## USAGE HISTORY

Dear: Phil Criddlebaugh: Chief Financial Officer of KC WATER

I am writing to address my concerns regarding our recent and continued agreement that I assume to be a simple contract. However due to company denial for over a year, suspect has been a trust agreement. Upon further review and consultation with lawful discovery, I have come to realize that misleading and deceptive practices were used to make me believe that I was entering into a contract, when in fact. It appears to have been a trust agreement.

I would like to bring to your attention the importance of distinguishing between a Natural People/natural Living Man **LAWFUL** [person]: Bey, Marquette Lumumba Mugabe-Bill in **EQUITY/EXCLUSIVE EQUITY**, Beneficiary, Creditor, Investor, Agent, Authorize Representative, Consumer and a legal person: **BEY MARQUETTE**, Marquette Bey, **MARQUETTE LUMUMBA MUGABE BEY** In this matter. As a Natural people/Natural living Man [person], I have certain rights/Unalienable rights and obligations that are separate from those of a legal entity, such as a Trust.

I assert that any agreement entered into must be done so with full transparency and disclosure of the nature of the agreement, including whether it is a contract or a Trust agreement. I believe that I was misled into believing that I was entering into a contract, when in reality, it appears that I may have unknowingly become a party to a trust agreement.

In light of this revelation, If it is indeed a Trust agreement that I am the grantor of, I would like to properly express this trust and ensure that all necessary steps are taken to formalize and document the trust in accordance with legal requirements. If you are to continue to state it as a " contract, " I will need full accounting by way of the GAAP of both accounts receivable and accounts payable. This is the only acceptable proof of claim to it being a legally enforceable " contract. "

I have sent you a notice of claim to Interest, with instructions on the Cash-instrument Tendering Payment and supporting laws in writing. There were no discrepancies within 5 to 14 business days indicated after receipt of notice with Cash-instrument. I request that a full review of the agreement be conducted to determine the true nature of the arrangement and to ensure that my rights as a Natural People/Natural Living Man [person] and as the Grantor of the Trust be protected. I also request that any misleading or deceptive practices be rectified and that any necessary actions be taken to address this matter. Then I can assume that the aforesaid instructions have been completed.

I appreciate your prompt attention to this issue and look forward to resolving this matter in a lawful and Equitable manner.

Thank you for your cooperation.

## NOTICE AND WARNING TO UTILITY COMPANIES

**NOTICE & WARNING TO: EVERY/ALL UTILITY COMPANIES FOR EMBEZZLEMENT, THEFT BY DECEPTION & EXTORTION FAILING TO DISCHARGE ALL DEBTS PURSUANT TO 73RD CONGRESS, SESS I, CHS. 48 49, JUNE 5, 6, 1933 HJR 192 HR 1491 PUBLIC LAW 1 48 STAT 1 PUBLIC LAW 10 CHAPTER 48 STAT 112 PUBLIC LAW 73-10 40 STAT 411 TRADING WITH THE ENEMY ACT (TWEA) OCT 6, 1917 but not limited to:**

Since House Joint Resolution 192 (HJR 192) (Public law 7310) was passed in 1933 we have only had debt, because all property and gold was seized by the government as collateral in the bankruptcy of the United States.

In 1863 the first Bank Act was passed. The Office of the Comptroller of the Currency (or OCC) is a US federal agency established by the National Currency Act of 1863 and serves to charter, regulate, and supervise all national banks and the federal branches and agencies of foreign banks in the United States.

The OCC was created by Abraham Lincoln to fund the American Civil War but was later transformed into a regulatory agency to instill confidence in the National Banking system and protect consumers from misleading business practices.

The Lieber Code, or General Order 100 was also created by Abraham Lincoln in 1863.

The National Bank Act (ch. 58, 12 Stat. 665, February 25, 1863) was a United States federal law that established a system of national charters for banks, the United States national banks. It encouraged development of a national currency based on bank holdings of U.S. Treasury securities, the so-called National Bank Notes. It also established the Office of the Comptroller of the Currency (OCC) as part of the Department of the Treasury. This was to establish a national security holding body for the existence of the monetary policy of the state. The Act, together with Abraham Lincoln's issuance of "greenbacks", raised money for the federal government in the American Civil War by enticing banks to buy federal bonds and taxing state bank issued currency out of existence. The law proved defective and was replaced by the National Bank Act of 1864. The money was used to fund the Union army in the fight against the Confederacy. This authorized the OCC to examine and regulate nationally-chartered banks.

The above only partially begins to include the historical records and other Acts of Congress that proves the US bankruptcy of 1933 and that there is no money, only credit that the American people are the Creditors.

All utilities companies knowingly have been sending their (customers) dividends but, in fact, making each recipient believe that dividend was an invoice for services provided by the utilities companies.

The Utilities Companies have mailed through the US Mail an intentional misrepresentation of facts, unfair business practices and each utility company and agents thereof have knowingly with forethought and malice created a fraudulent debt, defrauding the Creditor, that is the recipient of said dividends, that the utilities companies lead the recipient to believe through deception is an invoice.

The utilities companies in turn then extract through extortionate measures payment from the customers instead of the utilities companies informing those same recipients that this dividend is in actuality payment to the recipient as a charged off debt pursuant to the incorporated in entirety documented evidence provided herein.

ALL utility companies have thus created a convertible and fraudulent debt.(see ANALYSIS OF A COUNTRY EMBEZZLED).

