Access Services Tariff
Section 2
1st Revised Sheet 1
Replacing Original Sheet 1

ACCESS SERVICES

2. GENERAL REGULATIONS

2.1 Undertaking of the Telephone Company

2.1.1 Scope

- A. Services provided to an IC under this Tariff may be connected to facilities used by the IC to provide end-to-end service furnished by the IC for its own use or for the use of its customers.
- B. The Telephone Company does not undertake to transmit messages or offer any telecommunication services under this Tariff.
- C. The Telephone Company shall be responsible only for the installation, operation and maintenance of its services. Telephone Company facilities are not represented as adapted to the use of other than Telephone Company-provided services or equipment. The responsibility of the Telephone Company shall be limited to the provision of services under this Tariff and to the maintenance and operation of such services.
- (CT) D. The Telephone Company shall, for maintenance purposes, test its services only to the extent necessary to detect and/or clear trouble.
- E. Services are provided 24 hours daily, seven days per week, except as set forth in other sections of this Tariff.
- F. The provision of such services by the Telephone Company as set forth in this Tariff does not constitute a joint undertaking with the IC for the furnishing of any service.
- G. Facilities utilized by the Telephone Company to provide service under the provisions of this Tariff shall remain the property of the Telephone Company.
- (AT) H. The Telephone Company does not warrant that its facilities and services meet standards other than those set forth in this tariff.

ACCESS SERVICES

2. GENERAL REGULATIONS-(Continued)

2.1 Undertaking of the Telephone Company-(Continued)

2.1.2 Limitations

- A. For Enhanced Service Providers (ESPs), Access Services are not to be used as toll replacement. All calls, whether originating or terminating, will be limited to the local calling scope of the ESP's serving wire center as defined in the Telephone Company's local or general exchange tariffs. This limitation includes calls which:

- Originate at an end user and terminate to an ESP.
- Originate at an end user, route through the ESP and terminate to another end user.
- Originate at an ESP and terminate to an end user.

Where Access Service features exist which limit the scope of the Access Service to a local calling area, as a condition of being provided Access Services, ESPs shall request these features on the same Order on which the associated Access Service is requested.

Also, as a condition of being provided Access Service, ESPs will be required to sign an agreement not to disclose the calling party's telephone number, except for services directly related to the call (e.g., call setup, routing of calls, billing and maintenance) unless permission is given by the calling party.

- B. Switched Access Services terminating at an IC terminal location will be (RT) billed only to the IC.
- C. The use and restoration of services shall be in accordance with the Federal Communications Commission's Rules and Regulations which specify the priority system for such activities as set forth in Paragraph 10.7.1, C., following.
- D. Directory listings will not be furnished as a part of the services provided under this Tariff. Directory listings will be provided at the rates and charges specified in the appropriate General Exchange Tariff for additional listings.

2. GENERAL REGULATIONS-(Continued)

2.1 Undertaking of the Telephone Company-(Continued)

2.1.3 Liability-(Continued)

- (CT) C. The Telephone Company is not liable for damages to the customer's premises resulting from the furnishing of a service, including the installation and removal of equipment and associated wiring, unless the damage is caused by the Telephone Company's negligence.
- (AT)
(CT) D. When a customer is provided service under this tariff, the Telephone Company shall be indemnified, defended and held harmless by the customer against any claim, loss or damage including punitive damages, attorneys fees and court costs, arising from the use of services offered under this Tariff, involving:
- (CT) 1. Claims for libel, slander, invasion of privacy or infringement of copyright arising from the customer's own communications;
- (AT)
(CT) 2. Claims for patent infringement arising from the customer's acts combining or using the service furnished by the Telephone Company in connection with facilities or equipment furnished by the customer; or
- (CT) 3. All other claims arising out of any act or omission of the customer in the course of using services provided pursuant to this Tariff.
- (CT) E. The Telephone Company does not guarantee or make any warranty with respect to its services when used in an explosive atmosphere. The Telephone Company shall be indemnified, defended and held harmless by the customer from any and all claims by any person relating to the services so provided.
- (CT)
|
(CT) F. No license under patents (other than the limited license to use) is granted by the Telephone Company or shall be implied or arise by estoppel, with respect to any service offered under this Tariff. The Telephone Company will defend the customer against claims of patent infringement arising solely from the use by the customer of services offered under this Tariff and will indemnify such customer for any damages awarded based solely on such claims.
- G. The Telephone Company's failure to provide or maintain services under this Tariff shall be excused by labor difficulties, governmental orders, civil commotions, criminal actions taken against the Telephone Company, acts of God and other circumstances beyond the Telephone Company's reasonable control, subject to the Credit Allowance for a Service Interruption as set forth in Paragraph 2.4.4, following.

ACCESS SERVICES

2. GENERAL REGULATIONS-(Continued)

2.1 Undertaking of the Telephone Company-(Continued)

2.1.3 Liability-(Continued)

- H. The Telephone Company shall in no way be liable for any harm or any damages arising in connection with any failure of the customer to properly ground or bond the service, the premises, any structure in which the service is to be provided or used, or any equipment or associated wiring.

2.1.4 Provision of Services

- A. The Telephone Company, to the extent that such services are or can be made available with reasonable effort and after provision has been made for the Telephone Company's telephone exchange services, may provide to the IC, upon reasonable notice, services offered in other applicable sections of this tariff at rates and charges specified therein.

In the event that the ICs request cannot be fulfilled with existing facilities and equipment or the request is not consistent with the Telephone Company's filed tariffs and technical publications, alternative designs may be provided by the Telephone Company. Additionally, the Telephone Company will work with the customer to reach an agreeable solution.

- B. The services provided under this tariff are provided over such routes and facilities as the Telephone Company may elect. Requests for special facilities or routing of Access Service will be provided in accordance with Section 11 or Section 14, following, as appropriate.
- C. The services provided under this tariff (1) will include any entrance cable or drop wiring and wiring or cable as set forth in Part 68 of the Federal Communications Commission's Rules and Regulations and (2) will be installed by the Telephone Company to the points of termination.

Moves involving the point of termination at the IC terminal location on the End User's premises will be as set forth in Section 6, Paragraph 6.10.10 and Section 7, Paragraph 7.3.5, preceding. Standard Jacks, as set forth in Section 13, Paragraph 13.3.4, following, are used where appropriate to terminate services. For simple inside wiring where there is no Telephone Company provided standard jack at the Demarcation Point, customers may make connections by direct attachment to Company installed wiring at points on the customer's side up to and including at the Demarcation Point.

