**KCP&L GREATER MISSOURI OPERATIONS COMPANY
2009 INTEGRATED RESOURCE PLAN
CORPORATE APPROVAL STATEMENT FOR
RESOURCE ACQUISITION STRATEGY**

The 2009 Integrated Resource Plan ("IRP") of KCP&L-Greater Missouri Operations Company ("GMO") was prepared under our direction and control. This includes eight (8) Volumes that comprise the IRP. To the best of our knowledge, information, and belief, the methods used and the procedures followed by GMO in formulating the resource acquisition strategy contained in the IRP comply with the provisions of Chapter 22 of the regulations of the Missouri Public Service Commission ("Commission") subject to waivers previously granted by the Commission. GMO has approved the Resource Acquisition Strategy shown as Appendix 7A.

As required by 4 CSR 240-22.080(10) the referenced resource acquisition strategy includes: 1) the Preferred Resource Plan, 2) an implementation plan for the new resource additions included in the Preferred Resource Plan, 3) ranges of the critical uncertain factors, 4) contingency options, and 5) monitoring and reporting processes of the critical uncertain factors. Pursuant to the requirements of the Commission's regulations, GMO will notify the Commission if GMO determines that circumstances have changed so that the Preferred Resource Plan identified in GMO's 2009 Integrated Resource Plan is no longer appropriate.
