

In the Matter of the Application of Union Electric )  
Company d/b/a Ameren Missouri for Certificates of ) File No. EA-2023-0286  
Convenience and Necessity for Solar Facilities. )

**COMES NOW** Union Electric Company d/b/a Ameren Missouri ("Company" or "Ameren Missouri"), and hereby gives notice, as required by ¶5j (second sentence) of the approved Stipulation and Agreement in this docket, that capacity from the Vandalia, Bowling Green, and Split Rail<sup>1</sup> solar facilities will be offered for subscription in the Company's Renewable Solutions Program. Whether and to what extent capacity from one, two, or all three facilities will be used for the Renewable Solutions Program will depend on whether and to what extent the capacity is subscribed. Once the subscription event is complete, a Renewable Solutions Program Phase 3 tariff sheet reflecting renewable resource charges and credits will be submitted to the Commission.

Respectfully Submitted,

<sup>1</sup> If both Vandalia and Bowling Green are fully subscribed, which at this time is unknown, the Company would make a portion of the Split Rail facility available but would expect any portion of Split Rail that is used to be small relative to its overall capacity.

**CERTIFICATE OF SERVICE**

The undersigned certifies that true and correct copies of the foregoing was served on the Staff of the Missouri Public Service Commission and the Office of the Public Counsel via electronic mail (e-mail) on this 16<sup>th</sup> day of June, 2024.
