b. Some customer-provided terminal equipment may not recognize the distinctive ringing patterns associated with this service.

15. Hot Line-Automatically routes the customer's telephone to a predetermined trunk or telephone number when the handset is removed. The Hot Line is routed immediately after picking up the handset.

16. Caller ID Service – Caller ID Service is the general category of the following services which assist customers in the management of incoming calls:

- a. Calling Number Delivery-allows the subscriber, with the use of a display phone or adjunct display device, to view the directory number of an incoming call before answering. During the time the incoming call is placed, the calling number is forwarded from the Telephone Company, to a compatible Customer Premises Equipment (CPE) Display Unit associated with the customer's local exchange service. The calling telephone number is then delivered to the display device during the first silent interval of ringing.
- b. Calling Number Delivery-allows the subscriber, with the use of a display phone or adjunct display device, to view the name and number of the calling party. During the time the incoming call is placed, the calling name and number are forwarded from the Telephone Company, to a compatible Customer Premises Equipment (CPE) Display Unit associated with the customer's local exchange service. The caller name and number are then delivered to the display device during the first silent interval of ringing.

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company, at its discretion, may abbreviate or limit that name for display purposes. The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions, or mistakes. The Company's sole and only obligation shall be to correct errors in names when notified in writing of such errors.

The calling telephone name and number is not available from calls made from most cellular phones or units and currently from some interexchange carriers and other local exchange carrier calls. The calling name and number are also not available when incoming calls have been handled by an operator or charged to credit cards. Name and number delivery for calls originated from a PBX will display the main PBX name and number only.

SMARTFEATURES SERVICE

B. Service Descriptions (Cont'd)

16. Caller ID Service (Cont'd)

- c. Caller ID Blocking – Any subscriber may prevent the delivery of their telephone number and/or calling name to the called party by dialing an access code (\*67 on their Touch-Tone pad or 1167 from a rotary telephone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge.

If the calling party activates blocking, the name and/or number will not be transmitted across the line to the called party. Instead, Caller ID customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and/or telephone number.

Per line blocking for the delivery of the calling name and/or number is available upon request, at no charge, to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the residences of employees/volunteers, where an executive officer of the agency registers with the Telephone Company a need for blocking: (a) private, nonprofit, tax-exempt, domestic violence intervention agencies and (b) federal, state and local law enforcement agencies.

Per line blocking for the delivery of the calling name and/or number is available upon request to all others at the rate specified on sheet 28.7 of this tariff.

(N)  
|  
(N)

Line blocking customers can unblock their calling name and/or number information on a call basis, at no charge, by dialing an access code (\*82 on their Touch-Tone pad or 1182 from a rotary phone).

- d. Caller ID Service is not available with distinctive ringing services having a silent interval length insufficient for calling name and/or number transmission. Caller ID Service is not capable of identifying specific stations or extensions served by CPE. The main directory number will be displayed.

B. Service Descriptions (Cont'd)

MISSOURI  
Public Service Commission

16. Caller ID Service (Cont'd)

- e. Caller ID Service information may not be sold or given to another party without the caller's consent. Calling name and number information may only be used for: (a) routing or completion of calls, (b) billing of calls, (c) account management purposes, (d) services directly related to the call or transaction, (e) verification of calling party identity and (f) marketing products or services that are directly related to those previously acquired by the customer from the name and number delivery services subscriber. This applies if the name and number delivery service subscriber has an existing relationship with the customer. Caller ID customers failing to comply with any of these conditions will have their service terminated.
- f. In addition to the other provisions specified in this section, Fidelity Telephone Company shall not be liable for any claims for damages caused or claimed to have been caused, directly or indirectly, by the transmission to a Caller ID customer of a name or telephone number which the calling party or the Caller ID customer finds erroneous, offensive, embarrassing, or misleading for any reason, including but not limited to the way in which the calling party's name has been abbreviated.

17. Selective Call Acceptance - Enables the customer to selectively accept incoming calls, through a predesignated list of telephone numbers. All incoming calls not on the customer's Selective Call Acceptance list will be forwarded to a Telephone Company announcement, informing the caller that the customer is not receiving calls at this time. If the customer has a call forwarding feature, these screened calls may be forwarded to another telephone number or to a voice mail system.

18. Selective Call Rejection - Enables the customer to reject calls from preselected telephone numbers and/or the last incoming call (without knowing the number). To reject specified telephone numbers, the customer builds a screening list. To block an unknown number after receiving a call, the customer enters a code to add the number to their screening list. If facilities are unavailable to provide incoming call screening via the customer's list, standard call completion will occur. Callers whose telephone numbers are blocked are directed to a Telephone Company recorded announcement that informs them that the customer is not receiving calls at this time.