2.1.4 Provision of Services

- A. The Telephone Company, to the extent that such services are or can be made available with reasonable effort and after provision has been made for the Telephone Company's telephone exchange services, will provide to the IC, upon reasonable notice, services offered in other applicable sections of this Tariff at rates and charges specified therein:
- B. The services provided under this Tariff are provided over such routes and facilities as the Telephone Company may elect. Requests for special facilities or routing of Access Service will be provided in accordance with Section 11 or Section 14, following, as appropriate.
- C. The services provided under this Tariff (1) will include any entrance cable or drop wiring and wiring or cable within a building necessary to terminate the Telephone Company's outside distribution facilities at a point of minimum penetration inside the IC terminal location or End User's premises and (2) will be installed by the Telephone Company to such points of termination. Standard Jacks, as set forth in Section 13, Paragraph 13.3.4, following, are used to terminate services. Jacks other than those used to terminate services may be provided by the Telephone Company as specified in the General Exchange Tariff.

Wiring to apparatus or facilities of the IC or End User shall be furnished by the IC or End User from such points of termination. At the option of the IC or End User, standard wiring may be provided by the Telephone Company on a time-sensitive basis as specified in the General Exchange Tariff for standard business or residence service.

- D. The Telephone Company will provide the IC the makeup of the services and facilities provided under this Tariff to enable the IC to design its overall service.
- E. The Telephone Company may, where such action is reasonably required in the operation of its business, (1) substitute, change or rearrange any facilities used in providing service under this Tariff, including but not limited to (a) substitution of different metallic facilities, (b) substitution of carrier or derived facilities for metallic facilities used to provide other than metallic facilities and (c) substitution of metallic facilities for carrier or derived facilities used to provide other than metallic facilities (2) change minimum network protection criteria, (3) change operating

C. Interference or Impairment

The characteristics and methods of operation of any circuits, facilities or equipment provided by other than the Telephone Company and associated with the facilities utilized to provide services under this Tariff shall not interfere with or impair service over any facilities of the Telephone Company, its affiliated companies or its connecting and concurring carriers involved in its services, cause damage to their plant, impair the privacy of any communications carried over their facilities or create hazards to the employees of any of them or the public.

If such characteristics or methods of operation are not in accordance with A., preceding, the Telephone Company will, where practicable, notify the IC that temporary discontinuance of the use of a service may be required; however, where prior notice is not practicable, nothing contained herein shall be deemed to preclude the Telephone Company's right to temporarily discontinue forthwith the use of a service if such action is reasonable under the circumstances. In case of such temporary discontinuance, the IC will be promptly notified and afforded the opportunity to correct the condition which gave rise to the temporary discontinuance. During such period of temporary discontinuance, allowance for interruption of services as set forth in 2.4.4, following, is not applicable.

2.1.6 Discontinuance and Refusal of Services

(CP)

- A. Unless the provisions of 2.1.5, C., preceding apply, if the IC or End User fails to comply with the provisions of this Tariff, including any payments to be made by it on the dates or at the times herein specified, and fails within thirty (30) days after written notice by Certified U.S. Mail from the Telephone Company to the IC or End User to correct such noncompliance, the Telephone Company may discontinue the provision of the services involved and refuse additional applications for service and/or refuse to complete any pending orders for service at anytime thereafter. In case of such discontinuance, all applicable charges, including termination charges, shall become due.

ACCESS SERVICES

2. GENERAL REGULATIONS-(Continued)

2.2 Use

2.2.1 Purpose

- A. Services provided under this Tariff shall be used by the IC for its own use or in furnishing its authorized services to End Users and for operational purposes directly related to the furnishing of the IC's authorized services. Operational purposes are limited to testing and maintenance of circuits, demonstration and experimental services and spare services. Telephone Exchange Services required by the IC for its administrative use are furnished under other applicable tariffs of the Telephone Company.
- B. Where facility conditions permit, the IC may use the entire transmission capability of a service provided under this Tariff as a single channel or create additional communication channels within or below the voice frequency band. The Telephone Company does not warrant that its facilities meet standards other than those set forth in this Tariff.

2.2.2 Assignment and Transfer of Facilities

The IC may not assign or transfer the use of services provided under this Tariff except, where there is no interruption of use or relocation of the services, such assignment or transfer may be made to:

- another IC, whether an individual, partnership, association or corporation, provided the assignee or transferee assumes all outstanding indebtedness for such services, and the unexpired portion of the minimum period and the termination liability applicable to such services, if any; or

ACCESS SERVICES

2. GENERAL REGULATIONS-(Continued)

2.2 Use-(Continued)

(FC) 2.2.1 Assignment and Transfer of Facilities-(Continued)

in this Tariff shall apply to such assignee or transferee. The assignment or transfer of services does not relieve or discharge the assignor or transferor from remaining jointly or severely liable with the assignee or transferee for any obligations existing at the time of the assignment or transfer.

(CT) 2.2.2 Unlawful and Abusive Use

A. The services provided under this Tariff shall not be used for an unlawful purpose or used in an abusive manner.

Abusive use includes:

1. The use of the service of the Telephone Company for a call or calls, anonymous or otherwise, in a manner reasonably expected to frighten, abuse, torment, or harass another;
2. The use of the service in such a manner as to interface unreasonably with the use of the service by one or more other customers.

B. The Telephone Company shall, upon written request from a customer, another exchange carrier or lawful authority, terminate service to any subscriber or customer identified as having utilized service provided under this Tariff in the completion of abusive or unlawful telephone calls. Service shall be terminated by the Telephone Company as provided for in its General Exchange Service Tariffs.

C. In such instances when termination occurs, as in (B) preceding, the Telephone Company shall be indemnified, defended and held harmless by the customer or any other Exchange Carrier or party against any claim, loss or damage arising from the Telephone Company's actions in terminating such service, unless caused by the Telephone Company's negligence.

2.3 Obligations of the IC

2.3.1 Damages

The IC shall reimburse the Telephone Company for damages to facilities of the Telephone Company utilized to provide services under this Tariff caused by the negligence or willful act of the IC or

in this Tariff shall apply to such assignee or transferee.

The assignment or transfer of services does not relieve or discharge the assignor or transferor from remaining jointly or severally liable with the assignee or transferee for any obligations existing at the time of the assignment or transfer.

2.2.3 Unlawful Use

The service provided under this Tariff shall not be used for any unlawful purpose. Facilities will be disconnected forthwith if any law enforcement agency, acting within its apparent jurisdiction, advises in writing that such facilities are being used in violation of the law. The Telephone Company will refuse to furnish facilities when it has reasonable grounds to believe that such facilities will be used in violation of the law.

2.3 Obligations of the IC

2.3.1 Damages

The IC shall reimburse the Telephone Company for damages to facilities of the Telephone Company utilized to provide services under this Tariff caused by the negligence or willful act of the IC or an End User while using the services of the IC, or resulting from improper use of the Telephone Company's facilities, or due to malfunction of any facilities or equipment provided by other than the Telephone Company. The Telephone Company will, upon reimbursement for damages, cooperate with the IC in prosecuting a claim against the person causing such damage and the IC shall be subrogated to the right of recovery by the Telephone Company for the damages to the extent of such payment.

