Good morning, Judge Clark.

I'm not sure if you're the right person to forward this to or not. This is an email from one of the customers who testified at Liberty's LPHs in Bolivar.

Please let me know if I need to forward it elsewhere.

Thanks!

PSC Staff;

I recently testified at the public hearing in Bolivar for the Liberty Utilities rate increases. I testified both at the noon hearing and the 6:00 pm hearing. After my testimony at the 6:00 pm hearing, the PSC Commissioners asked me to provide the articles from the local paper that I used to create my testimony. I am providing you with that information knowing that you can get this information to the Commissioners.

The articles from the Bolivar Herald-Free Press are what I used to prepare my testimony comments. I did underline the main points that were relevant to my testimony and made several notes and

calculations. I trust those will not be distracting as you decipher them.

I want to be careful not to assert myself, or the people of Bolivar, in this matter but it has caused a great deal of concern about the way we are being treated by Liberty Utilities. I hope my comments are received in an appropriate manner. Thanks for representing our interests in this case and we wish the best in your continued efforts to make this increase palatable for all.

Best regards;

Bolivar, Missouri
