Green Button DMD Validator — ESPI Version 4.0

(https://www.greenbuttonalliance.org/)

Developers (https://www.greenbuttondata.org/developers.html)   DMD Validation Tool (https://dmdvalidator.greenbuttonalliance.org/)

The Official Green Button Download My Data (DMD) Validation Tool - brought to you by the Green Button Alliance:

Thank you for using the DMD Validator. This tool is designed to test a Green Button file for compliance to the standard and the formal tests run during DMD Certification. For more information about Certification, please visit the Green Button Alliance. The U.S. National Institute of Standards and Technology (NIST) and Hypertek Inc. created the base version of this test. The Green Button Alliance expresses our gratitude.

This web page is designed to:

- Allow you to evaluate the inner structure of a Green Button data file based on the test plan specification.
- Evaluate a file against the NAESB REQ.21 ESPI standard (on GBA's ESPI Version 4.0 server).

First: Manually select the Function Blocks you want tested for the kind of file you are testing (below) or select Function Blocks using this pull-down menu:

Energy Usage file: Electricity Interval Metering ⌄

Validate your Green Button Energy Usage Data File

Please note that not-all FBs are presently available and not-all FBs present are fully tested at this time; this is a constantly changing release of the tools made available to allow a quick examination and test of a few items; it is subject to changes as more tests are automated and is not intended to be a substitute for official DMD Certification.

You can analyze a Green Button Energy Usage data file following the steps below. Please follow them in order...

1) Make selections of Function Blocks to test or use the pull-down menu, above:

- ☑ [FB_01] Common
- ☑ [FB_04] Interval Metering
- ☑ [FB_05] Electricity Interval Metering
- ☐ [FB_06] Demand Electricity Metering
- ☐ [FB_07] Net Electricity Metering
- ☐ [FB_08] Forward and Reverse Electricity Metering
- ☐ [FB_09] Register Values Electricity Metering
- ☐ [FB_10] Natural Gas Interval Metering
- ☐ [FB_11] Water Interval Metering
- ☐ [FB_12] Cost of Interval Data
- ☑ [FB_15] Usage Summary
- ☐ [FB_16] Usage Summary with Cost
- ☐ [FB_17] Electricity Power Quality Summary
- ☐ [FB_27] Usage Summary with Demands and Previous Day Attributes
- ☐ [FB_28] Usage Summary Costs for Current Billing Period
- ☐ [FB_29] Temperature Interval Metering

Validate your Green Button Retail Customer Data File

You can analyze a Green Button Retail Customer data file following the steps below. Please follow them in order...

1) Make selections of Function Blocks to test or use the pull-down menu, above:

Please note that not-all FBs are presently available and not-all FBs present are fully tested at this time; this is a basic release of the tools to allow a quick examination and test of a few items.

- ☐ [FB_51] Common
- ☐ [FB_54] Basic Retail Customer Information
- ☐ [FB_55] Retail Customer Address Information (Demographic)
- ☐ [FB_56] Retail Customer Billing Information
- ☐ [FB_57] Retail Customer AccountAgreement Information
- ☐ [FB_58] Retail Customer ServiceLocation Information
- ☐ [FB_59] Retail Customer ServiceSupplier Information
- ☐ [FB_60] Retail Customer Meter Information
- ☐ [FB_61] Retail Customer EndDevice Information
- ☐ [FB_62] Retail Customer ProgramDateIDMappings Information

(https://www.greenbuttonalliance.org/)

1) Please consider checking this box to allow us to keep your file on our server for further tests (compliant Energy Usage files do NOT have personally identifiable information in them; HOWEVER, Retail Customer files DO HAVE PERSONAL INFORMATION). If this is not selected, the file will be deleted after your analysis:

Developers (https://www.greenbuttondata.org/developers.html)   DMD Validation Tool (https://dmdvalidator.greenbuttonalliance.org/)

☐ Allow my file to be saved on the Green Button Alliance servers

3) Enable download of the validation results after the file is examined (it will show the results here and also give you an HTML file to view on your computer):

☑ Download my validation results (in addition to viewing them below)

4) Upload and Processing is Complete; see results, below, or Drop Another File Here to Upload and test it.

Validation Results will show below...

These tests will be performed on the GBA's ESPI Version 4.0 server.

These tests were performed on the GBA's ESPI Version 4.0 server.

File name: "**Ameren Res_Electric_15_Minutes_06-01-2024_12-01-2024.XML**"

(be sure that the file name does NOT include any personally identifiable information)

This file was evaluated at: 12/17/2024 6:13:03 PM UTC.
