**Notice of Local Public Hearings and  
Request for Comments Regarding Proposed Increase  
GR-2025-0107**

Spire Missouri Inc. (“Spire Missouri”), has filed a request with the Missouri Public Service Commission (“PSC”) to increase revenues by approximately \$289.5 million. However, \$53.6 million of the proposed increase is already being collected under the Infrastructure System Replacement Surcharge (ISRS) program line item that is currently on customers’ bills. As the amount related to ISRS is already being collected in rates, the remaining overall annual incremental increase to customers, as proposed, would be \$235.8 million, or 14.33%.

In this rate request, Spire Missouri proposes recovery of infrastructure investments, inflationary costs since its last case, increased costs of service, and weather and conservation impacts.

The effect of the proposed revenue increase will vary by customer type. Should Spire's request be approved by the PSC, the average residential monthly bill for customers across Missouri are expected to increase next fall by approximately \$13.87, or roughly 15.23%, compared to current rates, assuming current natural gas market conditions. This customer impact is based upon an average gas usage of approximately 59 ccfs per month, but the bill impact will vary based upon a customer’s gas usage.

The PSC will decide what amount of increase, if any, to approve. The base rate increase request would take effect no later than October 24, 2025. Depending on the PSC’s decision, which will be based on evidentiary hearings, the rates for one or more customer rate classes may be different from the rates requested by Spire Missouri.

**Attend a Public Hearing**

The PSC will hold public hearings. At the hearings you can ask questions, and you can testify about Spire Missouri’s rate increase request.

Each hearing will be divided into two parts. In the first part, you may ask questions of both Spire Missouri, the Office of the Public Counsel, and Staff of the PSC. In this first part, the PSC Commissioners and the regulatory law judge presiding over the case will not be present. Your questions, and the answers provided to you will not be part of the evidence the PSC reviews. In the second part of the hearing, Commissioners and the regulatory law judge will be present, and you may testify directly to the Commissioners. Testimony provided in the second part will be some of the evidence that the Commission reviews when deciding whether to grant Spire’s requested rate increase.