2.3.2 Theft

The IC shall reimburse the Telephone Company for any loss through theft of facilities utilized to provide services under this Tariff at the IC terminal location or End User's premises.

|
(AT)

The IC shall furnish or arrange to have furnished to the Telephone Company, at no charge, equipment space and electrical power required by the Telephone Company to provide services under this Tariff at the points of termination of such services. The selection of ac or dc power shall be mutually agreed to by the IC and the Telephone Company. The IC shall be responsible for grounding and/or bonding the premises, any structure in which service is to be provided or used, and any equipment and associated wiring. The IC shall also make necessary arrangements in order that the Telephone Company will have access to such spaces at reasonable times for installing, testing, inspecting, repairing or removing services of the Telephone Company.

2.3.4 Protective Apparatus and Additional Facilities

The IC or End User shall install and bear the cost, if any, of such additional facilities or protective apparatus which, according to accepted telecommunications industry standards, are required to be installed because of the particular use or hazardous location of the services provided under this Tariff. Rates and/or charges, if applicable, will be developed on an individual-case basis.

2.3.5 Design of IC Services

Subject to the provisions of Paragraph 2.1.4, D., preceding, the IC shall be solely responsible, at its own expense, for the overall design of its services and for any redesigning or rearrangement of its services which may be required because of changes in facilities, operations or procedures of the Telephone Company, minimum network protection criteria, operating or maintenance characteristics of the facilities.

The customer shall provide the Telephone Company notification of media stimulated mass calling events (e.g. 800, 900 opinion polls). Specific provisions relating to customer report requirements for media stimulated mass calling events are contained in 6.6.1., B., 3., following. Such notification, if received at least twenty four hours prior to the event, will enable the Telephone Company to plan and institute call gapping controls to suitably equipped end offices, as needed, pursuant to Section 6.5.1 following, so the controls will be in place when the event begins.

(AT)

(AT)

If the customer fails to provide such notifications, call gapping controls will not be available unless a potential overload condition occurs and analysis determines the condition is increasing. Call gapping will then be instituted to suitably equipped end offices, as needed, pursuant to Section 6.5.1 following, to protect the customer's and the Telephone Company's networks.

2.3.12 Notification of Service-Affecting Activities

The IC shall provide the Telephone Company timely notification of the following: planned or unplanned outages of IC facilities which will affect the Telephone Company's capability to provide adequate service for anticipated traffic volumes; facility failures within the IC network which will adversely impact upon the Telephone Company's capability to provide adequate service for anticipated traffic volumes and IC marketing activities designed to generate rapid or short-term increases in anticipated traffic volumes. This timely notification will enable the Telephone Company to administer its network as set forth in Section 6, Paragraph 6.5.1, following.

2.3.13 Coordination with Respect to Network Contingencies

The IC shall, in cooperation with the Telephone Company, coordinate in planning the actions to be taken to maintain maximum network capability following natural or man-made disasters which affect telecommunications services.

2.3.14 Jurisdictional Report Requirements

A. Jurisdictional Reports

1. When the IC orders service for both interstate and intrastate use, the projected interstate percentage of use and intrastate percentage of use must be provided to the Telephone Company. These percentages will be used by the Telephone Company to apportion the use and/or charges between interstate and intrastate until a revised report is received as set forth in Paragraph 2.3.14, A.2., following.
2. Effective on the first of January, April, July and October of each year the IC shall update the interstate and intrastate jurisdictional report. The IC shall forward to the Telephone Company, to be received no later than 15 days after the first of each such month, a revised report showing the interstate and intrastate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for interstate and intrastate use. The revised report will serve as the basis for the next three months' billing and will be effective on the bill date for that service. No prorating or back billing will be done based on the report. If the IC does not supply the reports, the Telephone Company will assume the percentages to be the same as those provided in the last quarterly report. For those cases in which a quarterly report has never been received from the IC, the Telephone Company will assume the percentages to be the same as those provided in the order for service as set forth in Paragraph 2.3.14, A.1., preceding.

2.3 Obligations of the IC-(Continued)

2.3.12 Determination of Intrastate Charges for Mixed Interstate and Intrastate Switched Access Service-(Continued)

A. (Continued)

- For usage-sensitive (i.e., access minutes and calls) chargeable rate elements, multiply the percent intrastate intraLATA use and/or intrastate interLATA use times actual use (i.e., measured or Telephone Company-assumed average use) times the stated tariff rate.
- When the interstate charges are on a monthly rate per line basis and the intrastate charges are on a usage basis, the percent interstate usage will be rounded to equal the nearest number of whole lines. The difference between that rounded percent and 100 percent will be billed as intrastate usage.

(FC) The intrastate percentages will change as revised usage reports are submitted as set forth in Section 2, Paragraph 2.3.13, B., following.

(FC) Jointly provided and non-jointly provided intrastate 800 Access Service usage terminating over WATS Access Line Service which carries pure intrastate traffic or a mix of intrastate/interstate traffic, will be split between interLATA and intraLATA usage via a percentage as described in the Telephone Company's Wide Area Telecommunications Service Tariff. Jurisdictional determination of jointly provided and non-jointly provided originating intrastate 800 Access Service usage will be based upon data provided as set forth in Section 2, Paragraphs 2.3.12 and 2.3.13 and in Section 6, Paragraph 6.9.1, following.

B.

- C. Until such time as actual usage data is available, the IC will report and pay to the Telephone Company intrastate access charges for all messages which originate on the IC's network in Missouri and terminate at a telephone number in Missouri as follows:

1. Sixty-six and six tenths percent (66.6%) of all messages which originate on the IC's network in the Missouri portion of the Kansas City Standard Metropolitan Statistical Area (SMSA) and terminate at a telephone number in Missouri will be reported as intrastate.

ACCESS SERVICES

2. GENERAL REGULATIONS-(Continued)

2.3 Obligations of the IC-(Continued)

2.3.14 Jurisdictional Report Requirements-(Continued)

B. Maintenance of IC Records

The IC shall maintain and retain for a minimum of one year, complete, detailed and accurate records, workpapers and backup documentation in form and substance to evidence the percentage data provided to the Telephone Company as set forth in Paragraph 2.3.14, A.1. and 2., preceding. All of the records, workpapers and backup documentation shall be made available during normal business hours, at the location named in the report, upon reasonable request by the Telephone Company in order to permit a review by a Telephone Company auditor, an outside auditor under contract to the Telephone Company, or an auditor of a federal or state regulatory commission. If the records, workpapers and backup documentation are not provided or are insufficient or not in accordance with the provisions of this Paragraph, the percentages of interstate and intrastate service will be assumed by the Telephone Company to be the same as indicated in the last report received until the deficiencies are corrected and new reports, as required herein, are provided to the Telephone Company.