SMARTFEATURES SERVICES

B. Service Descriptions (Cont'd)

- 19. Selective Distinctive Alert-Provides the customer with a distinctive ring and Call Waiting tone (if the customer has subscribed to Call Waiting), when the customer is called from preselected telephone numbers. The customer can construct or modify the telephone number screening list by dialing a unique code. The Telephone Company's equipment will screen incoming calls against the screening list and provide a distinctive ring for telephone numbers on the list.
- 20. Customer Originated Trace-Enables the customer to initiate an automatic trace of the last incoming call received, regardless of the time lapse since that call, providing there have been no intervening outgoing calls. This service is activated by the customer dialing an access code. If a trace is successful, the Telephone Company's equipment will record the incoming call detail (not the conversation). The results of the trace will not be provided to the customer directly. For further action to be taken, the customer should follow the instructions received after successful trace activation.
- 21. Unidentified Call Rejection-Enables the Customer the ability to automatically reject calls if the calling number has been marked private. The customer will only receive calls for which the identity of the calling party is available. If facilities are unavailable to provide incoming call screening, standard call completion will occur. Callers whose numbers have been marked private will be directed to Telephone Company equipment which announces that the called party is not accepting calls from parties with private numbers. The called party is not alerted when calls are directed to the Telephone Company announcement.
- 22. Call Forwarding variable Feature Button – Allows calls attempting to terminate to a Directory Number (DN) to be redirected to another DN without regard to the busy/idle status of the called DN. The subscriber is only required to activate and deactivate the forwarding function, the forward-to DN is preset in the switch when the feature is assigned. The preset DN is changeable via dialed access code. The Call Forwarding Variable Feature Button is activated and deactivated by use of a dialed access code.
- 23. Shared Call Appearance – Lets you have a phone that shows other people's numbers and lets you answer their line. (N)  
(N)

C. Rates

Service charges may apply. Additional service charges do not apply when establishing basic local exchange service or when adding SmartFeatures Services within ninety days of the date when these services first become available in an exchange. The charges below are per line.

**D. Conditions**

1. The Call Forwarding, Selective Call Forwarding, Call Forwarding-Busy Line, Call Forwarding -Don't Answer and Call Forwarding - Busy Line/Don't Answer features are offered for use with two-way PBX trunks, subject to the following limitations:
  - a. May be provided when compatible with the equipment configuration at the customer's premises.
  - b. Available only with two types of hunting arrangements, multi-line and series completion, subject to limitations of these hunting arrangements.
  
2. When the Three-Way Calling, Call Forwarding, Call Forwarding-Busy Line, Call Forwarding - Don't Answer and Call Forwarding -Busy Line/Don't Answer or Selective Call Forwarding are activated, the transmission may vary depending on the distance and routing necessary; therefore, transmissions may not meet normal standards.
  
3. The following features only apply to calls within the same central office and across central offices that have Signaling System 7 (SS7) connectivity: Selective Call Forwarding, Automatic Callback, Automatic Redial, Caller ID, Customer Originated Trace, Selective Call Acceptance, Selective Call Rejection, Selective Distinctive Alerting.
  
4. In addition to the provisions of the General Exchange Tariff, Section , the Telephone Company shall not be liable for any loss or damages arising out of error, interruptions, defects, failure or malfunctions of SmartFeatures Services or equipment. Damages arising out of such interruptions, defects, failures, or malfunctions of the services after the Telephone Company has been notified, and has had reasonable time for repair, shall in no event exceed an amount equivalent to the charges made for the service affected for the period following notice from the customer until service is restored.
  
5. When multiple services are activated on the same line, certain services may take precedence over others.

OPERATOR SERVICES\*

BUSY VERIFICATION SERVICE

A. GENERAL

1. Busy Verification Service is furnished to customers upon request to provide Line Status or Busy Interrupt for a requested line or trunk.
2. This service is provided where facilities exist for Line Status of Busy Interrupt through a Telephone Company operator.
3. The provision of Line Status involves an operator determining the condition of a line or trunk that a customer requests to be checked. The status of this line or trunk is verified to the customer for a charge as listed below.
4. The provisions of Busy Interrupt involve an operator interrupting a line or trunk that a customer requests to be checked. Information concerning the Busy Interrupt to this line or trunk is passed to the customer for a charge as listed below.
5. No request will be processed on a collect or reversal of charge basis.

B. CHARGES

The charges listed below are in addition to the rates and charges associated with local or Long Distance Message Telecommunications Service.

1.	Per Request	Charge
	(a) Line Status	\$1.50
	(b) Busy Interrupt	1.75

No charge will apply if the line situation indicates a trouble condition. No charge applies when the request is identified as an emergency request by the customer and originates from or to emergency agencies, such as 911 service, police, fire, rescue or ambulance.

(D)

\*Operator Services are competitive services pursuant to §392.361.8 RSMo. 2008.

OPERATOR SERVICES

Directory Assistance Service\*

A. GENERAL

1. Directory Assistance Service is defined as furnishing aid in obtaining telephone numbers. The Directory Assistance charges specified in this tariff apply when a customer requests the telephone number of another customer(s) within the Home Numbering Plan Area (HNPA) or within their local calling area. Directory assistance call completion charges apply when the directory assistance operator automatically completes the call to the requested number at the customer's option.

(N)  
 |  
 (N)

2. Rates and charges do not apply to the following:

- Calls placed from mobile/marine, public and semi-public telephones.
- Calls placed from hotels and motels which provide telephone service in rooms occupied by the transient public.
- Calls placed to directory assistance by the operator in connection with operator handled long distance calls.
- Calls placed from customers whose physical, visual, mental or reading handicaps prevent them from using the telephone directory.

3. A maximum of two (2) telephone numbers may be requested per call to a directory assistance attendant.

B. RATES

	Per Call	
1. 555-1212	\$ .75	(I)
2. 411 calls	\$ .75	(I)

ENHANCED BUSINESS SERVICES

RECEIVED

FEB 10 1989

A. GENERAL

MISSOURI

1. Enhanced Business Services (EBS) is a service offering enhanced features on Business One Party Touch Tone Local Exchange Service. The service is limited to customers with a minimum of two access lines.

