## <u>REQUEST TO APPROVE</u> <u>PROGRAM TEMPLATES – APPENDIX B AND INCENTIVE RANGES – APPENDIX D</u> <u>AND MOTION FOR EXPEDITED TREATMENT</u>

**COMES NOW** Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri" or "Company") and submits this *Request to Approve Program Templates - Appendix B and Incentive Ranges – Appendix D and Motion for Expedited Treatment* ("*Request*") to the Missouri Public Service Commission ("Commission") for approval. In support thereof, the Company respectfully states as follows:

1. On October 31, 2024, Ameren Missouri and certain other parties to this proceeding submitted a *Stipulation and Agreement* ("*Agreement*") to the Commission for approval. The Commission issued its *Order Approving Non-Unanimous Stipulation and Agreement and Granting Waivers* on November 14, 2024. That *Agreement* included the submission of a revised *Ameren Missouri 2025-27 MEEIA Energy Efficiency Plan* ("*Report*").

2. The *Agreement* requires Ameren Missouri to file updated Program Templates reflecting the changes to Ameren Missouri's *Report*. The updated Program Templates describe the programs to be implanted under the *Agreement*. Ameren Missouri also updated the Incentive Ranges in Appendix D to match the programs outlined in in Appendix B.

3. Ameren Missouri therefore offers the enclosed revised Program Templates and Incentive Ranges for the Commission's approval.

1

4. Ameren Missouri respectfully requests expedited treatment of this *Request*. Ameren Missouri filed this petition as soon as it could be filed and within the 30-days required under the *Agreement*. The request is being filed in compliance with the *Agreement* and earlier than the requested implementation date of January 1, 2025. The Company requests approval on or about December 15, 2024, so that these revisions can go into effect with the next applicable program year beginning January 1, 2025. This time is necessary to update relevant data tracking and reporting systems prior to the January 1, 2025, program year. The January 1, 2025, effective date is necessary to align program tracking data and program evaluation data and ensures that prospective throughput disincentive funds are collected using the most current and accurate savings estimate.

**WHEREFORE,** Ameren Missouri requests the Commission issue an order approving the proposed revisions to the Program Templates (Appendix B) and Incentive Ranges (Appendix D) in an expedited manner so that the revised programs and incentives may go into effect on January 1, 2025.

Respectfully submitted,
