**STAFF RECOMMENDATION REGARDING UNION ELECTRIC D/B/A
AMEREN MISSOURI’S 2022-2023 ACTUAL COST ADJUSTMENT FILING**

COMES NOW the Staff of the Missouri Public Service Commission in the above-captioned matter and files its Actual Cost Adjustment (“ACA”) Recommendation in this case concerning Union Electric Company d/b/a Ameren Missouri’s (“Ameren”) 2022-2023 ACA filing as set forth in the accompanying Staff Recommendation Memorandum (Appendix A), and further states as follows:

1. Ameren filed its ACA for the 2022-2023 period in this case on October 17, 2023. This filing revised the ACA rates based upon Ameren’s calculations of its ACA account balances for the 2022-2023 period.

2. The Commission’s Procurement Analysis Department Staff (“Staff”) has reviewed Ameren’s filing and submits its recommendation as further explained in the accompanying Staff Recommendation Memorandum, marked as Appendix A and incorporated by reference herein. Staff’s analysis consisted of a review of Ameren’s natural gas supply plans including a review of Ameren’s gas purchasing practices to evaluate the prudence of the purchasing decisions for this ACA period; a reliability analysis; and a hedging review. Staff’s analysis also included a review of Ameren’s billed revenues compared with its actual gas costs to determine whether there exists an over-recovery or under-recovery of the ACA balance. An over-recovery is shown as a

negative ACA balance that must be returned to customers; an under-recovery is shown as a positive ACA balance that must be collected from customers.

3. Based on its review, as discussed in further detail in the accompanying Staff Recommendation Memorandum (in “Public” and “Confidential” formats), Staff recommends the Commission issue an order requiring Ameren to establish the ACA account balance to reflect the over-recovery and under-recovery balances as of August 31, 2023, as shown in the table in the “Recommendations” section of the Staff Recommendation Memorandum.

4. Based on its review Staff has certain comments, concerns and recommendations as set forth in the Billed Revenue, Actual Gas Cost, Reliability Analysis and Gas Supply Planning, Hedging sections, and summarized in the “Recommendation” section of the accompanying Staff Recommendation Memorandum. Staff recommends the Commission order Ameren to respond to these concerns, comments, and recommendations within thirty (30) days.

WHEREFORE, for the reasons stated above and discussed in detail in the accompanying Staff Recommendation Memorandum, Staff recommends the Commission issue an order directing Ameren to respond within thirty (30) days to Staff’s concerns, comments, and recommendations set forth in the “Recommendations” section and to establish the ACA account balances to reflect the over-recovery and under-recovery balances as of August 31, 2023, as shown in the table in the “Recommendations” section of the Staff Recommendation Memorandum.

Respectfully submitted,
