

Product SKU: STP 300

Name: Krystal Wind-Make Your Home 40% Pollution-Free (Tax Deductible Green Tags/Emissions Credits)

Description:

Krystal Wind represents 400 kilowatt hours of clean, renewable wind energy injected into the electric power grid on your behalf. Your purchase buys RECs (renewable energy certificates) to force clean wind energy to be created instead of burning fossil fuels (coal, gas, diesel) to create those 400 KWh of electricity. This purchase offsets the emissions of an apartment, small home or condo, vacation home, airline travel or anything else you wish to reduce emissions for. It is 100% simple tax deductible as a charitable contribution (see terms and conditions).

List Price: \$10.00
