**IAMO Communications, Inc. (SAC 351206)**

**Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))**

**CAF-BLS**

IAMO Communications, Inc. (the “Company”) is a rate-of-return carrier that is a recipient of Connect America Fund-Broadband Loop Support (CAF-BLS) support and is subject to the specific five-year build-out obligations as set forth in 47 CFR §54.308 (a)(2) of the Commission’s rules. This rule requires the Company to offer broadband service at speeds of at least 25 Mbps downstream / 3 Mbps upstream, over a five-year period, to a defined number of unserved locations. The five-year period began on January 1, 2019, and ended on December 31, 2023.

In fulfillment of this five-year build-out requirement and pursuant to 47 CFR §54.313 (f)(1)(i) of the Commission’s rules, the Company hereby certifies that throughout 2023, it took reasonable steps to provide upon reasonable request broadband service at speeds of at least 25 Mbps downstream / 3 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at speeds of at least 25 Mbps downstream / 3 Mbps upstream is unreasonable, the Company offers broadband service at the highest available speed.

In addition to the certification made above, further proof that the Company is progressing toward meeting its required buildout obligations can be found in USAC’s HUBB portal. Pursuant to 47 CFR §54.316 (a)(3) of the Commission’s rules, the Company reports any newly-served locations in USAC’s HUBB portal by March 1 each year for the previous calendar year.
