**ORDER GRANTING INTERVENTIONS**

Issue Date: July 13, 2010

Effective Date: July 13, 2010

On June 4, 2010,<sup>1</sup> Kansas City Power & Light Company submitted to the Commission proposed tariff sheets intended to implement a general rate increase for electrical service provided in its Missouri service area. The Commission issued an Order and Notice on June 11, in which it gave interested parties until July 1 to request intervention.

That same order referred back to a stipulation in Commission File No. EO-2005-0329, which stated that all non-KCP&L parties who were signatories to the stipulation were automatically intervenors in this case. In its June 11 Order and Notice, the Commission named those parties intervenors in this case. The Commission will list the non-KCP&L signatory parties from the stipulation in File No. EO-2005-0329, and will grant them intervention by name.

Also, the Commission received timely intervention requests from: Union Electric Company, d/b/a AmerenUE; Missouri Gas Energy, a division of Southern Union Company;

Commission Rule 4 CSR 240-2.080(15) allows parties ten days to respond to motions. KCP&L did not respond to these applications to intervene. Therefore, the Commission will take up these applications unopposed.

Commission Rule 4 CSR 240-2.075(4) allows the Commission to grant intervention to a person who has an interest different from that of the general public and which may be adversely affected by a final order arising from the case, or if granting intervention would serve the public interest. Upon review of the unopposed applications, the Commission finds that each of the applicants meets the standard in Commission Rule 4 CSR 240-2.075(4). Therefore, the Commission will grant each of the above-mentioned applications to intervene.

**THE COMMISSION ORDERS THAT:**