2.3.15 Determination of Intrastate Charges for Mixed Interstate and Intrastate Switched Access Service

When mixed interstate and intrastate Switched Access Service is provided, all charges (i.e., nonrecurring, monthly and usage) including optional features charges, will be prorated between interstate and intrastate. The percentages provided in the reports in Paragraph 2.3.14, A., preceding, will serve as the basis for prorating the charges. The percentage of an Access Service to be charged as intrastate is derived in the following manner:

- For monthly and nonrecurring chargeable rate elements, multiply the percent intrastate use times the quantity of chargeable elements times the stated tariff rate per element.
- For usage-sensitive (i.e., access minutes and calls) chargeable rate elements, multiply the percent intrastate use times actual use (i.e., measured or Telephone Company-assumed average use) times the stated tariff rate.

2.3 Obligations of the IC-(Continued)

2.3.12 Determination of Intrastate Charges for Mixed Interstate and Intrastate Switched Access Service-(Continued)

C. (Continued)

2. Seventy-five and nine tenths percent (75.9%) of all messages which originate on the IC's network in the Missouri portion of the St. Louis Standard Metropolitan Statistical Area (SMSA) and terminate at a telephone number in Missouri will be reported as intrastate.
3. One hundred percent (100%) of all other messages which originate on the IC's network in Missouri and terminate at a telephone number in Missouri will be reported as intrastate.
4. If an IC establishes a point of interconnection between its facilities and those of a local exchange telephone company in a state which adjoins Missouri and which Missouri customers may gain access on a toll free basis, the messages which gain access at such points of interconnection and terminate at a Missouri telephone number shall be reported as intrastate messages. Traffic gaining access at a point of interconnection in Kansas or Illinois and through which Kansas City or St. Louis customers may access on a toll free basis and terminate at a telephone number in Missouri shall be apportioned between the interstate and intrastate jurisdictions on the same basis as described in Paragraph 2.3.12, C.1. and 2., preceding.

The percent of intrastate messages as determined in Paragraphs 2.3.12,C., 1., 2., 3. and 4., preceding, must be further separated into the percent intrastate intraLATA and the percent intrastate interLATA messages (for example, if intrastate usage makes up 20 percent of the customers' total usage and half of the intrastate usage is intraLATA, the intraLATA percent related to the intrastate usage would be 50). All messages which originate on the IC's network in the Missouri portion of a LATA and terminate at a telephone number in the same LATA in Missouri will be reported as intrastate intraLATA. Messages terminating at a telephone number in a different LATA in Missouri will be reported as intrastate interLATA. Wire centers and their corresponding LATA's may be found in the appropriate FCC Tariff. Different intrastate charges may apply to intrastate intraLATA and intrastate interLATA messages.

2.3.13 Jurisdictional Report Requirements

A. General

When Switched Access Services are provided for both interstate and intrastate use, monthly rates, usage rates and nonrecurring charges are prorated between interstate and intrastate on the basis of the projected interstate percentage of use (PIU), as set forth in Paragraphs 2.3.13., and 6.9.1.

When a PIU is to be applied to an Access Service provided as a BSA or BSE and the intrastate equivalent of the BSA or BSE is only available on a bundled feature group basis, intrastate usage and charges will be prorated to the bundled feature group equivalent of the BSA.

When a PIU is to be applied to an Access Service provided as a BSA/BSE combination and the intrastate equivalent of the BSA/BSE combination is not available either as a BSA/BSE combination or on a bundled feature group basis, the PIU must be one hundred percent (100%).

MISSOURI
Public Service Commission

2.3.12 Determination of Intrastate Charges for Mixed Interstate and Intrastate Switched Access Service--(Continued)

C. (Continued)

6. The percent interstate usage resulting residually from the provisions of Paragraph 2.3.12, C.1., 2., 3., and 4., preceding is subject to the rounding provision of Paragraph 2.3.12., A., preceding.
7. The reports required in Section 2.3.13., following, should be based on actual total customer usage data if at all possible. If that data is not available, the reports may be based on either statistically valid samples derived by the customer, or on samples from sampling techniques agreed to by the Telephone Company. The allowable statistical parameters associated with the percentages produced from statistical sampling are a 95 percent confidence level and a $\pm 1/2$ percent precision.

2.3.13 Jurisdictional Report Requirements

(AT)

A. General

When Switched Access Services are provided for both interstate and intrastate use, monthly rates, usage rates and nonrecurring charges are prorated between interstate and intrastate on the basis of the projected interstate percentage of use (PIU), as set forth in Paragraphs 2.3.13., and 6.9.1.

When a PIU is to be applied to an Access Service provided as a BSA or BSE and the intrastate equivalent of the BSA or BSE is only available on a bundled feature group basis, intrastate usage and charges will be prorated to the bundled feature group equivalent of the BSA.

When a PIU is to be applied to an Access Service provided as a BSA/BSE combination and the intrastate equivalent of the BSA/BSE combination is not available either as a BSA/BSE combination or on a bundled feature group basis, the PIU must be one hundred percent (100%).

(AT)

(FC)

B. Jurisdictional Reports

1. When the IC orders service for interstate and intrastate use, the projected interstate percentage of use, intrastate intraLATA percentage of use and intrastate interLATA percentage of use must be provided to the Telephone Company. These percentages, when actual

2. Terminating FGC, FGD, BSA-C, BSA-D-(Continued)

projected interstate percentage. The projected interstate percentage will be developed on a monthly basis, by end office, when the Switched Access Service access minutes (FGD, FGD, BSA-C and BSA-D) are measured by dividing the measured interstate terminating access minutes (the access minutes where the calling number is in one state and the called number is in another state) by the total terminating access minutes.

For FGC, FGD, BSA-C and BSA-D Switched Access Services where call details are insufficient to determine jurisdiction, the customer will provide an interstate percentage of FGC, FGD, BSA-C or BSA-D terminating access minutes for each end office or LATA from which the customer may terminate traffic. If a LATA-level PIU factor is provided by the customer, the specified percentage will be applied to all end offices to which the customer may terminate traffic within the LATA or to those end offices for which an end office-level PIU is not provided.

If the customer does not provide the Telephone Company with PIU factors for their terminating FGC, FGD, BSA-C or BSA-D traffic, the Telephone Company will develop a PIU factor for such terminating access minutes utilizing the data used to develop the PIU for the originating access minutes. The Telephone Company developed percentage will be based on the average of the customer's originating FGC, FGD, BSA-C and/or BSA-D usage.

