Ameren Missouri's Tariff to Increase Its) Tariff No. YE-2015-0003
Revenues for Electric Service)

**ORDER APPROVING STIPULATION AND AGREEMENT REGARDING
CLASS KILOWATT-HOURS, REVENUES AND BILLING
DETERMINANTS, NET BASE ENERGY COSTS, AND FUEL
ADJUSTMENT CLAUSE TARIFF SHEETS**

Issue Date: March 19, 2015

Effective Date: March 19, 2015

On March 5, 2015, Union Electric Company d/b/a Ameren Missouri, the Missouri Industrial Energy Consumers (MIEC), and the Staff of the Commission filed a non-unanimous stipulation and agreement that would resolve all issues relating to weather normalization, rate revenues, and the resulting class billing determinants to be used in the development of the rates implemented in this case, with the exception of the level of load and revenues for the Large Transmission Service (LTS) class. Furthermore, the stipulation and agreement resolves certain issues related to the fuel and purchased power costs net of off-system sales revenues, and transmission charges and revenues to be used for setting in this case the general rates, the winter Base Factor, and the summer Base Factor in Ameren Missouri's fuel adjustment clause. Finally, the stipulation and agreement resolves certain issues regarding Ameren Missouri's fuel adjustment clause tariff depending upon how the Commission resolves certain other issues that are contested.

The stipulation and agreement is non-unanimous in that it was not signed by all parties. However, Commission Rule 4 CSR 240-2.115(2) provides that other parties have seven days in which to object to a non-unanimous stipulation and agreement. If no party files a timely objection to a stipulation and agreement, the Commission may treat it as a unanimous stipulation and agreement. More than seven days have passed since the stipulation and agreement was filed, and no party has objected. Therefore, the Commission will treat the stipulation and agreement as a unanimous stipulation and agreement.

After reviewing the stipulation and agreement, the Commission independently finds and concludes that the stipulation and agreement is a reasonable resolution of the issues addressed by the stipulation and agreement and that such stipulation and agreement should be approved.

THE COMMISSION ORDERS THAT:

1. The Non-Unanimous Stipulation and Agreement Regarding Class Kilowatt-Hours, Revenues and Billing Determinants, Net Base Energy Costs, and Fuel Adjustment Clause Tariff Sheets, filed on March 5, 2015, is approved as a resolution of the issues addressed in that stipulation and agreement. The signatory parties are ordered to comply with the terms of the stipulation and agreement. A copy of the stipulation and agreement is attached to this order.

2. This order shall be effective when issued.
