Ms. Nancy Dippell
Secretary of the Commission
Missouri Public Service Commission

Jefferson City, MO 65102-0360

Dear Ms. Dippell:

The tariff sheet listed below issued by Union Electric Company d/b/a Ameren Missouri (Ameren Missouri or the Company) was filed as a revision of Schedule No. 6, Schedule of Rates for Electricity, on February 5, 2021:

Filed
10th Revised Sheet No. 163.1

Canceling
9th Revised Sheet No. 163.1

This tariff sheet is being issued November 1, 2024 to become effective on and after December 1, 2024.

The purpose of the proposed tariff revision is to extend the Voluntary Green/Pure Power pilot program through June 30, 2026. This timing is consistent with the Stipulation and Agreement in File No. ER-2019-0335 which contemplates Pure Power continuing to be available until customers have been given an opportunity to convert to service under the Company's Community Solar rider. The New Florence solar facility, for which the Commission recently granted a CCN in EA-2024-0212, will support Community Solar and is expected to be placed in service sometime during the first half of 2026.

The extension of Pure Power was discussed with Missouri Public Service Commission Staff and the Office of Public Counsel prior to filing.

Sincerely,

/s/ Jennifer S. Moore
