COMES NOW Staff of the Missouri Public Service Commission and for its Request for Leave to File Corrected Depreciation Rate Schedules (“Request”) respectfully states as follows:

1. On February 11, 2025, Staff filed its Staff Recommendation in this matter. Included with the Staff Recommendation were several depreciation rate schedules prepared by Staff, which Staff requested the Commission approve and order in lieu of the depreciation rate schedules submitted by Evergy.

2. Staff recently became aware that the depreciation rate schedules Staff submitted along with its Staff Recommendation require certain corrections.

3. Submitted herewith are corrected depreciation rate schedules to replace those originally filed herein by Staff, along with a brief supplemental memorandum.

WHEREFORE, Staff respectfully seeks leave to submit the attached corrected depreciation rate schedules (denominated as Corrected Attachment A), and supplemental memorandum, in replacement of the depreciation rate schedules originally attached to the Staff Recommendation and for such further orders as to the Commission seem just and reasonable.

SUBJECT: Staff Correction to Recommendation To Partially Approve Evergy Metro, Inc. d/b/a Evergy Missouri Metro and Evergy Missouri West, Inc. d/b/a Evergy Missouri West Request for the Issuance of a Depreciation Authority Order

DATE: February 27, 2025

December 13, 2024, Evergy Missouri Metro (“EMM”) and Evergy Missouri West (“EMW”) (collectively “Evergy”), filed an application for a Depreciation Authority Order (“DAO”). Staff reviewed Evergy’s application and submitted its recommendations on February 11, 2025 for the approval of requests b), c), and d) as requested in the application and, in lieu of approval of request a) wherein Evergy requested the Commission authorize EMM and EMW to utilize the depreciation rates in Exhibit A of its application, Staff prepared and submitted updated depreciation rate schedules in Attachment A to Staff’s recommendation memorandum. Staff has since been made aware of some errors to its depreciation rate schedules and has attached the corrected schedules herein as Corrected Attachment A. The corrected depreciation rate schedules submitted herewith are intended to replace the depreciation rate schedules attached to Staff’s original recommendation memorandum. However, this supplemental memorandum is merely intended to supplement, rather than replace, the original memorandum. Additionally, Staff had previously included account 31209 in its depreciation rate schedules. Staff has removed this account from the depreciation rate schedules, as it is an Industrial Steam account which will need to be addressed in a different filing.