B. CONDITIONS

1. Enhanced Business Services is offered in two different versions:
  - a. EBS I - offered to customers with 2 - 6 lines.
  - b. EBS II - offered to customers with 2 - 500 lines.
2. Customer premise equipment must be compatible with the services and equipment provided by the Company.
3. The minimum charge for Enhanced Business Services shall be one month.
4. Touch tone service is necessary in order to have the Enhanced Business Services features. Touch tone service is provided at the rates specified elsewhere in this tariff.
5. Any combination of Enhanced Business Services features listed in paragraph C. may be added to access lines with an EBS group with the following exceptions:
  - a. Call Waiting and Busy Call Forward are mutually exclusive. Both services can not be available on the same line.
  - b. Enhanced Business Services features can only be added in accordance with the availability identified for each feature for the particular EBS service subscribed to (i.e. EBS-I or EBS-II).
  - c. Abbreviated Dialing Features have the following limitations:

B. CONDITIONS (Continued)

MISSOURI

Public Service Commission

- 1. Long Speed Calling and Short Speed Calling are mutually exclusive for a given EBS line. Only one of the two services can be subscribed to.
- 2. Long Speed Calling and Group Speed Calling or Convenience Calling are mutually exclusive for a given EBS line. Only one of these services can be subscribed to. However, Group Speed Calling or Convenience Calling and Short Speed Calling can be subscribed to simultaneously.

C. DESCRIPTION OF SERVICE FEATURES

1. Basic Features

- a. Direct Inward Dialing(EBS-I/EBS-II) - Calls to individual EBS lines may be dialed directly to the line from an outside line.
- b. Direct Outward Dialing:
  - 1. EBS-I - Calls to outside lines may be dialed using the standard calling sequence.
  - 2. EBS-II - Calls to outside lines may be dialed by dialing 9 and the standard calling sequence.
- c. Station to Station Dialing(EBS-II) - This feature allows an EBS subscriber to complete a call to other lines within the same EBS group by dialing the last one to four digits of the line number. The EBS customer selects the number of digits to be dialed.

2. Add-on Features

- a. Busy Transfer(EBS-I/EBS-II) - Allows calls routed to a busy station to be rerouted automatically to another station within the group.
- b. Call Forwarding(EBS-I/EBS-II) - When activated all, incoming calls to the line are forwarded to another preselected line.

C. DESCRIPTION OF SERVICE FEATURES (Continued)

MISSOURI  
Public Service Commission

- c. Call Hold(EBS-I/EBS-II) - This feature allows an EBS subscriber to place an established call on hold freeing the subscriber's line to originate another call, use call pickup, retrieve a waiting call, or return to a previously held call.
- d. Call Pickup(EBS-I) - Allows the EBS-I subscriber to answer any ringing phone within the group by dialing a code.
- e. Call Pickup Group(EBS-II) - This feature allows the EBS-II subscriber to answer a call to an unattended station in the same call pickup group. With EBS-II a customer can establish up to 50 call pickup groups within the subscriber's total call group. Each EBS line can belong to only one call pickup group and can only answer calls to other lines within that pickup group.
- f. Call Transfer(EBS-I/EBS-II) - Allows a subscriber to transfer a call to another line either within or outside the EBS customer group.
- g. Call Waiting(EBS-I/EBS-II) - Alerts a subscriber who is using his EBS line that another call is waiting. Audible ringback is returned to the calling party instead of a busy tone. This feature also allows the subscriber to dial a code before placing a call to cancel Call Waiting for the duration of that call. Once the call has been terminated the Call Waiting feature is automatically reactivated.
- h. Directory Number Hunt(EBS-I/EBS-II) - Permits incoming calls to be switched to an idle line based upon a predesignated hunting sequence.

C. DESCRIPTION OF SERVICE FEATURES (Continued)

MISSOURI  
Public Service Commission

- i. Distinctive Ringing(EBS-I/EBS-II) - Provides the subscriber with different ringing patterns for calls originating inside or outside the EBS customer group. In addition a different signal is provided on Call Waiting, if the customer subscribes, for calls originating inside or outside the EBS customer group.
- j. Don't Answer Transfer(EBS-I/EBS-II) - Automatically transfers terminating calls encountering no answer to a predesignated line within the group if the call is not answered within a preselected number (two to ten) of ring cycles.
- k. Intercom(EBS-I) - Allows the subscriber to EBS-I to dial other lines in the EBS group, by dialing the pound sign (#) and a single digit.
- l. Restricted Station Options(EBS-I/EBS-II) - Allows the EBS subscriber to predesignate limitations on incoming and outgoing calls to/from an EBS line. Incoming calls may be restricted to calls from the EBS group. Each EBS line may have two different levels of outgoing restrictions. Outgoing restrictions might include EBS group only, local calling only, intraLATA calling only, or interLATA calling only, for example. Limitations may apply and specific restrictions desired must be discussed with the Telephone Company. Each requested restriction is counted as a separate basic feature.
- m. Three Way Conference Calling(EBS-I/EBS-II) - This feature allows an EBS subscriber to form a three-way conference call with two other parties, located either within or outside the EBS group.

