Case No. GR-2025-0206

**MOTION FOR EXPEDITED TREATMENT**

**COMES NOW** Spire Missouri Inc. (“Spire Missouri” or “Company”), on behalf of itself and its two operating units, Spire Missouri East (“Spire East”) and Spire Missouri West (“Spire West”) and, pursuant to Rule 20 CSR 4240-2.080 (14) submits this Motion for Expedited Treatment to the Missouri Public Service Commission (“Commission”) to permit the Revised Tariff Sheet filed by the Company on this date to become effective on May 14, 2025. In support thereof, the Company states as follows:

1. On April 17, 2025, Staff of the Missouri Public Service Commission (“Staff”) issued its *Staff Recommendation*. Staff recommends that the Infrastructure System Replacement Surcharge (“ISRS”) revenue requirements be increased by \$6,220,563 and \$12,795,687 for Spire East and Spire West, respectively.

2. On April 21, 2025, Spire Missouri filed its *Response to Staff Recommendation* accepting Staff’s recommended revenue requirements. No other party in this docket has filed a response to the *Staff Recommendation* or to Spire Missouri’s *Response to Staff Recommendation*.

3. On April 30, 2025, the Commission issued its *Order Approving Infrastructure System Replacement Surcharge*, in which it rejected the tariff sheet originally filed by Spire Missouri on January 17, 2025, and authorized the Company to file a tariff revision sufficient to

recover ISRS revenues consistent with Staff's recommendations. Consistent with the statutory deadline set forth in the ISRS Statute (*see* Sections 393.1009 RSMo. to 393.1015 RSMo.) for processing ISRS applications, the Commission made its Order effective on May 10, 2025.

4. In compliance with the Commission's Order, the Company has contemporaneously filed, with this Motion for Expedited Treatment, a revised tariff sheet to recover the ISRS revenues authorized by the Commission.

5. The purpose of this Motion for Expedited Treatment is to request the Commission approve the Company's revised tariff sheet filed on this date to become effective on May 14, 2025, if practical.

6. Commission Rule 20 CSR 4240-2.080 (14) (B) requires that a motion for expedited treatment set out the "harm that will be avoided, or the benefit that will accrue," and include "a statement of the negative effect, or that there will be no negative effect on the party's customers or the general public" if the Commission acts as requested. Spire Missouri submits that the benefit that will accrue by expedited approval is that the Company will be able to timely recover the investments that it has made into maintaining its safe and reliable system for its customers. The harm that will be avoided is delayed recovery of these prudent infrastructure investments. At the same time, there will be no negative impact on the Company's customers or the general public if the Commission grants such relief. Further, as the Commission has ordered Staff's recommended ISRS revenue requirements, there will be no additional burden on Staff, or any other party, to review the revised tariff sheet before the desired effective date. For all of these reasons, Spire Missouri submits that there is good cause for the Commission to approve the proposed tariff to become effective on May 14, 2025.

7. This pleading was filed as soon as it could have been following the Company's preparation and filing of the revised tariff sheet implementing the terms of the Order issued by the Commission in this case on April 30, 2025.

8. As noted in the Commission's order, an ISRS may not be changed more often than two times during every 12-month period, and the present ISRS cannot take effect sooner than May 14, 2025. Spire Missouri appreciates the Commission's expediency in issuing its Order and making its Order effective sooner than 30 days so that Spire Missouri may file its compliance tariff to be effective as soon as practicable following the expiration of the 12 month-period.

**WHEREFORE**, for all the foregoing reasons, Spire Missouri respectfully requests that the Commission consider and grant this Motion for Expedited Treatment and approve the revised tariff sheet to become effective on May 14, 2025.

Respectfully submitted,

*/s/ J. Antonio Arias*
