DIRECTORY LISTINGS

B. Primary Listings

1. One listing without charge, termed the primary listing, is provided as follows:
 - a. For each separate customer service: when two or more main station lines or PBX trunk lines are consecutively operated, generally only the first number of the group is listed.
 - b. For each joint user. (D)
2. The primary listing is ordinarily the name and address of the person or firm that contracts for the service or is the joint user (business only), or the name under which a business is regularly conducted. Where the service is contracted for by one party for the use of a second party, the listing may be in the name of the second party. (T)

An additional listing reversing the order of the individual's given name may be obtained at the rates for regular additional listings as specified in the rates following. The restriction of no more than two given names applies only to listings involving two individuals' names.

However, when in the opinion of the Telephone Company it appears necessary as an aid to the use of the directory and provided satisfactory service can be furnished, a listing may be permitted under the address of a private branch exchange telephone, or extension telephone, installed on the customer's premises, but at an address different from that of the switchboard, or main telephone, using the telephone number of the primary listings.