C. DESCRIPTION OF SERVICE FEATURES (Continued)

MISSOURI  
Public Service Commission

3. Abbreviated Dialing Features

- a. Convenience Dialing(EBS-I) - This feature allows an EBS-I group to use a Convenience Dialing List which associates each of 30 frequently called numbers (up to 15 digits each) with a two digit code. These numbers can be dialed by dialing an asterisk (\*) and the two digit code.
- b. Group Speed Calling(EBS-II) - This feature allows the EBS-II customer to assign the access lines in his total group to up to 20 speed calling groups. Each user within a group can then use the Group Speed Calling List for that group which associates each of 30 frequently called numbers (up to 15 digits each) with a two digit code. The frequently called numbers can be dialed by dialing an asterisk (\*) and the two digit code.
- c. Short Speed Calling(EBS-I/EBS-II) - This feature allows any individual line of an EBS customer to establish a speed calling list of eight frequently used numbers (up to 15 digits each) with a single digit index code. The subscriber can then dial these frequently called numbers by dialing an access code (usually \*74) and the index code.
- d. Long Speed Calling(EBS-I/EBS-II) - This feature allows any individual line of an EBS customer to establish a speed calling list of thirty frequently used numbers (up to 15 digits each) with a two digit index code. The subscriber can then dial these frequently called numbers by dialing an access code (usually \*74) and the index code.
- e. See paragraph B(5)c above for restrictions related to Abbreviated Dialing Features.

PAYPHONE SERVICE

+

A. General Regulations

JAN 15 1997

+

1. Payphone Service includes lines to which coin, coinless, card reader or coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

**PAYPHONE SERVICE**

**FEB 16 1999**

A. General Regulations (Cont'd)

10. Installation Charges and the appropriate NID material charge apply when a premises visit is made for the sole purpose of installing a customer requested NID. **MO. PUBLIC SERVICE COMM**
11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extension are not permitted.
13. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines. **D**

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible for complying with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.

PAYPHONE SERVICE

RECEIVED

+

B. Responsibility of the Customer (Cont'd)

JAN 15 1997

+

3. The customer shall be responsible for the payment of charges for all local and toll messages originating from or accepted at this type of service, including any Directory Assistance Calls.
4. The customer shall be responsible for obtaining a Certificate of Service Authority (CSA) to provide Payphone Service and for providing proof of said authority prior to installation of service.
5. Customers who elect not to subscribe to Selective Class of Call Screening will be fully responsible for all calls billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such charges. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.
6. Any federal, state, or local taxes on the Customer Owned Pay Telephone or calls made from that phone are the responsibility of the customer.
7. The customer shall not program or cause to be programmed any such telephone used in connection with this service to limit the duration of a local message.

MISSOURI  
Public Service Commission

C. Violation of Regulations

1. Upon notification from the Company that the customer-provided equipment or inside wire is causing or is likely to cause harm, the customer shall make such change as is necessary to remove such harm. Failure to make such change will result in the disconnection of service until such change is completed to the satisfaction of the Company.

C. Violation of Regulations (Cont'd)

JAN 15 1997

2. The customer may be required, as a condition of service, to pay in full all sums due the Company including, but not limited, customer activity charges, telephone charges, minimum charges, and reimbursement for loss or damage to Company facilities as may apply

D. Instrument Implemented Payphone Service

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. Central Office (CO) Implemented Coin Line

1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
2. Features are additives to the operation of a flat rate access line that provide for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).
3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

PAYPHONE SERVICE

JAN 15 1997

F. Features and Functions

1. Answer Supervision provides signaling on the line notifying the line called party has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

## SPECIAL SERVICE ARRANGEMENTS

DEC 20 1989

## 1. GENERAL

MISSOURI

Public Service Commission

Special Service Arrangements consist of modifications of standard equipment or services offered under this Tariff. They will be furnished, when practicable, by the Telephone Company at charges equivalent to the cost of providing such arrangements if in connection with and not detrimental to any of the services furnished under the Company's tariffs.

## 2. RATES

A. Rates for Special Service Arrangements are equivalent to the costs of furnishing the special arrangement or service.

B. The costs consist of an estimate of the total cost to the Telephone Company in providing the special modification including:

1. Cost of maintenance
2. Cost of operation
3. Depreciation on the estimated cost installed of any facilities used to provide the special modification based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage.
4. Administrative expenses, including taxes on the basis of average charges for these items.
5. Any other item of expense associated with the particular arrangement or service.
6. An amount, computed on the estimated cost installed of the facilities used to provide the special modification, for return on investment.

C. Estimated cost installed mentioned above includes cost of equipment and materials provided or used plus the estimated cost of installing, including engineering, labor, supervision, transportation, rights-of-way and other items which are chargeable to the capital accounts.

D. In computing the rates for special service arrangements, the Telephone Company will, at its option, use one of the following three rate treatments: (1) a recurring monthly rate and termination contract with or without an installation charge; (2) a recurring monthly rate with an installation charge; (3) an installation charge only.

EMERGENCY NUMBER SERVICE (911)

FEB 19 1991

ENHANCED EMERGENCY NUMBER SERVICE (E911)

MISSOURI

Public Service Commission

A. GENERAL

1. Enhanced Emergency Number Service, also referred to as E911 Service, is a telephone exchange communications service whereby a Public Safety Answering Point (PSAP) designated by the customer may receive and answer telephone calls placed by dialing the number 911. It includes the services provided by the lines and equipment associated with the service arrangement, for the answering, transferring, and dispatching of public emergency telephone calls dialed to 911.
2. Equipment used in conjunction with Enhanced 911 Services located at the PSAP is the responsibility of the customer.
3. E911 Service is offered subject to the availability of facilities.
4. The E911 Service customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for emergency police and fire and other services within the telephone central office areas arranged for E911 Service calling.
5. Enhanced 911 Service is available in four elements as follows:
  - a. Dedicated 911 Central Office Circuits - Arranged for incoming use only in conjunction with an E911 Service.
  - b. ANI Spill - Provides for the telephone number of the calling party to be forwarded to the PSAP.
    - (1) ANI Spill does not guarantee the capability of forwarding the number of an off premise; or stations behind business systems will possess the identity of the main billing number.
    - (2) ANI Spill can only be provided with the use of dedicated facilities from the central office serving the end user to the PSAP.

