OF THE STATE OF MISSOURI**

In the Matter of Union Electric Company d/b/a)
Ameren Missouri’s 4th Filing to Implement) **File No. EO-2023-0136**
Regulatory Changes in Furtherance of Energy)
Efficiency as Allowed by MEEIA.)

SUPPLEMENTAL STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission (“Staff”), by and through the undersigned counsel, and for its *Supplemental Staff Recommendation* respectfully states as follows:

1. Staff filed a recommendation in this matter on December 6, 2024. After filing, Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”) representatives reached out regarding paragraph 6 of Staff’s recommendation, which stated:

Tariff sheet 180 has been revised by Ameren Missouri to state, “1. The Standard Program design is comprised of measures that result in a total program TRC ratio greater than 1.0.” This language previously stated, “Measures must be part of a Project having an installed TRC ratio greater than 1.0.” Staff recommends that Ameren Missouri expeditiously file a substitute tariff to return this language to its previous wording, or remove the language entirely to the extent that measures with a TRC of less than 1.0 are not available under the terms of the Stipulation.¹

2. Staff has confirmed with Ameren Missouri that the suggested edit to tariff sheet 180 is not needed. Staff’s suggested edit is already in the tariff sheets filed by Ameren Missouri on November 27, 2024.

¹ *Staff Recommendation*, pg. 3, para. 6, EFIS item No. 227.

WHEREFORE Staff respectfully submits this *Supplemental Staff Recommendation* for the Commission's information and consideration, and to grant such other and further relief as the Commission considers just and reasonable under the circumstances.

Respectfully submitted,

/s/ Travis J. Pringle
