#### Surrebuttal Testimony of Jessica A. York

#### 1 Q PLEASE STATE YOUR NAME AND BUSINESS ADDRESS.

- 2 A Jessica A. York. My business address is 16690 Swingley Ridge Road, Suite 140,
- 3 Chesterfield, MO 63017.

#### 4 Q ARE YOU THE SAME JESSICA A. YORK WHO HAS PRESENTED BOTH DIRECT

#### 5 AND REBUTTAL TESTIMONIES IN THIS PROCEEDING?

6 A Yes, I am.

#### 7 Q ON WHOSE BEHALF ARE YOU APPEARING IN THIS PROCEEDING?

8 A This testimony is presented on behalf of the Missouri Industrial Energy 9 Consumers ("MIEC"), an association that represents the interests of large consumers 10 in Missouri rate matters. Those interests include the interests of large industrial 11 consumers of Spire Missouri Inc. ("Spire" or "Company").

#### 12 Q WHAT IS THE PURPOSE OF YOUR SURREBUTTAL TESTIMONY?

A The purpose of my Surrebuttal Testimony is to respond to Spire witness Mr. Lyons'
 Rebuttal Testimony regarding my recommended revenue apportionment. In addition,

I address certain concerns regarding the Missouri Public Service Commission
 ("Commission") Staff ("Staff") witness Ms. Roth's Rebuttal Testimony on class cost of
 service and revenue allocation.

My silence with respect to any issues addressed by any other party's testimony
in this proceeding should not be taken as tacit approval or agreement regarding those
issues.

#### I. RESPONSE TO SPIRE WITNESS MR. LYONS

9 Q PLEASE SUMMARIZE THE ISSUES RAISED IN MR. LYONS' REBUTTAL
 10 TESTIMONY TO WHICH YOU WILL RESPOND.

11 A I will address Mr. Lyons' response to my proposed class revenue apportionment for
12 Spire East.

### 13 Q WHAT WAS MR. LYONS' RESPONSE TO YOUR RECOMMENDATION IN THIS 14 REGARD?

A I recommended that classes be moved 50% toward cost of service, rather than the
Company's proposed 10% movement toward cost of service. Mr. Lyons' and MIEC
agree with the objective of striking a balance between movement to cost-based rates
and gradualism. However, he believes that moving 10% toward cost of service better
reflects that balance.

# 1QDOES A 10% MOVEMENT TOWARD COST OF SERVICE REFLECT A2REASONABLE BALANCE BETWEEN MOVEMENT TO COST-BASED RATES AND3GRADUALISM?

A No. A 10% movement toward cost of service equates to approximately a system
average increase for the Residential class, and several other classes. A system
average increase does not make meaningful movement toward cost of service in this
case. This was shown in Table 2 of my Direct Testimony.

8 On the other hand, a 50% movement toward cost of service is much more 9 meaningful for several classes, and has little impact on the Residential class relative to 10 the Company's proposal. As explained in my Direct Testimony, at the Company's 11 claimed revenue deficiency, the difference between a 50% movement toward cost of 12 service and a 10% movement toward cost of service equates to about \$0.50 per month 13 for each Residential customer relative to the Company's proposed revenue spread.<sup>1</sup> A 14 50% movement toward cost of service is reasonable and should be adopted by the 15 Commission.

## 16QDO YOU HAVE ANY FURTHER ARGUMENT AGAINST A 10% MOVEMENT17TOWARD COST OF SERVICE?

A Yes. A 10% movement toward cost of service would theoretically take 10 rate cases
to achieve cost based rates. If a utility files a rate case every two to three years, full
cost of service would not be reached for 20 to 30 years. This is unreasonable and
should be rejected.

1 2		II. RESPONSE TO STAFF WITNESS KERI ROTH
3	Q	MS. ROTH'S REBUTTAL TESTIMONY ACKNOWLEDGED SEVERAL ERRORS
4		THAT WERE CONTAINED IN THE CLASS COST OF SERVICE FILED WITH HER
5		DIRECT TESTIMONY. HAVE THOSE ERRORS BEEN CORRECTED?
6	А	Corrections have not been provided to MIEC prior to the filing date of this Surrebuttal
7		Testimony. Indeed, Ms. Roth indicated in response to a discovery request from MIEC
8		that she intends to provide a corrected class cost of service study, and potentially an
9		updated revenue allocation, with her Surrebuttal Testimony on June 30. <sup>2</sup> Thus, MIEC
10		is unable to respond to Ms. Roth's corrections and modifications in this Surrebuttal

case. To the extent that parties are denied an opportunity to respond to any corrections
 or modifications that are presented in Staff's Surrebuttal Testimony, then no weight
 should be given to the updated class cost of service study either.

#### Data Request Response 334 - Case No. GR-2025-0107

MIEC 1-1. Please refer to the Rebuttal Testimony of Keri Roth at page 6 through page 8, lines 1 7.

a. Please identify the date when Ms. Roth expects to file an updated Class Cost of Service Study ("CCOSS") correcting the errors identified on the referenced pages of Ms. Roth's Rebuttal Testimony.

Response: Due to ongoing auditing adjustments, an updated Class Cost of Service study ("CCOS") will be provided as soon as possible. At this time Staff expects to file an updated CCOS as part of Surrebuttal testimony.

b. Will Ms. Roth provide the corrected CCOSS before Surrebuttal Testimony is due? If so, how far in advance of Surrebuttal Testimony does Ms. Roth anticipate filing the corrected CCOSS?

Response: At this time Staff expects to file an updated CCOS as part of Surrebuttal testimony.

c. Please provide the Missouri Industrial Energy Consumers ("MIEC") with a copy of the corrected CCOSS model, in electronic spreadsheet format with all formulas and links intact, as soon as it is available.

Response: Staff will provide an updated CCOS, in electronic spreadsheet format, as soon as it becomes available.

d. Please provide MIEC with all workpapers relied upon by Ms. Roth to develop the corrected CCOSS as soon as they are available. Please provide all workpapers in electronic spreadsheet format with all formulas and links intact.

**Response:** Staff will provide all updated workpapers, in electronic spreadsheet format, relied upon to develop the corrected CCOS as soon as they become available.

e. Please indicate whether or not the corrected CCOSS contemplated in Ms. Roth's testimony will be the final CCOSS Ms. Roth anticipates filing in this case on behalf of Missouri Public Service Commission ("Commission") Staff ("Staff") (i.e., reflecting Staff's final revenue requirement, billing units, and allocation factors).

Response: Surrebuttal is the final opportunity to file a CCOS study in this case.

f. Does Ms. Roth anticipate changing the revenue allocation recommendations shown in the tables on page 8 of her Direct Testimony based on her corrected CCOSS? If yes, please provide

Ms. Roth's updated revenue allocation recommendation based on the results of her corrected CCOSS, when the corrected CCOSS is available.

**Response:** Staff's updated CCOS study will include any changes in the amount of revenue allocated to the various customer classes due to corrections as well as updates to the inputs in the CCOS study. Staff's policy goals, as described in CCOS testimony, remain unchanged. Staff will provide the results of the updated and corrected CCOS when it becomes available.
