In the Matter of Union Electric Company)
d/b/a Ameren Missouri's Filing of the)
Renewable Energy Standard Compliance)
Plan and Renewable Energy Compliance)
Report pursuant to 20 CSR 4240-20.100)

File No. EO-2022-0283

**NOTICE REGARDING 2021 RES COMPLIANCE
REPORT AND 2022 COMPLIANCE PLAN**

Issue Date: August 31, 2022

On April 14, 2022, the Union Electric Company d/b/a Ameren Missouri (Ameren Missouri) filed its 2021 Renewable Energy Standard (RES) Compliance Report and its 2022 Annual RES Standard Compliance Plan. Commission Rule 20 CSR 4240-20.100(8) requires the Staff of the Commission to review RES compliance reports and plans and file a report of its review with the Commission within 45 days of the date of filing. The rule also provides that the Office of the Public Counsel and any other interested persons or entities may file comments based on their review of the company's RES compliance report and compliance plan within 45 days of filing with the Commission. This date fell on Sunday, May 29, 2022, thus Staff's report and comments of interested parties were due no later than Monday, May 30, 2022.

On April 15, the Commission issued its order directing notice of filing and for Staff to file its report. An application to intervene by the Missouri Department of Natural Resources Division of Energy (Division of Energy) was granted on May 24, and Staff requested a 45-day enlargement of time to file its report on May 26. The Commission

granted Staff's request and issued an order directing Staff to file its report no later than July 15. That order also directed Public Counsel, and any other interested stakeholder, to respond to Ameren Missouri's compliance plan and compliance report no later than July 15 as well.

Staff filed its report timely on July 15, stating that Staff had concluded reviewing Ameren Missouri's Compliance Plan for 2022 through 2024 and that it complies with the requirements of Commission Rule 20 CSR 4240-20.100(8)(B) 1.A-G. The report also states that Staff has not identified any deficiencies in Ameren Missouri's 2021 compliance report under Commission Rule 20 CSR 4240-20.100(8)(A)1-3, except that an error was noted in Ameren Missouri's reporting of its Missouri jurisdictional revenue. No other responses to Ameren Missouri's compliance plan and compliance report were received.

On July 28, the Commission issued an order directing Ameren Missouri to file a corrected compliance report, and Ameren Missouri filed its second corrected version of its RES compliance report for 2021 on August 15. Greater than ten days have elapsed since Ameren Missouri's filing and no objections or comments have been received.

The Commission's rule requires the utility to post a redacted copy of its Compliance Report on its website and to provide electronic copies to the Commission, which the Commission is to place on its own website. It also requires the utility to provide the RES Compliance Plan to the Commission, which is to open a docket to receive the Report and Plan and to provide notice. Beyond that, the rule does not identify a required action the Commission is to take regarding Ameren Missouri's Report and Plan and any alleged deficiencies in that Report or Plan, except to allow the Commission to direct the utility to provide additional information or to address any concerns or deficiencies

identified in the comments.¹ Consequently, no further action by the Commission is required, and this file shall be closed.

BY THE COMMISSION

A handwritten signature in black ink that reads "Morris L. Woodruff". The signature is written in a cursive, flowing style.
