ACCESS TARIFF CONCURRENCE - (Cont'd)
Intrastate Access Services - (Cont'd)**D. Exceptions to the Access Services Tariff of the Oregon Farmers Mutual Telephone Company****3. Cont'd****b. Cont'd**

The Company will review the requested change, notify the customer whether the changes can be accommodated and specify if a new service date is required. If the customer authorizes the Company to proceed with the design change, a Design Change Charge will apply.

The Design Change Charge will apply on a per ASR per occurrence basis, for each ASR requiring a design change.

5. **Miscellaneous Charges - Premium charges will apply all day Sunday and on all Telephone Company approved holidays.**

6. **Primary Interexchange Carrier (PIC) Change Charge**

A Primary Interexchange Carrier is available for Inter and IntraLata services. The end user customer may choose a carrier for Inter and/or IntraLata MTS services. Should the end user or agent change the carrier of choice, a PIC change charge and the appropriate local tariff service order charges will be applicable.

Initial end user and agent selection of a PIC by ballot or appearing on an IC list will not incur a charge. A change of PIC selection prior to the end office conversion will not incur a charge. Notification of a change in a PIC may be coordinated by the end user or agent with either the IC selected or the Company.

Should an end user or agent dispute authorization of the change in PIC assignment and if the IC cannot produce a letter of agency or confirmation from the end user or agent, the IC will be billed one PIC change charge for restoring the end user's or agent's prior IC assignment. If the IC produces the letter of agency or confirmation of choice within 15 days of the Company request, the end user or agent will be billed two PIC charges in lieu of charges to the IC. Charges are only applicable if a change in an end user's or agent's IC selection has actually been implemented in the switch.

The Company reserves the right to implement practices and/or procedures that require verification from the end user subscriber before a PIC change service order will be initiated.

7. **Message Inquiry - Message Inquiry is the answering of end user questions about charges billed for customer services and applications of credits and adjustments to end user accounts and review of customer messages removed from an end user's bill.**
