ORDER GRANTING EXTENSION

Issue Date: December 17, 2024

Effective Date: December 17, 2024

On November 18, 2024,¹ Aladdin PropCo, LLC and Evergy Metro, Inc. d/b/a Evergy Missouri Metro (together, “Joint Applicants”) filed an application requesting a variance from Commission Rule 20 CSR 4240-20.050 regarding individual electric meters.

The Commission ordered a review and recommendation from its Variance Committee, pursuant to Commission Rule 20 CSR 4240-20.050(5)(C)(1), due no later than December 18. On December 17, the Variance Committee filed a request for an extension of 30 days. The Variance Committee explained it needed time to review the data request responses that were due December 16, as well as the potential need to issue additional discovery. The Variance Committee stated it will file its recommendation earlier if possible.

The Commission finds the request for an extension reasonable and will grant it.

¹ All dates refer to 2024 unless otherwise stated.

THE COMMISSION ORDERS THAT:

1. The Variance Committee's request for an extension of time is granted. The Variance Committee shall file its recommendation no later than January 17, 2025.
2. The Joint Applicants shall file a response to the Variance Committee recommendation either acceding to the recommendation or requesting a hearing no later than ten days after the filing of the variance committee's report.
3. Any other party may file a request for a formal hearing or other response to the Variance Committee's recommendation no later than ten days after the filing of the Variance Committee's recommendation.
4. This order is effective when issued.
