Harold --

Senator Coleman and I have met with Commissioner Davis and Mark Hughes regarding *ex parte* contacts. He informed us of today's hearing. Unfortunately, I have a sick kid and could not make it in person, but watched the web cast.

Are there prepared remarks that were submitted by the speakers (particularly the first one) or is there a transcript that I can get access to.

Thanks. Hope everything else is going well.

Hi Chris,

The Transcript was just posted on EFIS. You should be able to access it from the links on PSC's web page.

Better yet, here is the link straight to EFIS <https://www.efis.psc.mo.gov/mpsc/index.html>

Go to the following links in this order:

Case information

Case Filing/Submission - on this page go to Case No. and type in AO-2008-0192 - then hit search and the entire docket for this case will pop up.

Find today's Transcript entry on the docket and the file will open in Adobe (pdf)

Take care, H
