I, W. JAY MITCHELL, of lawful age, being first duly sworn upon my oath, state that I am the Vice-Pres of GOODMAN TEL; that I am authorized to execute this Affidavit on behalf of GOODMAN TEL; and that the facts set forth in this Affidavit and the foregoing Application are true to the best of my knowledge, information and belief.

GOODMAN currently provides the following services as defined in 47 CFR 54.101(a) and 47 CFR 54.400(a) to its Missouri customers:

- a. Voice grade access to the public switched network;
- b. Local usage (to be defined in a future rulemaking);
- c. Dual tone multi-frequency signaling (touch tone);
- d. Single party service;
- e. Access to emergency services, e.g. 911 and E911;
- f. Access to operator services;
- g. Access to interexchange service; and
- h. Access to directory assistance.

GOODMAN TEL is not at this time able to provide toll limitation for qualifying low-income consumers as that service is defined by the Federal Communications Commission in 47 CFR 54.400(a)(3). While GOODMAN is able to provide toll blocking, 47 CFR 54.400(a)(4) defines "toll limitation" as both toll blocking and toll control. The company is not able to provide toll control due to the technical inability of our equipment to monitor a customer's bill in order to discontinue service when the charges for service reach a certain amount.

Subscribed and sworn to before me this 3rd day of September, 1997.