If the customer has no originating traffic within the end office for which sufficient call detail exists to develop an interstate percentage, the Telephone Company will designate a PIU factor of 50% for FGC, FGD, BSA-C or BSA-D terminating access minutes.

3. Dedicated Network Access Link (DNAL) BSA

Upon ordering Switched Access DNAL BSA, the customer will provide an interstate percentage of use for each DNAL BSA requested.

2. Effective on the first of January, April, July and October of each year, the IC shall update the interstate and intrastate jurisdictional reports pursuant to the method described in Paragraph 2.3.12, preceding. The IC shall forward to the Telephone Company, to be received no later than 15 days after the first of each such month, a revised report showing the interstate percentage of use and intrastate percentages of use for the past three months. This usage will be from the most recent 3 month period for which this data exists and will be reported for each service arranged for interstate and intrastate use. The revised report will serve as the basis for the next three months' billing and will be effective on the bill date for that service. No prorating or back billing will be done based on the report. If the IC does not supply the reports, the Telephone Company will assume the percentages to be the same as those provided in the last quarterly report. For those cases in which a quarterly report has never been received from the IC, the Telephone Company will assume the percentages to be the same as those provided in the order for service as set forth in Paragraph 2.3.13., B.1., preceding.
3. Where an IC has previously obtained interstate service and is applying for authorization to provide intrastate service, an interim jurisdictional report may need to be submitted. This interim report will not be necessary if the effective date of the Order authorizing the IC to provide intrastate service coincides with the jurisdictional report dates as set forth in Paragraph 2.3.13., B.2.
 - a. The IC shall submit to the Telephone Company an interim report on or before the effective date of the Order authorizing the IC to provide intrastate service. This report will serve as the basis for billing until revised reports are received as set forth in Paragraph 2.3.13., B.2.
 - b. This interim report will be based on usage from the previous three months for which message data exists. Data used must be from the six month period prior to the effective date of the Order. Interstate and intrastate percentages of use will be reported as ordered by the Commission in Case No. T0-84-223 et al. and will be determined as set forth in Paragraph 2.3.12, preceding.

1. When the IC orders service for both interstate and intrastate use, the projected interstate percentage of use and intrastate percentage of use must be provided to the Telephone Company. These percentages, when actual jurisdictional usage is unknown, will be used by the Telephone Company to apportion the use and/or charges between interstate and intrastate until a revised report is received as set forth in Paragraph 2.3.15A.2., following.
2. Effective on the first of January, April, July and October of each year the IC shall update the interstate and intrastate jurisdictional report pursuant to the method described in Paragraph 2.3.14, preceding. The IC shall forward to the Telephone Company, to be received no later than 15 days after the first of each such month, a revised report showing the interstate and intrastate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for interstate and intrastate

2.3 Obligations of the IC--(Continued)

2.3.15 (Continued)

The intrastate percentage will change as revised usage reports are submitted as set forth in Paragraph 2.3.14, A., preceding.

2.4 Payment Arrangements and Credit Allowances

2.4.1 Payment of Rates, Charges and Deposits

- A. Where the provision of facilities involves an unusual investment, an IC may be required to make payment in advance of such portion of the estimated cost of the installation or construction as is to be borne by it. The amount of the advance payment will be credited to the IC's account as applying to the indebtedness of the IC for the services and facilities provided.
- B. The Telephone Company may, in order to safeguard its interests, require an IC to make a deposit prior to or at any time after the provision of a service to the IC to be held by the Telephone Company as a guarantee of the payment of rates and charges. Such deposit may not exceed the rates and charges for the service for a one-month period plus the amount of any termination charges attributable to the service. The fact that a deposit has been made in no way relieves the IC from complying with the Telephone Company's regulations as to advance payments or the prompt payment of bills or constitute a waiver or modification of the regular practices of the Telephone Company providing for the discontinuance of the facilities for nonpayment of any sums due the Telephone Company for facilities provided.

3. (Continued)

b. (Continued)

Previous lack of authorization to provide intrastate intraLATA and/or intrastate interLATA service does not exempt an IC from including jurisdictionally intrastate messages from the three months data used in the calculation of these percentages of use.

4. The Telephone Company retains the right to employ monitoring equipment for the purpose of verification of IC percentage of use reporting. The Telephone Company shall treat such information as proprietary in nature and shall maintain its confidentiality.
5. Jurisdictional report requirements for 800 NPAS and 900 Access Service are as specified in Section 6, Paragraph 6.9.1, following.
6. Jurisdictional report requirements for Direct Line-Customsm are as specified in Section 18, Paragraph 18.4.
7. When a customer orders Common Channel Signaling/Signaling 7 (CCS/SS7) Interconnection Service, the customer shall provide to the Telephone Company in its order for the service, a CCS/SS7 Interconnection Service Percent Interstate Usage (PIU) Report.

Customers who provide the CCS/SS7 Interconnection Service PIU Report shall supply the Telephone Company with an interstate percentage, of 0 through 100, per Signaling Transfer Point (STP) Port Termination. This STP Port Termination PIU will be an average PIU based upon the jurisdiction (interstate versus intrastate) of those originating end user calls that require use of the specified STP Port Termination for signaling purposes.

The PIU provided by the customer for the STP Port Termination will be used by the Telephone Company to determine the jurisdiction (interstate versus intrastate) of the customer's STP Access Mileage and the STP Access Connection charges.

MO. PUBLIC SERVICE COMM.

B. Jurisdictional Reports--(Continued)

7. (Continued)

The CCS/SS7 Interconnection Service PIU must be provided to the Telephone Company upon ordering service, and thereafter, on a quarterly basis. Provisions for updating the interstate and intrastate jurisdictional report as specified in Paragraph 2.3.13 will also apply for updating the CCS/SS7 Interconnection Service PIU Report. The Telephone Company will utilize the quarterly CCS/SS7 Interconnection Service PIU Report for the STP Port Termination to update the STP Access Mileage and the STP Access Connection PIU effective on the bill date for the service.

8. Line Information Data Base (LIDB) Validation Service

Upon ordering LIDB Validation Service, the customer will provide an interstate percentage of LIDB queries. The LIDB Validation Service PIU will be an average PIU based on the jurisdiction of the originating end user calls for which the Telephone Company's LIDB is queried and is to be developed from the customer's total national ABS call volumes. The LIDB Validation Service PIU will be applied to the LIDB Validation Service rates and charges.

9. Multiple 64 Clear Channel Capability (64 CCC)

Upon ordering FGD or BSA-D with the Multiple 64 CCC feature, the customer must provide both an originating and terminating PIU for FGD or BSA-D with the Multiple 64 CCC feature for each end office or LATA from which the customer may originate or terminate such traffic. The PIU will apply when call detail is insufficient to determine jurisdiction.

