

**BEFORE THE PUBLIC SERVICE COMMISSION**

**OF THE STATE OF MISSOURI**

**Case No.** GC-2026-0007

**IN THE MATTER OF** the Formal Complaint of Jonathan Miller

---

**Motion for Continuance**

**NOW COMES** Petitioner, Jonathan Miller, acting pro se, and respectfully moves the Commission for a continuance in this matter, requesting an extension of all deadlines, including the scheduled date for a finding on August 31, 2025.

**In support of this motion, Petitioner states:**

1. On August 8, 2025, Petitioner filed a **Motion to Compel Discovery** to secure time-sensitive evidence from Spire, including call recordings identified in Spire's response to DR 2.
2. Spire has denied Petitioner access to these recordings by using a private platform (Kiteworks) that is not accessible to Petitioner.
3. Petitioner requires adequate time to review these crucial recordings once they are made available to fully prepare his case. A finding by the Commission on August 31, 2025, would be premature and would deprive Petitioner of the opportunity to present all relevant facts.

**WHEREFORE**, Petitioner respectfully requests that the Commission grant this Motion and extend all deadlines to ensure a fair and just process.

---

**Respectfully Submitted,**

Jonathan Miller, Petitioner Pro Se Case No. GC-2026-0007
