

EC-2025-0165

Give me 15 minutes of talk time at the virtual hearing on January 23, 2025 and I'll agree to Staff's Status Report.

In addition to the 15 minutes, I promise not to be derogatory and I will be respectful during the hearing. I will also stop filing more exhibits, as I think I've made my point now.

I ask for that regardless of if you agree or disagree with me. I ask of that as a ratepayer and a complainant.

If we can agree to that. Then we have ourselves a settlement agreement, on the issue above, and I have no objection to Staff's Status Report.

All I ask, is that you hear me out, and I promise to remain civil and formal during the rate-hike hearing I'm attending. I would appreciate if the Commissioners would be there too.
