ORDER GRANTING INTERVENTION

Issue Date: October 4, 2019

Effective Date: October 4, 2019

On September 3, 2019,¹ Union Electric Company d/b/a Ameren Missouri filed its Application for Permission and Approval and a Certificate of Convenience and Necessity (“CCN”) authorizing it to construct solar generation facilities. On September 23, the Missouri Department of Conservation filled an application to intervene. No party has objected to the application, and the Commission will take it unopposed.

Commission Rule 20 CSR 4240.2.075(3) allows the Commission to grant intervention if the proposed intervenor has an interest different from that of the general public, which may be adversely affected by a final order arising from the case; or if granting intervention would serve the public interest. Upon review of the unopposed application, the Commission finds the applicant meets the standard in Commission Rule 20 CSR 4240-2.075(3). Therefore, the Commission will grant the application.

THE COMMISSION ORDERS THAT:

1. The *Application to Intervene* filed by the Missouri Department of Conservation is granted.

¹ All date references are to 2019 unless otherwise indicated.

2. This order shall be effective when issued.
