***VIA ELECTRONIC FILING***

Ms. Nancy Dippell, Secretary  
Missouri Public Service Commission  
P.O. Box 360  
Jefferson City, MO 65102

RE: The Empire District Gas Company d/b/a Liberty (“EDG” or the “Company”)  
Case No. GR-2025-0137

Dear Judge Dippell:

I am providing herewith to the Missouri Public Service Commission for filing, in electronic form, the Company’s Revised Sheet Nos. 62, 63, and 65.

The revised tariff sheets represent EDG’s Winter Purchased Gas Adjustment (“PGA”) filing for its three PGA service areas and reflect changes in the PGA factors and the Actual Cost Adjustment (“ACA”) factors. The Company’s PGA tariff at Sheet No. 54 provides that “[a]ny proposed PGA factor change made pursuant to this clause shall become effective only after being on file with the Commission for a period of ten business days.” The Company’s PGA tariff at Sheet No. 55 further states: “Each PGA filing shall become effective ten business days after the date of the filing, unless the Company has elected a longer notice period, not to exceed thirty days.” The enclosed tariff sheets accordingly bear an issue date of November, 2024 and a proposed effective date of December 1, 2024, which is longer than ten business days but less than thirty days.

As a result of this filing, for the South service area, the effect of these changes will decrease the firm PGA rate from the current \$0.82071 per Ccf (100 cubic feet) to \$0.70364 per Ccf. For the North service area, the effect of these changes will decrease the firm PGA rate from the current \$0.59865 per Ccf to \$0.18554 per Ccf. For the Northwest service area, the effect of these changes will decrease the firm PGA rate from the current \$0.34303 per Ccf to \$0.07986 per Ccf.

Please bring this PGA/ACA filing to the attention of the Commissioners and the appropriate Commission personnel, and please contact me with any questions.

Sincerely,

*Jermaine Grubbs*
