At least three (3) business days before each discovery conference, any party that has a discovery disagreement or concern shall file a brief statement describing that disagreement or concern and identifying any other parties involved. Such statement does not need to be a formal discovery motion. Any party may attend a discovery conference, but only those parties involved in an identified discovery disagreement must attend. If the parties do not identify any discovery disagreements or concerns as described herein, the presiding officer may cancel the conference.

5. If a moving party has already conferred or attempted to confer with opposing counsel concerning a discovery matter, that party may file any discovery motions to be entertained at the discovery conference at least three (3) business days in advance. Any party seeking a hearing on any discovery motion outside of a regularly scheduled discovery conference shall comply with 20 CSR 4240-2.090(8) prior to filing the discovery motion.

6. Discovery Conferences shall be on the record and transcribed by a court reporter.

7. Any pending written discovery motion may be taken up at a discovery conference and may be ruled upon by the presiding regulatory law judge either on the record, or in a written order.

5. The Commission further adopts the following procedural rules:

A. All parties must comply with the requirements of Commission Rule 20 CSR 4240-2.130 for prepared testimony, including the requirement that testimony be filed on line-numbered pages. All parties shall provide

copies of testimony (including schedules), exhibits, and pleadings to other counsel by electronic means and in electronic form, essentially concurrently with the filing of such testimony, exhibits, or pleadings where the information is available in electronic format (.PDF, .DOC, .WPD, .XLS, etc.). Parties are not required to put information that does not exist in electronic format into electronic format for purposes of exchanging.

- B. Although not all parties may agree upon how each issue should be described or on whether a listed issue is in fact a proper issue in this case, the parties shall agree upon and file a list of the issues to be heard, the witnesses to appear on each day of the hearing, the order in which they will be called, and the order of cross-examination for each witness. The list of issues should be detailed enough to inform the Commission of each issue that must be resolved. The parties recognize that the Commission may view any issue not contained in this list of issues to not require resolution by the Commission. Each party shall file a simple and concise statement summarizing its position on each disputed issue, including citations to pre-filed testimony supporting its position.
- C. For the Statements of Position to be filed May 23, 2025, each party shall file a simple and concise statement summarizing its position on each disputed issue, including citations to pre-filed testimony supporting its position.
- D. Public documents filed in EFIS shall be considered properly served by serving the same on counsel of record for all other parties via e-mail. The parties agree confidential documents may be obtained from EFIS and so agree not to serve those documents via email.
- E. Any data requests issued to or by Staff shall be submitted and responded to in the Commission's Electronic Filing and Information System (EFIS) pursuant to 20 CSR 4240-2.090(2)(H). All data requests other than those issued to or by Staff, as well as all objections to data requests, or notifications of the need for additional time to respond, shall be sent by e-mail to counsel for the other parties. Counsel for each party shall receive electronically, via either EFIS notification or e-mail from the party serving a data request, an electronic copy of the text of the "description" of that data request contemporaneously with service of the data request. Regarding data requests issued via EFIS, if the description contains confidential information, or is voluminous, a hyperlink to the EFIS record of that data request shall be considered a sufficient copy. If a party desires the response to a data request that has been served on another party, the party desiring a copy of the response must request a copy of the response from the party answering the data request, thereby providing the responding party the opportunity to object. Counsel may

designate other personnel to be added to the service list for data requests, but shall assume responsibility for compliance with any restrictions on confidentiality. If any party responds to a data request in EFIS, the response is available in EFIS to all counsel on the certified service list. Data request responses, other than responses to data requests in EFIS, shall be served on counsel for the requesting party, unless waived by counsel, and on the requesting party's employee or representative who submitted the data request, and shall be served electronically, if feasible and not voluminous as defined by Commission rule. In the case of responses to data requests Staff issues, Ameren Missouri shall also submit the responses to Staff data requests in EFIS, if feasible, or in electronic format on compact disc or by other means agreed to by Staff counsel, if infeasible.

- F. All pleadings, briefs, and amendments shall be filed in accordance with Commission Rule 20 CSR 4240-2.080. Briefs shall follow the same list of issues as filed in the case and must set forth and cite the proper portions of the record concerning the remaining unresolved issues that are to be decided by the Commission.
- G. The parties shall make an effort to not include confidential information in data requests. If confidential information must be included in a data request, the confidential information shall be appropriately designated as such pursuant to Commission Rule 20 CSR 4240-2.135
