

EC-2025-0165

I also “promise” to do better your honor. I “promise” to stop talking about the past matter EC-2023-0395, payment agreements and settlements, along with disconnection notices, and “promise” to talk about payment agreements and settlements, along with disconnection notices in EC-2025-0165..

See what I did there?

Also, I would recommend thicker glasses for seeing in this matter, as the Commission has three payment agreements total on file regarding prior and new payment agreements.

Two come from the email addresses , have the following.

- 1) do-not-reply@alerts.ameren.com
- 2) DoNotReply@ameren.com
- 3) www2.ameren.com

You’ll notice the one that doesn’t show up in blue is not a valid email address and doesn’t contain the @ symbol to send.

Just like the career alteration, pathological liar, the one with www2.ameren.com is a fake, counterfeit, manipulated, forged document that never existed. Because is was never sent.

I look forward to Ameren Missouri’s filing that is due on December 20, 2024. I look forward to their fabricated and delusional stories.
