**File No. EO-2018-0211**

**ORDER APPROVING REVISED TECHNICAL  
RESOURCE MANUAL AND DEEMED SAVINGS TABLE AND  
GRANTING EXPEDITED TREATMENT**

Issue Date: November 12, 2020

Effective Date: November 22, 2020

On December 5, 2018, the Commission approved a stipulation and agreement in this case, which, among other things required Union Electric Company d/b/a Ameren Missouri (Ameren Missouri) to file an updated Technical Resource Manual (TRM), and an updated Deemed Savings Table. The Commission approved revised TRMs and Deemed Savings Tables on February 27, 2019, December 11, 2019, and July 8, 2020. On October 16, 2020, Ameren Missouri filed additional revisions to the TRM and Deemed Savings Table and a request that the Commission approved those changes no later than November 16, 2020, and make those changes effective on January 1, 2021.

Ameren Missouri explained that the primary purpose of this update is to incorporate Evaluation Measurement & Verification (EM&V) results from the 2019 program year. In addition, this revision also includes updates to multiple measures based on feedback from the evaluation contractor, Opinion Dynamics Consulting, and the program implementation teams. Formatting and editing updates are also included for

consistency. Attachment 1 to the request includes a description of these changes and states that the measure changes were analyzed for cost effectiveness and the goals of the portfolio were not adjusted.

Ameren Missouri reported that the Staff of the Commission indicated it had no concerns with those changes. The Commission directed any responses to the request be filed no later than October 26, 2020. No responses were received. On October 29, 2020, Ameren Missouri filed a corrected Appendix F to correct three minor errors regarding lighting measure calculations. Ten days have passed since that filing and no objections have been received.

The Commission has reviewed Ameren Missouri's request and determines that the revised TRM and Deemed Savings Table, as corrected, are in compliance with the Commission's December 5, 2018 order and will approve them to become effective on January 1, 2021. Additionally, because of the need to update relevant data tracking and reporting systems by January 1, 2021, in order to align the program tracking data with the program evaluation, the Commission will grant the motion for expedited treatment and make this order effective in less than 30 days.

**THE COMMISSION ORDERS THAT:**

1. The revised Technical Resource Manual and Deemed Savings Table filed by Ameren Missouri on October 16, 2020, and corrected on October 29, 2020, are approved to become effective on January 1, 2021.
2. This order is effective on November 22, 2020.