The CCS/SS7 Interconnection Service PIU must be provided to the Telephone Company upon ordering service, and thereafter on a quarterly basis. Provisions for updating the interstate and intrastate jurisdictional report as specified in Paragraph 2.3.13 will also apply for updating the CCS/SS7 Interconnection Service PIU Report. The Telephone Company will utilize the quarterly CCS/SS7 Interconnection Service PIU Report for the STP Port Termination to update the STP Access Mileage and the STP Access Connection PIU effective on the bill date for the service.

8. Line Information Data Base (LIDB) Validation Service

Upon ordering LIDB Validation Service, the customer will provide an interstate percentage of LIDB queries. The LIDB Validation Service PIU will be an average PIU based on the jurisdiction of the originating end user calls for which the Telephone Company's LIDB is queried and is to be developed from the customer's total national ABS call volumes. The LIDB Validation Service PIU will be applied to the LIDB Validation Service rates and charges.

(AT)

9. Multiple 64 Clear Channel Capability (64 CCC)

Upon ordering FGD or BSA-D with the Multiple 64 CCC feature, the customer must provide both an originating and terminating PIU for FGD or BSA-D with the Multiple 64 CCC feature for each end office or LATA from which the customer may originate or terminate such traffic. The PIU will apply when call detail is insufficient to determine jurisdiction.

(AT)

C. Maintenance of IC Records

The IC shall maintain and retain for a minimum of one year, complete, detailed and accurate records, workpapers and backup documentation in form and substance to evidence in Section 2, Paragraph 2.3.12, preceding. All of the records, workpapers and backup documentation shall be made available during normal business hours, at the location named in the report, upon reasonable request by the Telephone Company in order to

10. Advanced Carrier Identification Service (ACIS)

Customers ordering Advance Carrier Identification Service (ACIS) must provide the Telephone Company with an originating FGB, FGC, FGD, BSA-B, BSA-C or BSA-D PIU Report for ACIS. The ACIS PIU report shall reflect an interstate percentage, by feature group or basic serving arrangement, of originating ACIS access minutes for each end office or LATA from which the customer may originate ACIS traffic. If a LATA-level PIU factor is provided by the customer, the specified percentage will be applied to all end offices to which the customer may originate traffic within the LATA or to those end office for which an end office-level PIU is not provided.

If a customer does not provide the Telephone Company with an originating ACIS PIU report or quarterly update report, the Telephone Company will determine the interstate percentage of ACIS usage as follows:

For ACIS originated over FGC, FGD, BSA-C and BSA-D Switched Access Service, the Telephone Company will develop an interstate percentage on a monthly basis for each end office by dividing the customer's measured interstate originating access minutes by the customer's total originating access minutes for which sufficient call detail exists to determine the jurisdiction. If the customer has no other traffic within the end office for which sufficient call detail exists to develop an interstate percentage, the Telephone Company will determine an interstate percentage based on an average of all interstate ACIS usage originating within the LATA.

For ACIS originated over FGB or BSA-B Switched Access Service, the Telephone Company will determine an interstate percentage based on an average of all interstate ACIS usage originating within the LATA.

(AT) 11. 700 Access Service

Upon ordering FGC, FGD, BSA-C or BSA-D, the customer must provide the Telephone Company with an originating PIU for 700 Access Service. The 700 Access Service PIU report shall reflect an interstate percentage, by feature group or basic serving arrangement, of originating 700 Access Service access minutes for each end office or LATA from which

The amount of the advance payment will be credited to the IC's account as applying to the indebtedness of the IC for the services and facilities provided.
- B. The Telephone Company may, in order to safeguard its interests, require an IC to make a deposit prior to or at any time after the provision of a service to the IC to be held by the Telephone Company as a guarantee of the payment of rates and charges. Such deposit may not exceed the rates and charges for the service for a one-month period. The fact that a deposit has been made in no way relieves the IC from complying with the Telephone Company's regulations as to advance payments or the prompt payment of bills or constitute a waiver or modification of the regular practices of the Telephone Company providing for the discontinuance of the facilities for nonpayment of any sums due the Telephone Company for facilities provided.

11. 700 Access Service-(Continued)

the customer may originate 700 traffic. If a LATA-level PIU factor is provided by the customer, the specified percentage will be applied to all end offices to which the customer may originate traffic within the LATA or to those end offices for which an end office-level PIU is not provided.

(AT)

If a customer does not provide the Telephone Company with an originating 700 PIU report or a quarterly update, the Telephone Company will designate a PIU factor of 17% for 700 Access Service.

(MT)

C. Maintenance of IC Records

(MT)

The IC shall maintain and retain for a minimum of one year, complete, detailed and accurate records, workpapers and backup documentation in form and substance to evidence in Section 2, Paragraph 2.3.12, preceding. All of the records, workpapers and backup documentation shall be made available during normal business hours, at the location named in the report, upon reasonable request by the Telephone Company in order to permit a review by a Telephone Company auditor, an outside auditor under contract to the Telephone Company, or an auditor of a federal or state regulatory commission. The Telephone Company may in its discretion accept the results of a third party audit submitted by the IC in lieu of performing its own audit. If the records, workpapers and backup documentation are not provided or are insufficient or not in accordance with the provisions of this Paragraph, the percentage of interstate and the percentages of intrastate service will be assumed by the Telephone Company to be the same as indicated in the last report received until the deficiencies are corrected and new reports, as required herein, are provided to the Telephone Company.

2.3.14 ESP Requirements

In accordance with Section 2, Paragraph 2.1.2.A., where Access Service features exist that limit the calling scope of the Access Service to the local calling scope of the ESP's serving wire center, ESPs shall request those features on the same Order for which the associated Access Service is requested.

C. Maintenance of IC Records

permit a review by a Telephone Company auditor, an outside auditor under contract to the Telephone Company, or an auditor of a federal or state regulatory commission. The Telephone Company may in its discretion accept the results of a third party audit submitted by the IC in lieu of performing its own audit. If the records, workpapers and backup documentation are not provided or are insufficient or not in accordance with the provisions of this Paragraph, the percentage of interstate and the percentages of intrastate service will be assumed by the Telephone Company to be the same as indicated in the last report received. If the deficiencies are corrected and new reports, as required herein, are provided to the Telephone Company.

2.3.14 ESP Requirements

In accordance with Section 2, Paragraph 2.1.2.A., where Access Service features exist that limit the calling scope of the Access Service, the local calling scope of the ESP's serving wire center shall request those features on the same Order for which the associated Access Service is requested.