Every/all utilities companies have failed to pay off any of the public debt but rather unlawfully redirected ill-gotten gains into private corporate accounts through embezzlement, theft by deception, fraudulent conversion, and in violation to each all incorporated in entirety laws established through and as a result of the US Bankruptcy of 1933, wherein there is no money, only "bank Notes" which are but only a promise to pay.

Thus all debts are to be discharged as agreed, but the utilities companies (and banks) through their greed have not discharged any debt, fraudulently making the utility customer deeper in debt by utilities companies use of "Bank Notes" or "promissory Notes" that the utilities companies add to the public (debt) side of the books rather than discharging the debts as stipulated in Public Laws, House Resolutions, and House Joint Resolutions.

Additionally, the alleged invoices sent to every recipient is a dividend and/or a coupon to the recipient. The utilities companies all know this to be a fact.

The Comptroller of The Currency also knows all of the above to be irrefutable facts, but is acting as a money laundering agency by/for/through/ the privately owned Federal Reserve, in All (50) fifty states of the unions, et al.

The Comptroller of the Currency at County, State, and Federal level all know the incorporated documents and testimony to be true, but have yet to discharge any of the public debt, therefore have misappropriated funds through embezzlement, theft by deception, obtaining money through false pretenses, extortion and other predicate acts since the date of Comptroller of the Currency inception of 1863.

All utility companies, which are private for profit corporations, regardless of location, are knowingly participating in the fraud and Ponzi scheme with the intent to fraudulently convert this and every other country's wealth into private industry accounts by fraudulent conveyance, embezzlement, theft by deception, creating fraudulent debts, Ponzi scheme and fraud through the US Mail, just for starters.

Every judge and every attorney in America, especially those who hold positions with several direct connections into the utilities companies bank accounts and acting as attorneys for the banks, most presumably in all other countries as well, since they all get their instructions from England the same place that all the banks get their instructions through the Comptroller of The Currency headquarters in London England, each knowing the above and incorporated to be true, since they are well versed on the US Bankruptcy of 1933 and that America still remains to date in a state of Emergency and operates under English Law, though that also is supposed to be a well kept secret.

This means there "IS NO MONEY." It further means that since there is no money American's signatures are used as the credit to run this country. That in turn means that it is the American people whom are the Creditors not the Debtors, as the banks and utilities companies would like everyone to believe.

The utilities companies have been operating with this knowledge with intent, forethought and malice to commit the crimes mentioned herein but not limited to.

Due to the facts incorporated herein in entirety, all debts are to be charged off, including but not limited to every alleged utilities invoice, which each/all have actually been a dividend, for which every utilities company embezzled payment through fraud, using extortion and other threats to discontinue service if "Payment is not made."

These alleged invoices were dividends that every utilities company using deceptive business practice lead the public to believe were debts owed, when it is a fact that it is the utilities companies who owe the American public all those fraudulently received ill gotten gains plus the interest, stocks, bonds and other proceeds derived therefrom.

All utilities companies are now put on notice that all debts are to be charged off pursuant to the stipulated and incorporated herein Acts et al.

for discharge of equity interest recovery on that portion of the public debt to its Principals, and Sureties bearing the obligations of THE UNITED STATES. "...31 USC Section 5118(d)(2) provided for many years that a requirement of repayment of debt in a particular kind of coin or currency could be made by legal tender. As of October 27, 1977, legal tender for discharge of debt is no longer required. That is because legal tender is not in circulation at par with the promise to pay credit. Negotiable Instruments via Guaranty Trust of New York v. Henwood, et al 59 S CT 847 (1933), 307 U.S. 847 (1939), FN3 NOS 384, 485 holds that 31 U.S.C. was enacted to remedy the specific evil of tying debt to any particular currency or requiring payment in a greater number of dollars than promised.

Since October 27, 1977, there can be no requirement of repayment in legal tender either.. since legal tender was not loaned and repayment need only be in equivalent kind: A negotiable instrument representing credit, i.e. an International Bill of exchange... Or as otherwise stated; **NO ONE TODAY CAN MAKE DEMAND IN PAYMENT IN ANY SPECIFIC COIN OR CURRENCY!** This Bill of Exchange/Trade Acceptance is in accord with Public Law Chapter 48, 48 Stat. 112 & HJR 192 June 5, 1933 & the Uniform Commercial Code, and is presented for the receiver to the federal Window, for settlement (EFT), within the 3 day Truth-in-Lending time for settlement. As of 1933 a person has lawful money of account to 'pay' debts at law without becoming a tort feisor; 'accepted for value' and 'Bills of exchange are lawful to discharge debt under Public Law 73-10, HJR-192 of 1933, Title 31 USC 3123, and 31 USC 5103 and by treaty; in this case the United Nations Convention on International Bills of Exchange and International Promissory Notes (UNCITRAL) and the Universal Postal Union Headquartered in Berne Switzerland.

The International Bill of Exchange is legal tender as a national bank note, or note of a National Banking Association, by legal and/or statutory definition (UCC 4-105, 12 CFR Sec. 229.2, 210.2, 12 USC 1813). Issued under authority of the UNITED STATES Code 31 USC 392, 5103, which officially defines this as a statutory legal tender obligation of the UNITED STATES, and is issued in accordance with 31 USC 3123 and HJR-192 (1933) which establish and provide for its issuance as "Public Policy" in remedy for discharge of equity interest recovery on that portion of the public debt to its principals, and sureties of the UNITED STATES. I declare that legal tender was not loaned by the bank and therefore legal tender does not have to be used in the repayment.
