ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: July 13, 2021

Effective Date: July 13, 2021

On June 1, 2021, the Empire District Electric Company filed its Verified Winter Storm Uri AAO Application requesting an accounting authority order regarding costs incurred during the extreme weather event of February of 2021. On June 22, 2021 City of Ozark, Missouri (Ozark) filed an application to intervene. Ozark's application states its interest is different from those of the general public, may be adversely affected by a final order, and are not currently represented. Ozark contends that granting intervention will serve the public interest because Ozark can examine policy and public interest issues from its unique perspective. More than 10 days have passed since Ozark applied to intervene. No party has objected to the application. The Commission will grant the application to intervene based on a determination that intervention will serve the public interest.

THE COMMISSION ORDERS THAT:

1. Ozark's application to intervene is granted.
2. This order shall be effective when issued.
