

DATA INFORMATION REQUEST
Missouri-American Water Company
SM-2025-0067
Sale to Confluence Rivers

Requested From: Tim Luft

Date Requested: 04/11/2025

Information Requested:

In response to OPC DR 31 MAWC provided capital budget information for the ** _____
 _____ ** which contains systems in addition to the nineteen systems included in the
 Joint Application and Motion for Waiver ("Joint Application") filed in this case. Considering such, why
 is the ** _____
 _____ **?

Requested By: Lindsay VanGerpen

Information Provided:

The capital budget table provided in MAWC's response to OPC DR 31 provided two different sets of information.

The table of values titled "Jefferson City WW Capital Budget" refers to budget line items where capital is anticipated to be spent within each of those categories over the next five years.

The second table of values titled "Individual Projects Scheduled" refers to projects that are anticipated to be completed in addition to the budgeted line items.

When added together, the two tables reflect the total capital budget for the Jefferson City Wastewater Group.

Responsible Witness: Steve Kadyk