**ENHANCED EMERGENCY NUMBER SERVICE (E911) (cont'd)**

**MISSOURI**

**A. GENERAL (cont'd)**

**Public Service Commission**

5. Enhanced 911 Service is available in four elements as follows: (cont'd)

b. (cont'd)

(3) The PSAP's premises equipment used in conjunction with E911 ANI Spill Service must be reviewed by the Telephone Company to determine the compatibility of the unit with the E911 Service requested.

c. PSAP Data Base Update Service - Provides the PSAP with an initial list, as well as periodic updates, of customer names, telephone numbers, and addresses. Procedures and timing will be mutually agreed upon by the Customer and the Company.

d. Selective Routing Service - Available when an E911 System is served by more than one PSAP or when a central office is split by a political boundary and one of the political areas does not subscribe to 911 Services. This service routes the call to the correct PSAP or to a recording/operator, as appropriate, based on the caller's telephone number. Selective routing is available only in central offices equipped for digital operation.

**B. RULES AND REGULATIONS**

1. This Service is limited to the use of central office telephone number 911 as the universal emergency telephone number. Only one E911 Service will be provided within any government agency's locality.
2. The 911 emergency telephone number is not intended as a total replacement for the telephone service of the various public safety agencies which participate in the use of this number. The public safety agencies will subscribe to other exchange telephone service as provided in this tariff.
3. The Service is furnished to the customer only for the purpose of receiving reports of emergencies by the public.

ENHANCED EMERGENCY NUMBER SERVICE (E911) (cont'd)

MISSOURI  
Public Service Commission

B. RULES AND REGULATIONS

4. E911 Service is a telephone exchange communications service and is arranged for one-way incoming service to an appropriate PSAP.
5. E911 Service is provided solely for the benefit of the customer operating the PSAP; the provision of such service shall not be interpreted, construed, or regarded either expressly or implied, as being for the benefit of, or creating any Company obligation toward, or any right of action on behalf of, any third person or legal entity other than the customer.
6. The Company does not undertake to answer and forward E911 Service calls, but furnishes the use of its facilities to enable the customer's personnel to accept such calls on the customer's designated premises.
7. E911 Service information consisting of the name, address, and telephone numbers of telephone customers whose listings are not published in directories or listed in directory assistance offices is confidential, however, such information may be provided for the purpose of responding to emergency E911 Service calls or as otherwise required.
8. Any party residing within the E911 Service district forfeits the privacy afforded by nonpublished service to the extent that the telephone number and the address associated with the originating station location are furnished to the PSAP.
9. The customer releases, indemnifies, and holds harmless the Company from any and all loss, claims, demands, suits or other action or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person caused, or claimed to have been caused, directly or indirectly by its publication of such number or the disclosing of said number to any person.
10. The Company's entire liability to any person for interruption or failure of E911 Service shall be limited by the terms set forth in this section and other sections of this tariff.

ENHANCED EMERGENCY NUMBER SERVICE (E911) (cont'd)

MISSOURI  
Public Service Commission

B. RULES AND REGULATIONS (cont'd)

11. The customer will have the responsibility to determine whether the system is functioning properly for its use and shall promptly notify the Company in the event the system is not functioning properly.
12. E911 Service will be furnished by the Company to provide at least the same level of service reliability and quality as local exchange telephone service in the exchanges where E911 Service is offered.
13. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
14. Application for E911 Service must be executed in writing by each customer and must be accompanied by satisfactory proof of authorization to provide E911 Service in the exchanges where service is requested. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any E911 Service request.
15. In addition to all other terms and conditions, the following requirements will apply:
  - a. The customer will answer all E911 Service calls on a 24-hour day, seven-day week basis.
  - b. The customer has the responsibility for dispatching the appropriate emergency service within the E911 Service area, or will undertake to transfer all E911 Service calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.

MISSOURI  
Public Service Commission

- c. The customer will develop an appropriate method for responding to calls for nonparticipating agencies which may be directed to an E911 Service PSAP by calling parties.
  - d. The customer will subscribe to a minimum of two dedicated E911 circuits per exchange for adequate handling of incoming E911 Service calls.
  - e. The customer will subscribe to additional local exchange service at the PSAP location for administrative purposes, for placing of out-going calls and for receiving other emergency calls including any which may be relayed by the Telephone Company operators.
16. The Telephone Company will load and establish the initial Data Base into the PSAP customer's equipment from the Company's master list. It will be the responsibility of the PSAP customer to verify and update location and special record information on end-user. Data Base Update Service will be provided to the PSAP customer on a cycle basis. A hard copy of the complete Data Base will be furnished by the Telephone Company to the customer on request for verification of telephone number, name, and address.
17. The customer will agree to release, indemnify, and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing E911 Service hereunder.