2.3.15 Certification of Special Access as Intrastate

- A. Special Access circuits (lines)⁽¹⁾ and Frame Relay Services (FRS) are classified as intrastate [percent interstate usage (PIU) = 0%] and provided in accordance with this tariff when the Special Access circuits (lines) or FRS carry less than or equal to 10 percent interstate traffic. When the percent of interstate usage is greater than ten percent, the Special Access line(s) or FRS will be provided in accordance with the interstate tariff.
- B. The customer shall certify whether or not interstate traffic is greater than 10 percent of the total traffic carried on the Special Access line(s) or FRS. This certification will be provided to the Telephone Company by the customer as follows:
 1. Via the Access Service Request (ASR) form when ordering the line(s), or
 2. In the form of written correspondence with clear identification of each line involved and the customer designated jurisdiction associated with each line at the time that the line(s) are ordered other than by ASR form.

- (MT) (1) Each leg of a multipoint circuit is equal to one line.

- b. 0.000590 per day, compounded daily and applied for each month or portion thereof that an outstanding balance remains.

- 2. In the event that a billing dispute concerning any charges billed to the customer by the Telephone Company is resolved in favor of the Telephone Company, any payments withheld pending resolution of the dispute shall be subject to a late payment charge determined in accordance with (1) preceding and applied to such disputed charges. Such annual rate will be compounded daily and applied for each month or portion thereof that such charges were unpaid.

In the event that a billing dispute is resolved in favor of the customer, no late payment charge will apply to the disputed amount. Further, the customer will receive an interest credit if all of the following conditions exist:

- a. The customer must notify the Telephone Company of the dispute and provide sufficient documentation to support the claim within 10 working days from the date the Telephone Company is notified of the dispute;
- b. The documentation furnished by the customer must include a clear and full explanation of the basis of the dispute, the account number under which the bill has been rendered, the date of the bill, and details sufficient to identify the specific amounts and items in dispute;
- c. The customer must have paid the total amount billed in dispute;
- d. The billing dispute must be resolved in favor of the customer.

When a claim is filed within 130 days from the bill date, the period covered by the interest credit shall begin on the date that the Telephone Company receives payment in immediately available funds. When a claim is filed more than 130 days after the bill date, the period covered by the interest credit shall begin on the date of the claim or the date of overpayment, whichever is later.

b. 0.000590 per day, compounded daily and applied for each month
or portion thereof that an outstanding balance remains.

2. In the event that a billing dispute concerning any charges billed to the customer by the Telephone Company is resolved in favor of the Telephone Company, any payments withheld pending resolution of the dispute shall be subject to a late payment charge determined in accordance with (1) preceding and applied to such disputed charges. Such annual rate will be compounded daily and applied for each month or portion thereof that such charges were unpaid.

In the event that a billing dispute is resolved in favor of the customer, no late payment charge will apply to the disputed amount. Further, the customer will receive an interest credit if all of the following conditions exist:

- a. The customer must notify the Telephone Company of the dispute and provide sufficient documentation to support the claim within 10 working days from the date the Telephone Company is notified of the dispute;
- b. The documentation furnished by the customer must include a clear and full explanation of the basis of the dispute, the account number under which the bill has been rendered, the date of the bill, and details sufficient to identify the specific amounts and items in dispute;
- c. The customer must have paid the total amount in dispute billed;
- d. The billing dispute must be resolved in favor of the customer.

When a claim is filed within 130 days from the bill date, the period covered by the interest credit shall begin on the date that the Telephone Company receives payment in immediately available funds. When a claim is filed more than 130 days after the bill date, the period covered by the interest credit shall begin on the date of the claim or the date of overpayment, whichever is later.

2.4.2 Minimum Periods

- A. When a service is discontinued prior to the expiration of the minimum period, charges are applicable whether the service is used or not, as follows:
- (1) When a service with a one month minimum period is discontinued prior to the expiration of the minimum period, a one month charge will apply at the rate level in effect at the time service is discontinued.
 - (2) When a service with a minimum period greater than one month is discontinued prior to the expiration of the minimum period, the applicable charge will be the lesser of (1) the Telephone Company's total nonrecoverable costs, less the net salvage value, for the discontinued service or (2) the total monthly charges, at the rate level in effect at the time service is discontinued, for the remainder of the minimum period.
- B. The minimum periods for which services are provided and for which rates and charges are applicable are set forth in Sections 5, 8 and 9, following.
- C. The minimum period for which service is provided and for which rates and charges are applicable for a Specialized Service or Arrangement provided on an individual-case basis as set forth in Section 12, following, is one month unless a different minimum period is established with the individual-case filing.

(MT)

2.4.3 Quotation Preparation Charge

Except as set forth in Section 10, Paragraph 10.7, following, a Nonrecurring Charge for the preparation of a quotation applies whenever an IC requests rates and charges for any service for which the rates and charges are determined on an individual-case basis prior to placing an order for service. The charge includes the costs associated with the development and preparation of the quotation and any applicable taxes. The IC will be advised of the charge for quotation preparation (USOC: QPA) and must agree to pay the charge before development of the quotation will commence.

A. Application of Charge

If, after being advised that a quotation preparation charge is applicable, the IC requests the quotation, it will be developed and furnished. A bill for the quotation preparation will be rendered. The quotation is valid for 180 days and will identify all estimated costs associated with the provision of the facilities needed to satisfy the IC's service requirements. If, within this 180-day period, the IC orders the service as quoted and service is subsequently provided, the Quotation Preparation Charge will be credited to the IC's account. However, if the IC cancels the order before service is provided, but after completion of the quotation preparation, a charge equal to the costs incurred by the Telephone Company will apply.

If the IC cancels the request for a quotation prior to its completion, the IC will be billed the lesser of the amount for:

- the quotation preparation charge, which the IC was advised would apply, or
- the costs incurred, for quotation preparation, plus any appropriate taxes through the cancellation date.

2. GENERAL REGULATIONS-(Continued)

2.4 Payment Arrangements and Credit Allowances-(Continued)

2.4.3 Quotation Preparation Charge

Except as set forth in Section 10, Paragraph 10.7, following, a Non-recurring Charge for the preparation of a quotation applies whenever an IC requests rates and charges for any service for which the rates and charges are determined on an individual-case basis prior to placing an order for service. The charge includes the costs associated with the development and preparation of the quotation and any applicable taxes. The IC will be advised of the charge for quotation preparation (USOC: QPA) and must agree to pay the charge before development of the quotation will commence.

A. Application of Charge

If, after being advised that a quotation preparation charge is applicable, the IC requests the quotation, it will be developed and furnished. A bill for the quotation preparation will be rendered. The quotation is valid for 180 days and will identify all estimated costs associated with the provision of the facilities needed to satisfy the IC's service requirements. If, within this 180 day period, the IC orders the service as quoted and service is subsequently provided, the Quotation Preparation Charge will be credited to the IC's account. However, if the IC cancels the order before service is provided, but after completion of the quotation preparation, a charge equal to the costs incurred by the Telephone Company will apply.

