Chapter 10 – Utilities**

**PROPOSED RULE**

**20 CSR 4240-10.185 Petitions for Water and Sewer  
Infrastructure Rate Adjustment**

*PURPOSE: This rule sets the requirements and process for water or sewer corporations filing a petition and proposed rate schedule with the commission pertaining to Water and Sewer Infrastructure Rate Adjustments in accordance with sections 393.1500 to 393.1509, RSMo.*

(1) A water or sewer corporation, as defined in section 386.020, RSMo, providing water or sewer services to more than eight thousand (8,000) customer connections may file a petition and proposed rate schedules with the commission to establish or change a Water and Sewer Infrastructure Rate Adjustment (WSIRA). For the purpose of this rule, eligible water or sewer corporations seeking to establish or change a WSIRA are referred to as eligible utilities.

(2) An eligible utility may effectuate a change in its WSIRA no more than two (2) times in a twelve- (12-) month period.

(A) The twelve- (12-) month period restriction starts on the date the commission approved the initial WSIRA.

(B) For the purpose of this rule, an initial WSIRA is the first WSIRA granted to the eligible utility or a subsequent WSIRA established after all existing WSIRAs have been reset to zero (0) after a general rate proceeding.

(C) Existing WSIRAs are reset to zero (0) following a commission order establishing customer rates in a general proceeding for the eligible utility.

(3) The commission shall issue an order no later than one hundred eighty (180) days from the receipt of a complete WSIRA petition. To effectuate this requirement, staff of the commission (staff) may submit a report regarding the examination to the commission no later than ninety (90) days after the petition is filed.

(A) The staff report shall examine the information provided by the eligible utility to confirm that the underlying costs are

applicable and appropriate with this rule.

(B) No other revenue requirement or ratemaking issues shall be examined in consideration of the petition or associated proposed WSIRA rate schedule.

(C) In order to be considered in the staff report, any updates to the petition must be filed no later than sixty (60) days from the date the petition was filed.

(4) All eligible utilities filing a petition and proposed rate schedule with the commission to establish or change a WSIRA shall implement the following requirements.

The notice shall include the eligible utility's most recent five- (5-) year capital expenditure plan unless such a plan has already been submitted during the previous twelve (12) months from the date of petition submittal.

1. If the five- (5-) year capital expenditure plan has been submitted and it is determined that revisions are not necessary, the eligible utility shall indicate in the notice there is no change necessary for its existing plan along with the date it was submitted to the commission.

2. If the five- (5-) year capital expenditure plan has been submitted and it is determined that minor revisions are necessary, the eligible utility shall provide an itemized revision to the commission.

3. If the five- (5-) year capital expenditure plan has been submitted and it is determined that significant revisions are necessary, the eligible utility shall provide its most recent revised plan to the commission along with an indication that the plan has been revised.