B. RULES AND REGULATIONS (cont'd)

SEP 17 1991

18. The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit by a customer or any others, for damages arising out of mistakes, omissions, interruptions, delays or errors, or defects in transmission occurring in the course of furnishing service hereunder, the Company's liability, if any, shall not exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error, or defect in transmission of service occurs and continues. This liability shall be in addition to any amounts that may otherwise be due to the customer under this tariff as an allowance for interruptions. However, any such mistakes, omissions, interruptions, delays, errors, or defects in transmission of service which are caused or contributed to by the negligence or willful act of the customer or authorized user, or which arise from the use of customer provided facilities or equipment shall not result in the imposition of any liability whatsoever upon the Company.

MISSOURI  
Public Service Commission

19. This service does not apply to extensions or other service offerings which reach beyond the jurisdictional boundaries for E911 Service.

C. RATES AND CHARGES

1. The rates and charges for 911 Service will be determined on an individual case basis and will be in the form of Direct Sale Cost, special assembly or lease for PSAP Equipment, non-recurring charges, and recurring monthly charges. Individual features requested by the customer include, but are not limited to, direct sale or lease of PSAP equipment, central office modifications, data base preparation, data base management, trunking and maintenance.
2. Direct Sale or Lease of PSAP equipment shall be on terms mutually agreeable to the Company and the customer.
3. Non-recurring charges for 911 Service will be made to one entity (normally a city or county) based on contracts mutually agreeable to the Company and the customer and tariffed rates.

EMERGENCY NUMBER SERVICE (911)

ENHANCED EMERGENCY NUMBER SERVICE (E911) (Contd.)

C. RATES AND CHARGES (contd.)

4. The monthly rate in addition to the charges in Section C.2 and C.3 above shall be set forth in a mutually agreeable contract.
5. The above rates apply in addition to applicable rates and charges for Private Line and Leased Line services excluding mileage charges. C
6. Service charges apply as specified in other sections of the tariff when applicable.
7. Tie Lines, Private Lines, and Extension Lines

Tie lines, private lines, extension lines and other such lines connecting a PSAP to various agencies such as police, fire, or ambulance service, are provided at established tariff rates for such services and facilities as specified in this and other appropriate tariffs.

8. Special Service Arrangement Charges

If E911 Service requirements cannot be met with regularly offered service arrangements, special arrangements will be furnished, when practical, by the Company at charges designed at least to recover the incremental costs of furnishing such arrangements. These special charges will be applicable to such items as engineering and special program development associated with billing and data base management.

9. Program Development Charges

These charges are applicable to the work necessary to design, develop, test, and maintain any special programming required to support E911 Service, its billing and its data base management. The rate will be designed to at least recover the incremental costs of providing such service.

10. Records Conversion Charges

These charges are applicable to the work necessary to design, review, modify, and maintain any Company customer records keeping systems in order to support E911 Service, its billing and data base management. The rate will be designed to at least recover the incremental costs of providing such service.

EMERGENCY NUMBER SERVICE (911)

ENHANCED EMERGENCY NUMBER SERVICE (E911) (contd.)

C. RATES AND CHARGES (contd.)

11. Changes to Orders

When a customer requests changes for a pending order for the provision of emergency service in writing, the changes will be undertaken if they can be accommodated by the Company personnel and will be billed to the customer at the appropriate hourly charges.

12. Cancellation of Order

Cancellation of the service, in whole or in part, by the customer prior to establishment thereof, will require payment of an amount equal to the costs incurred up to the time of cancellation resulting from the customer's order for service in writing, but not to exceed the total nonrecurring charges. Any cancellation of the service after establishment will require reimbursement to the Company equal to an amount of the unrecovered installation and equipment cost provided to the customer for E-911 services.

13. Trunking Service Rate

The trunking service rate covers the cost of the dedicated facility between central offices. The trunking service charges apply to each trunk ordered. A minimum of two trunks is required on each interoffice route.

Trunking service, per trunk, per month      \$21.00

MISSOURI SCHOOL DISCOUNT PROGRAM

1. A discount from all Missouri intrastate tariffed items may be allowed in connection with service through the Missouri School Discount Program, pursuant to the Video Instructional Development and Educational Opportunity Program, as enacted by the Missouri State Legislature.
2. Upon the customer's request, a discount of Fifty percent (50%) from all Missouri intrastate tariffed items may be allowed to educational institutions within the Company's certificated area, as determined in Paragraph 3., following.
3. An educational institution shall be defined as an accredited public or private school in the State of Missouri. Private schools must be accredited by either the Missouri Chapter of the National Federal or non-Public Schools Accrediting Association, Independent Schools Association of the Central States, North Central Association of Colleges and Schools, and/or the University of Missouri-Columbia. Public schools must be accredited by the Department of Elementary and Secondary Education for the State of Missouri and/or the North Central Association of Colleges and Schools.
4. The qualifying discount will be permitted only where the predominant use is providing educational and instructional programs for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution.
5. The qualifying discount will not apply to any federal, state, county, local taxes, Subscriber Line Charges, E911, taxes, and Relay Missouri Surcharge.
6. In addition to meeting the qualification specified in the preceding Paragraph 3, an eligible customer must sign an affidavit certifying that the qualification is met. The affidavit will be retained on file with the Company.
7. The customer should request to receive the discount on all subsequent additions of eligible services, which are ordered. There will be no additional affidavits required.

