Approval of a Wholesale Energy Market) Case No. EO-2023-0022
Rate for a Data Center Facility in Kansas)
City, Missouri)

PUBLIC COUNSEL DATA REQUEST NOS. 2001 - 2010

The Office of Public Counsel (“OPC”) hereby presents the following DataRequests to Google LLC (“Google”) pursuant to Commission Rule 4 CSR 240-2.090. OPC asks that Google respond to these requests within twenty (20) days of receipt. Please direct a copy of any electronic responses to all of the following: opcservice@opc.mo.gov, john.clizer@opc.mo.gov, and geoff.marke@opc.mo.gov. These data requests are continuing in nature and require supplemental responses as soon as further or different information is obtained that is responsive to them.

DEFINITIONS

As used herein, the words “document” or “documents” include any original and all copies of any written, printed, typed, electronically stored, or graphic matter of any kind or nature, however produced or reproduced, now in your possession, custody, or control (or in the possession, custody, or control of your agents, representatives, employees of you or any and all persons acting on your behalf) including documents at any time in the possession, custody, or control of such individuals or entities, or known by you to exist.

DATA REQUESTS

- 2001. How many servers would be operating in a fully operational data center?
- 2002. Has Google executed a contract with Port KC? If yes, please provide a copy of said contract.

2003. Please indicate the amount of payments in lieu of taxes (PILOTs) and/or other outstanding terms and conditions Google has agreed to with any governmental or quasi-governmental entities for its planned Missouri data center.
2004. Does Google currently operate any data center that receives power from the Southwest Power Pool? If yes, please indicate the tariffed rate and identify the renewable resource(s) including size and location used “to provide service” for each center.
2005. Please provide a copy of all tariffed rates under which a Google Data Center currently operates or is otherwise subject to.
2006. Please identify each Google Data Center that participates in a utility and/or third-party demand response program.
2007. What, if any, parameters does Google utilize in selecting renewable resources to meet their data center’s load?
2008. How will SPP’s proposed Performance Based Accreditation impact Google’s selection of a renewable resource to meet its data center’s load? Specifically, what happens if said participant’s generation under/over performs?
2009. Please provide the 2021 and 2022 average annual load factors as well as the average monthly demand for each of Google’s data centers.
2010. Please identify what state, the respective docket number, name of the witness, and the topic of testimony in which Google sponsored pre-filed written testimony in calendar year 2021 and 2022 before a Public Utility Commission.