If the IC cancels the request for a quotation prior to its completion, the IC will be billed the lesser of the amount for:

- the quotation preparation charge, which the IC was advised would apply, or
- the costs incurred, for quotation preparation, plus any appropriate taxes through the cancellation date.

2.4.3 Quotation Preparation Charge

Except as set forth in Section 10, Paragraph 10.7, following, a Non-recurring Charge for the preparation of a quotation applies whenever an IC requests rates and charges for any service for which the rates and charges are determined on an individual-case basis prior to placing an order for service. The charge includes the costs associated with the development and preparation of the quotation and any applicable taxes. The IC will be advised of the charge for quotation preparation (USOC: OPA) and must agree to pay the charge before development of the quotation will commence.

A. Application of Charge

If, after being advised that a quotation preparation charge is applicable, the IC requests the quotation, it will be developed and furnished. A bill for the quotation preparation will be rendered. The quotation is valid for 90 days and will identify all estimated costs associated with the provision of the facilities needed to satisfy the IC's service requirements. If, within this 90-day period, the IC orders the service as quoted and service is subsequently provided, the Quotation Preparation Charge will be credited to the IC's account. However, if the IC cancels the order before service is provided, but after completion of the quotation preparation, a charge equal to the costs incurred by the Telephone Company will apply.

2. GENERAL REGULATIONS-(Continued)

2.4 Payment Arrangements and Credit Allowances-(Continued)

2.4.3 Quotation Preparation Charge-(Continued)

B. Title or Ownership Rights

The payment of a charge for quotation preparation does not assign, confer or transfer title or ownership rights to proposals or facilities designed or furnished by the Telephone Company. Title and ownership rights for any item developed at the IC's request remains with the Telephone Company, except as specifically provided by an agreement between all parties.

2.4.4 Credit Allowance for Service Interruptions

A. General

A service is interrupted when it becomes unusable to the IC because of a failure of a facility component used to furnish service under this Tariff or in the event that the protective controls applied by the Telephone Company result in the complete loss of service by the customer as set forth in Section 6.8.1, following. An interruption period starts when an inoperative service is reported to the Telephone Company by the IC and ends when the service is operative.

The credit allowance(s) for an interruption or for a series of interruptions shall not exceed the monthly rate, the assumed minutes of use charge or the minimum monthly usage charge as appropriate for the service interrupted in any one monthly billing period.

For calculating credit allowances every month is considered to have 30 days.

B. When a Credit Allowance Applies

In case of an interruption to any service, allowance for the period of interruption, if not due to the negligence of the customer, shall be as follows:

1. For CCS/SS7 Interconnection Service and Special Access Services other than Program Audio service, no credit shall be allowed for an interruption of less than 30 minutes. The customer shall be credited for an interruption of 30 minutes or more at the rate of 1/1440 of the monthly charges for the facility or service for each period of 30 minutes or fraction thereof that the interruption continues.

ACCESS SERVICES

2. GENERAL REGULATIONS--(Continued)

RECEIVED

2.4 Payment Arrangements and Credit Allowances--(Continued) DEC 7 1989

2.4.4 Credit Allowance for Service Interruptions--(Continued) MISSOURI

C. When Credit Allowance Does Not Apply--(Continued) Public Service Commission

3. Interruptions of a service during any period in which the Telephone Company is not afforded access to the premises where the service is terminated.
4. Interruptions of a service during any period when the IC or End User has released a service to the Telephone Company for maintenance purposes, to make rearrangements, or for the implementation of an order for a change in the service during the time that was negotiated with the IC or End User prior to the release of that service. Thereafter, a credit allowance as set forth in Paragraphs 2.4.4, A. and B., preceding, applies.
5. Interruptions of a service which continue because of the failure of the IC or End User to authorize replacement of any element of special construction, as set forth in Section 14., following. The period for which no credit allowance is made begins on the seventh day after the IC or End User receives the Telephone Company's written notification of the need for such replacement and ends on the day after receipt by the Telephone Company of the written authorization for such replacement.
6. Periods when the IC or End User elects not to release the service for testing and/or repair and continues to use it on an impaired basis.
7. An interruption or a group of interruptions, resulting from a common cause, for amounts less than one dollar.
8. Interruption of service caused by a customer's failure to provide notification to the Telephone Company of media stimulated mass calling events as specified in Section 6.6.1, B., 3., following.

ACCESS SERVICES

2. GENERAL REGULATIONS-(Continued)

2.4 Payment Arrangements and Credit Allowances-(Continued)

2.4.4 Credit Allowance for Service Interruptions-(Continued)

(FC)

D. Use of an Alternative Service Provided by the Telephone Company

Should the IC or End User elect to use an alternative service provided by the Telephone Company during the period that a service is interrupted, the IC must pay the tarified rates and charges for the alternative service used.

(FC)

E. Temporary Surrender of a Service

In certain instances, the IC may be requested to surrender a service for purposes other than maintenance, testing or activity relating to a service order. If the IC consents, a credit allowance will be granted. The credit allowance will be determined in the same manner as a credit for service interruptions as set forth in Paragraph 2.4.4, A., preceding.

Public Service Commission

2. GENERAL REGULATIONS-(Continued)

2.4 Payment Arrangements and Credit Allowances-(Continued)

2.4.4 Credit Allowance for Service Interruptions-(Continued)

C. Use of an Alternative Service Provided by the Telephone Company

Should the IC or End User elect to use an alternative service provided by the Telephone Company during the period that a service is interrupted, the IC must pay the tariffed rates and charges for the alternative service used.

D. Temporary Surrender of a Service

In certain instances, the IC may be requested to surrender a service for purposes other than maintenance, testing or activity relating to a service order. If the IC consents, a credit allowance will be granted. The credit allowance will be determined in the same manner as a credit for service interruptions as set forth in Paragraph 2.4.4, A., preceding.

2.4.5 Message Unit Credit

Calls from End Users to the seven-digit local telephone numbers associated with Feature Group A Switched Access Service are subject to Telephone Company Local and/or General Exchange Service Tariff charges, as well as any other applicable charges for IC services. The monthly bills rendered to IC's for their Feature Groups A and E Switched Access Service will include a credit to reflect any message unit charges collected from their customers under the Telephone Company's Local and/or General Exchange Service Tariffs.

2.4.6 Services Included in Netting

When Bill Processing Service and/or Private Line Billing Service is provided by the Telephone Company to the IC, payment due for service obtained by an IC under provision of the tariff, except for services set forth in Sections 3 and 14, following, will be included in the netting of accounts receivable as set forth in Section 8, Paragraph 8.2.3, following, when the IC has been notified by the Telephone Company.