**Three-Digit Dialing Service (811)**

## A. General Regulations

1. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System (“SOCS”) for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission (“FCC”) Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tariffed, local calling area based service (the “811 Service”).
2. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
3. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
4. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
5. 811 Service is available from the Company within the Company’s service area only. To provide access to 811 to end users in another company’s service area or to a Competitive Local Exchange Carrier (“CLEC”) end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

## B. Obligations of the SOCS

1. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:
  - a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
  - b. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
  - c. Complete contact information.

Issued: March 9, 2007

Vice President – Regulatory  
64 North Clark Street  
Sullivan, MO 63080

Effective: April 8, 2007

**Three-Digit Dialing Service (811), Cont'd**

2. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
3. Local Calling for Company Subscribers
  - a. The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service (“EAS”), Metropolitan Calling Area (“MCA”) service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
  - b. The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
  - c. The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.

C. Obligations of the Company

1. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
2. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.
3. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
4. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company’s facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company’s facilities are not functioning properly.

D. Liability

1. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.
2. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
3. The Company is not liable for any losses or damages caused by the negligence of the SOCS.
4. The Company shall not be liable to the SOCS for any damages the SOCS may incur that result from any changes, modifications or rulings made by the FCC.
5. The Company will make every effort to route 811 calls to the SOCS call center, however, the Company will not be held responsible for routing mistakes or errors.
6. The 811 Service is provided solely for the benefit of the SOCS. The provision of the 811 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity.

**211 Service for Information and Referral Service**

**A. General Regulations**

1. The 211 Service for Information and Referral Service (211 Service) is a locally assigned three digit abbreviated dialing code provided to an Approved Information and Referral Service Provider for use in making available community information and referral services to the public by way of voice grade facilities. The 211 abbreviated dialing code is available to the Approved Information and Referral Service Provider as a tariffed, local calling area based service (the "211 Service").
2. The 211 Service allows a Company subscriber to access an Approved Information and Referral Service Provider call center by dialing only the 211 abbreviated dialing code. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of their local exchange services. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
3. All 211 abbreviated dialing code calls must be local in nature and must not result in any intraLATA toll, interLATA long distance or pay-per-call charges to Company subscribers.
4. The 211 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 211 Service is otherwise available wherever local service is available.

**B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER**

1. The Approved Information and Referral Service Provider must submit a written application for 211 Service to the Company at the local exchange level. The Approved Information and Referral Service Provider may establish 211 Service in all or part of the Company's local exchanges. There may be only one 211 Service Provider per exchange.
2. The Approved Information and Referral Service Provider's written application to establish 211 Service in Company local exchange must include the following:

Sullivan, MO 63080

Effective: March 26, 2008

**211 Service for Information and Referral Service, (Cont'd)**

**B. Obligations of the Approved Information and Referral Service Provider (Cont'd)**

- a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 211 abbreviated code. If the Approved Information and Referral Service Provider desires to change the telephone number into which the 211 abbreviated dialing code is translated, the Approved Information and Referral Service Provider must pay the Number Change Charge specified in Section F.6.
- b. A location description of the Approved Information and Referral Service Provider call center where 211 calls made from the Company local exchange will be routed.
- c. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 211 Service.
- d. An acknowledgment of the possibility that the Commission's assignment of the 211 abbreviated dialing code may be recalled at any time.
- e. Complete billing and contact information.

**3. Local Calling for Company Subscribers**

- a. The Approved Information and Referral Service Provider, in cooperation with the Company, must assure that all 211 Service calls are local in nature and do not generate intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
- b. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange, the Approved Information and Referral Service Provider must supply the Company with a seven digit telephone number that terminates within the Company local exchange's local calling area or to a toll free number. The Company will translate the 211 digits into the telephone number provided by the Approved Information and Referral Service Provider.
- c. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange and an Approved Information and Referral Service Provider call center is not located within the local exchange's local calling area, then the Approved Information and Referral Service Provider must establish foreign exchange service or supply the Company with a toll free telephone number so that Company subscribers' 211 Service calls do not incur toll charges.

**211 Service for Information and Referral Service, (Cont'd)**

**B. Obligations of the Approved Information and Referral Service Provider (Cont'd)**

4. The Approved Information and Referral Service Provider is liable for and will indemnify, protect, defend and hold harmless the Company against all suits, actions, claims, demands and judgments, plus any expenses and counsel fees incurred by the Company on account thereof, whether suffered, made, instituted or asserted by the Approved Information and Referral Service Provider or any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the Approved Information and Referral Service Provider or others, arising out of or resulting directly or indirectly from the 211 Service.
5. The Approved Information and Referral Service Provider must develop an appropriate method for responding to 211 calls directed to it out of confusion or in error by Company subscribers.
6. The Approved Information and Referral Service Provider must subscribe to termination facilities and lines in sufficient quantities to provide adequate service to the public, and enable the Approved Information and Referral Service Provider to receive calls to the 211 Service during normal business hours.
7. The 211 Service is provided on the condition that the Approved Information and Referral Service Provider subscribes to termination facilities and lines in sufficient quantities to adequately handle calls to the 211 Service without interfering with or impairing any services offered by the Company. There will be one path available for each line to which the 211 Service Provider subscribes.
8. The Approved Information and Referral Service Provider must comply with all present and future state and federal rules pertaining to abbreviated dialing codes.
9. The Approved Information and Referral Service Provider is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 211 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.
10. The Approved Information and Referral Service Provider shall respond promptly to any and all complaints lodged with any regulatory authority against the 211 Service. If requested by the Company, the Approved Information and Referral Service Provider will assist the Company in responding to complaints made to the Company concerning the 211 Service.

