---

Good Afternoon,

It has come to the attention of my office and to our County Commissioners that there is unanswered questions surrounding a new transmission line in Worth County. I am requesting that a hearing be held so issues can be discussed and hopefully a solution found. My office did receive a request from Contract land staff, llc in Feb. 2023 and file was sent in March 2023 but no records can be found that they purchased the information in 2024. This effects several of residents and they deserve to be informed with updates and correct information. I Thank you for your help with this matter.
