## ORDER EXTENDING TIME TO RESPOND

Issue Date: September 15, 2020

Effective Date: September 15, 2020

A provision in the Commission's electric utility resource planning rule, 20 CSR 4240-22.080(4), requires Missouri's electric utilities to consider and analyze special contemporary issues in their triennial compliance filings or in their annual update reports. The regulation requires the Commission to issue an order by November 1 of each year, specifying the list of special contemporary issues each electric utility is to address. The regulation also provides that by September 15, Staff, Public Counsel, and other interested parties may file suggested issues for consideration. The regulation then allows the utilities and other parties until October 1 to file comments regarding the suggested issues.

On September 14, 2020, Union Electric Company d/b/a Ameren Missouri (Ameren Missouri) and the Office of the Public Counsel (Public Counsel), filed a motion asking that the dates for filing proposed issues and the time for responses by the utility be extended by two weeks. That would mean that proposed issues would be filed by September 29, with responses filed by October 15. The motion represents that Staff is amenable to the proposed extensions.

The Commission will grant the motion. Of course, if any stakeholder wishes to file proposed issues or responses before the extended due dates they may do so.

**THE COMMISSION ORDERS THAT:**

1. Any stakeholder wishing to suggest a special contemporary issue that Ameren Missouri should consider in its next annual update report shall file its written suggestions no later than September 29, 2020.
2. Ameren Missouri shall file its response to the suggested special contemporary issues by October 15, 2020.
3. Any other person or entity wishing to respond to the special contemporary issues suggested for Ameren Missouri may do so by October 15, 2020.
4. This order shall be effective when issued.
