OF THE STATE OF MISSOURI**

In the Matter of Union Electric Company)	
d/b/a Ameren Missouri, for Permission and)	
Approval and Certificate of Public)	<u>File No. EA-2025-0239</u>
Convenience and Necessity for a Renewable)	
Generation Facility.)	

MOTION FOR PROTECTIVE ORDER

COMES NOW Union Electric Company d/b/a Ameren Missouri ("Company" or "Ameren Missouri"), and pursuant to 20 CSR 4240-2.135(4) requests issuance by the Missouri Public Service Commission ("Commission") of a protective order as outlined herein, and requests expedited treatment of its motion. In support of its request, Ameren Missouri states as follows:

Request for Protective Order

1. Under 20 CSR 4240-2.135(6), absent a specific order issued under 20 CSR 4240-2.135(4), information defined as "Confidential" by 20 CSR 4240-2.135(2)(A) is available to the attorneys of record for a party in the Commission case at issue, persons designated by a party as an outside expert in that case, *and* to employees of a party if those employees are working as subject-matter experts for the attorneys or intend to file testimony, upon a filing by such an employee of the certification required by 20 CSR 4240-2.135(7).

2. For reasons similar to those recognized by the Commission in other cases where commercially-sensitive information related to the construction of generation facilities was at issue,¹ there is certain information in the Company's direct case filing, and information that may, or likely will,

¹ File No. EA-2016-0358 (Grain Belt Express); EO-2018-0092 (Empire Customer Savings Plan); EA-2018-0202 and EA-2019- 0021 (Ameren Missouri's Certificates of Convenience and Necessity ("CCN") applications for the High Prairie and Brickyard Hills wind facilities); EA-2022-0245 (Ameren Missouri's CCN application for the Boomtown solar facility); and EA-2023-0286 (Ameren Missouri's pending application for CCNs for four solar generation facilities); EA-2024-0237 (Ameren Missouri's CCN application for the Castle Bluff simple cycle natural gas generation facility); and EA-2025-0238 (Ameren Missouri's CCN application to Construct a New Generation Facility and Battery Energy Storage System Facility).

be the subject of discovery requests that should not be available to employees of any non-state agency entities not covered by statutory confidentiality requirements who may become parties to this case.² Consequently, the Company seeks a protective order allowing it to designate such information as "Highly Confidential" under 20 CSR 4240-2.135(4).

3. Under 20 CSR 4240-2.135(4), a motion for greater protection, like this one, must explain the following:

- A. What information must be protected,
- B. The harm to the disclosing entity or the public that might result from disclosure of the information ("Potential harm"), and
- C. How the information may be disclosed while protecting the interests of the disclosing entity and the public.

4. What information must be protected: Information that should be designated as Highly Confidential includes: (A) responses to these various bid specifications and Requests for Proposals ("RFPs") and Company analyses of these responses, including consideration by the Board of Directors; (B) any agreements (and documents reflecting the terms of such agreements), entered into by the Company with an EPC contractor and with entities that will design, construct, or maintain components of the Projects; (C) any testimony regarding the specific terms and conditions and various cost and pricing information related to the EPC contracts and to various cost and pricing information; (D) the terms and conditions of agreements (and documents reflecting such terms and conditions) with entities that will construct components of each Project covered by the Agreements (the "Supplier Terms"). To the extent such information is contained in the Company's direct case filing, it has been designated as

² Employees of the Commission, the Office of the Public Counsel, and the Division of Energy are all covered by statutes protecting the confidentiality of information submitted to the Commission by utilities.

Highly Confidential in accordance with 20 CSR 4240-2.135(4)(B). If additional information falling within these categories is to be produced in discovery or in later-filed testimony, or other evidence to be presented in this case, it will likewise be designated as Highly Confidential. The information for which Highly Confidential treatment is sought cannot be found in any other public document.

5. Potential harm: Highly Confidential protection for these materials is needed for several reasons. The Company continues to engage in negotiations with contractors for additional generation resources needed as described in the Company's IRP. The Company may, in the near-term or later, engage in such discussions for generation needed for other purposes. The Company and each contractor, as a routine course, enter into a Non-Disclosure Agreement to ensure that proprietary and competitively sensitive information is not disclosed. It would be harmful to the Company, and ultimately its customers, if the pricing, terms and conditions negotiated for the projects that are the subject of this Application were known to other potential counterparties. It could also potentially be harmful to other Missouri electric utilities and their customers for the same reasons.

6. Additionally, the interests of the contractors, equipment suppliers, and other suppliers whose pricing informed cost information in this docket could also be harmed due to the highly sensitive and competitive nature of their costs and pricing. This is why the Supplier Terms contain confidentiality provisions and the Company's RFPs (as is typical of RFPs of this type) contain the Company's agreement to maintain the confidentiality of the RFP responses.

7. 20 CSR 4240-2.135(4) is in keeping with Missouri Supreme Court Rule 56.01(c)(7), which provides that protective orders may be issued "... to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including ... that a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way ..."

8. How the information may be disclosed while protecting the interests of the disclosing entity and the public: Granting this protective order will prevent access to competitively sensitive information that could work to the disadvantage of counterparties to other solar generation negotiations. Additionally, the Company also continues to engage in negotiations with other contractors related to potential generation projects. The information will still be disclosed to attorneys of record for all parties to the case, to any state agency parties and their employees covered by statutory confidentiality requirements, and to designated outside experts of any non-state agency.

9. Based on the reasons similar to those given herein, the Commission has previously issued a protective order on the terms requested in several other dockets, as cited in footnote 1 above.

10. Attached to this motion are the non-disclosure agreement forms the Commission directed to be used in File No. EA-2025-0238, as well as several other dockets. The Company requests that the Commission direct use in this docket of the form marked as Exhibit A hereto for those persons who will be authorized to access "Confidential" information. Further, the Company requests that the Commission direct use in this docket of the form marked as Exhibit B hereto for those persons who will be authorized to access "Highly Confidential" information.

11. Under 20 CSR 4240-2.135(10), "confidential" information is to be denoted as follows: ****confidential information****. Because Ameren Missouri has submitted "confidential" information and "highly confidential" information, Ameren Missouri will utilize three asterisks to denote "highly confidential" information, as follows: *****highly confidential information*****.

WHEREFORE, Ameren Missouri respectfully requests that the Commission issue a protective order as requested herein and direct the use of the Non-Disclosure Agreement forms marked as Exhibits A and B attached hereto.

Respectfully submitted,

/s/ Jennifer L. Hernandez
