Re: Request for Increase in Annual Water System Operating Revenues
MO PSC Small Utility Rate Case Procedure

Dear Secretary:

Environmental Utilities, LLC d/b/a Gold Glade Water System holds a certificate of public convenience and necessity granted by the Missouri Public Service Commission under which the Company provides water supply and distribution services in Camden County, Missouri. The Commission first authorized the company to provide regulated water utility service in October of 2001. The Company currently provides service to approximately 22 water customers within its certificated area under the terms of its Commission approved tariffs. The Company's rates for water service were last changed in 2017.

Pursuant to 4 CSR 240-3.050 the Company is hereby requesting an increase of \$11,000, representing a change of approximately 75% in the Company's annual water system operating revenues.

The specific reasons for the requested increase in annual revenues include increased electricity, operation and maintenance expenses

The company is current in payment of its Commission annual assessments and filing of its annual reports.

Thank you for your attention to this matter.
