

The Commission's Staff filed its recommendation on November 9. Staff recommends that the Commission approve Tariff No. YE-2017-0067. Staff also states that the case in which the Commission authorized GMO's RESRAM contemplated that GMO would change its RESRAM charges effective December 1, 2016. Thus, Staff believes the Commission has good cause to approve the tariff on less than thirty days' notice. Staff supports GMO's motion for expedited treatment. No parties have objected to Staff's recommendation.

The Commission has reviewed the proposed tariff sheet and Staff's recommendation. The Commission finds that the proposed tariff sheet conforms to Commission Rule 4 CSR 240-20.100(6). Because no party has objected to the motion for expedited treatment and no detriment to GMO's customers will result from making the tariff effective on December 1, the Commission will grant the motion. The Commission concludes that the proposed tariff sheet should be approved to become effective on December 1.

THE COMMISSION ORDERS THAT:

1. KCP&L Greater Missouri Operations Company's Motion for Expedited Treatment of Tariff is granted.

2. The proposed tariff sheet filed on November 8, 2016 by KCP&L Greater Missouri Operations Company, assigned Tariff No. YE-2016-0067 and bearing an effective date of December 8, 2016, is approved to be effective on December 1, 2016. The tariff sheet approved is:

P.S.C. MO. No. 1

2nd Revised Sheet No. 137.3, Canceling 1st Revised Sheet No. 137.3

3. This order shall become effective on December 1, 2016.
4. This file shall be closed on December 2, 2016.
