

DATA INFORMATION REQUEST
Missouri-American Water Company
SM-2025-0067
Sale to Confluence Rivers

Requested From: Tim Luft

Date Requested: 03/28/2025

Information Requested:

If MAWC believes Confluence Rivers' service model will more efficiently serve the systems involved in this transaction, why is MAWC not proposing to sell all of its small wastewater systems to Confluence Rivers?

Requested By: Lindsay VanGerpen

Information Provided:

The systems included in this transaction were an arm's length negotiation between both parties. These systems were ones that MAWC was willing to sell, and Confluence Rivers was willing to purchase.

Responsible Witness: Steve Kadyk