**211 Service for Information and Referral Service, (Cont'd)**

**B. Obligations of the Approved Information and Referral Service Provider (Cont'd)**

11. The Approved Information and Referral Service Provider shall not promote the 211 Service with the use of an autodialer or broadcasting of tones that dial the 211 abbreviated dialing code.
12. The 211 Service is only available to end users located in Company local exchanges. To establish 211 calling to end users in non-Company local exchanges, the Approved Information and Referral Service Provider must make appropriate arrangements with the companies serving those local exchanges, even where Company subscribers may make local calls to the non-Company local exchanges.
13. The Approved Information and Referral Service Provider must work separately with competitive local exchange carriers operating and serving customers in the Company's local exchanges to ascertain whether 211 abbreviated dialing will be available to their end users.

**C. Obligations of the Company**

1. The Company will establish the 211 Service within ninety days after receipt of the Approved Information and Referral Service Provider's completed application(s) for service or the effective date of this tariff, whichever is later.
2. When a 211 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 211 Service call, the quality of the call or any features that may otherwise be provided with 211 Service.
3. The Company does not undertake to answer and forward 211 Service calls but furnishes the use of its facilities to enable the Approved Information and Referral Service Provider to respond to such calls at the Approved Information and Referral Service Provider established call centers.
4. The rates charged for 211 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The Approved Information and Referral Service Provider shall make such operational tests as, in the judgment of the Approved Information and Referral Service Provider, are required to determine whether the Company's facilities are functioning properly for its use. The Approved Information and Referral Service Provider shall promptly notify the Company in the event the Company's facilities are not functioning properly.

**211 Service for Information and Referral Service, (Cont'd)**

D. Liability

1. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company, occurring in the course of furnishing 211 Service, or of the Company in failing to maintain proper standards of maintenance and operation, or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the Approved Information and Referral Service Provider for the 211 Service and local exchange services for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
2. The Company is not liable for losses or damages caused by the negligence of the Approved Information and Referral Service Provider.
3. The Company's entire liability to any person for interruption or failure of the 211 Service is limited to the terms set forth in this section and other sections of this Tariff.

E. Other Terms and Conditions

1. The 211 Service will not provide calling number information in real time to the Approved Information and Referral Service Provider. If this type of information is required, the Approved Information and Referral Service Provider must subscribe to compatible Caller ID service as described in the SmartFeatures section of this tariff. The Caller ID service will only provide calling number information as described in the SmartFeatures section of this tariff.
2. The 211 Service is provided for the benefit of the Approved Information and Referral Service Provider. The provision of the 211 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the Approved Information and Referral Service Provider.

**211 Service for Information and Referral Service, (Cont'd)**

E. Other Terms and Conditions (Cont'd)

3. A written notice will be sent to the Approved Information and Referral Service Provider following oral notification when its 211 Service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of abbreviated dialing codes. If after notification the Approved Information and Referral Service Provider makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the Approved Information and Referral Service Provider is unwilling to accept the modifications, or if the Approved Information and Referral Service Provider continues to cause service impairment, the Company reserves the right, at any time, without further notice, to institute protective measures, up to and including termination of service.
4. In an emergency situation as determined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures, up to and including termination of service.

F. Rates and Charges

1. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of both parties' local exchange service. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
2. A nonrecurring Central Office Charge applies for each Company host central office out of which 211 Service is established, as follows:
  - a. When a Company local exchange is served by more than one host central office a Central Office Charge is applicable for each host central office in the Company local exchange.
  - b. If the Approved Information and Referral Service Provider establishes 211 Service in multiple Company local exchanges served by the same host central office, only one Central Office Charge shall apply. However, the full Central Office Charge applies whether or not the Approved Information and Referral Service Provider requests 211 Service in all the Company local exchanges served by that host central office.

**211 Service for Information and Referral Service, (Cont'd)**

F. Rates and Charges (Cont'd)

3. An Exclusion Charge applies in lieu of a Central Office Charge for the establishment of 211 Service as follows:
  - a. When the Approved Information and Referral Service Provider does not simultaneously establish 211 Service in every Company local exchange served by a host central office, the Approved Information and Referral Service Provider shall pay an Exclusion Charge for each Company local exchange served by the host central office where 211 Service is not established.
  - b. When a Company local exchange is once excluded, but the Approved Information and Referral Service Provider later applies to establish 211 Service in the Company local exchange, an Exclusion Charge again applies for each local exchange that continues to be excluded.
  - c. When the Approved Information and Referral Service Provider requests a different telephone number be translated to the 211 abbreviated dialing code in a participating central office than the telephone number translated to the 211 abbreviated dialing code in the host central office.
4. A nonrecurring Number Change Charge applies when the Approved Information and Referral Service Provider changes the telephone number into which the 211 abbreviated dialing code is translated. The Number Change Charge is applied on a per telephone number, per host central office basis.
5. For each telephone number used in the translation of the 211 abbreviated dialing code to the seven or ten digit number provided by the Approved Information and Referral Service Provider the applicable Monthly recurring charges put forth in the Rates section of this tariff will apply (for example, the Business One-Party, Federal Subscriber Line Charge and all applicable taxes and surcharges).

6. Rates

	Nonrecurring Charge
a. Central Office Charge (per host Central Office)	\$ 275.00
b. Exclusion Charge (per Exchange)	\$ 300.00
c. Number Change Charge (per telephone number)	\$ 40.00
