AND DIRECTING STAFF RECOMMENDATION**

Issue Date: April 4, 2025

Effective Date: April 4, 2025

On April 3, 2025, Summit Natural Gas of Missouri Inc. (SNGMO) filed an application and tariff sheets designed to extend its Equipment Rebate Program (ERP) Pilot. The tariff sheets bear an effective date of May 3, 2025. SNGMO also requested a waiver of the Commission's 60-day notice of case filing rule.

SNGMO's application stated that the purpose of the ERP Pilot is to promote the installation of high efficiency natural gas equipment within SNGMO's service territories by offering rebates that are expected to be cost effective. The ERP Pilot also includes water savings measures through its water efficiency kits and stand-alone water efficiency equipment, including low-flow showerheads and faucet aerators. Such equipment will save gas usage where water is heated using a gas hot water heater.

SNGMO requested that the ERP Pilot be extended until December 31, 2027, in order to allow the Company to continue to offer efficiency savings to its customers and obtain additional experience with the program and evaluation of its performance.

The Commission will set a deadline for intervention requests. The Commission will also direct its Staff to file a recommendation on its review of SNGMO's application and tariff sheets.

THE COMMISSION ORDERS THAT:

1. Any person or entity wishing to intervene shall file an application to do so no later than April 17, 2025.
2. Staff shall file its recommendation no later than April 22, 2025.
3. Any other responses to the application shall be filed no later than April 22, 2025.
4. This order shall be effective when issued.
