

**DATA INFORMATION REQUEST
Missouri-American Water Company
SM-2025-0067
Sale to Confluence Rivers**

Requested From: Tim Luft

Date Requested: 03/28/2025

Information Requested:

For those individuals required to operate and maintain each of the nineteen systems included in this case who are not employed by MAWC, please identify the cost MAWC incurs associated with having that individual perform each instance of the service he or she provides.

Requested By: Lindsay VanGerpen

Information Provided:

MAWC operates all the nineteen systems in question utilizing employees of the Company. MAWC also supplements this with various contractors to assist with maintenance of the systems. These services include landscaping, generator inspection and testing, chemical delivery, etc. The costs for these items are maintained in the larger operational group that includes each of the nineteen systems and are not broken out for each individual system.

Responsible Witness: Steve Kadyk
