**CHERI MEADOWS' MOTION TO CORRECT TRANSCRIPT**

COMES NOW I, Cheri Meadows, hereby file this Motion to Correct Transcript of my hearing held August 20, 2025. In support of this motion, I state the following:

**I. Errors in Transcript That Require Correction**

1. The hearing transcript contains errors that misrepresent my testimony.
2. The specific errors are as follows:
  - A. **Page 85, Line 15:** The transcript reads: "...I definitely know I had...."
    - i. **Proposed Correction:** "I definitely didn't know I had..."
    - ii. **Explanation:** My testimony, as indicated during the live-streamed PSC hearing at the 4:31:07 mark in the video, confirms I said that I definitely didn't know I had the opportunity to intervene, not that I did know.
  - B. **Page 142, Line 23:** The transcript reads: "...between me and my neighbor to the east of me to split the difference..."

- i. **Proposed Correction:** "...between me and my neighbor to the west of me to split the difference...".
- ii. **Explanation:** This statement misstates the direction of the neighboring land I was referring to as east of me, instead of the correct direction, which is west of me, where I had proposed the line be moved and even drawn an alternate route map of that routing scenario.

C. **Page 145, Line 20:** The transcript reads: "...put on the card about moving the line east of me?"

- i. **Proposed Correction:** "...put on the card about moving the line west of me?"
- ii. **Explanation:** This statement incorrectly misstates the direction I was referring to as east instead of west, where the property lines of the property to the south, west, and my property intersect, as indicated on my comment card and on the proposed alternate route map I made.

## II. Conclusion

3. After reviewing some of the key remarks made during my testimony, I have identified three instances of consequential errors that warrant correction in the official transcript. Correcting these inaccuracies is necessary to ensure the integrity of the record for the Commission's consideration and for any subsequent appeal.

WHEREFORE, I respectfully submit my Motion to Correct Transcript and request the Commission enter an order directing the court reporter to correct the transcript to reflect the corrections identified herein.

Respectfully Submitted,

/s/ *Cheri Meadows*
