Citizens of the City
Honorable Mayor and Members of the Neosho City Council
City of Neosho
Neosho, Missouri

In fulfillment of Article V of the Neosho City Charter, I am submitting for your consideration and approval the proposed budget for the fiscal year ending September 30, 2021.

The table below provides the following information on our balanced budget for the General Government Funds and Enterprise Funds: Proposed Revenues & Expenditures, Proposed Other Sources, and Proposed Other Uses. Also displayed is a comparison to the prior two years of original adopted budgets.

The City's expenditures and Other Uses have increased for the Fiscal 2021 year. This is in part due to the addition of the Public Safety Tax approved by the voters in June of 2020. This allowed the Public Safety Departments to catch up on some needed capital, as well as, to increase employee salaries to make our departments more competitive and help to hire and retain good employees. The City has also been

placing funds in reserve for several years to complete certain projects that will be completed in FY21 such as a \$300,000 slip lining project, a \$450,000 meter addition to help determine where the City is losing water. The City has also contracted with Newton County officials to help fund the replacement of the bridge over Hickory Creek at Coler Street.

The City has seen an overall increase of 4.96% from FY19 in sales tax revenues received as of August 2020. Using the five-year average sales tax income for the month of September, we expect the 2019/2020 fiscal year sales tax revenues to end the fiscal year approximately 4.96% above actual receipts from the prior fiscal year. The City has seen tax receipts of 4.6% over what was forecasted in FY2019/2020 year. Because of the uncertainty of what the COVID-19 will bring, we have budgeted sales tax revenues for the 2020/2021 fiscal year at a flat 0% increase over the budgeted sales tax revenues from the 2019/2020 fiscal year. The increase we have seen in the previous few months was not expected. Staff feels a conservative approach would be best at this time.

In June 2020, the Citizens of Neosho approved a $\frac{1}{2}$ of 1% tax increase in the General Fund, restricted to help support the City's Public Safety Departments. This new revenue source is expected to produce approximately \$1.3M per year. In FY21 however, the funds will not begin to be received until January 2021. We have forecasted \$981,800 to be received in during FY21. The purpose of this tax is to provide competitive salary and benefits to improve recruitment and retention of qualified Fire and Police employees. The new revenue source will also help to reduce debt and save on interest expense by paying off previously financed public safety improvements as well as meet new and future capital needs for emergency services.

With overall expenses increasing at a higher rate than revenues, the staff must make decisions to ensure the ongoing success of the City. The City has managed expenditures in recent years with a strong focus on lean and efficient operations and competitive third-party contracts. During the FY2021 year, the City plans to continue a course of action intended to improve revenues across the board to ensure continuation of important services, while continuing to practice approved bidding and purchasing procedures to find the best value for the taxpayer's dollar.

We have focused on building stronger relationships with our partners in education, business, economic development, and our community in general. Great strides have been achieved as we strive to help Neosho grow at a pace that complements our infrastructure and encourages new construction, new

developments, and new citizens. The City has partnered with the Neosho Area Chamber of Commerce in promoting and beautification of the City and we will continue into Fiscal Year 2021 in the same direction and collaborative spirit.

Water loss is an area of concern for the City's Utilities Departments. Public Works will continue to examine the City's water lines to target the cause of our high water loss. Staff has consulted with the City's engineers regarding the water loss in the downtown area. A plan was created to use magnetic field meters to narrow the possible location to a smaller geographic area to determine the largest need for main repair and replacement. Prior to conducting a professional water rate study, Staff would like to find and reduce the water loss to allow the rate study to more accurately determine our needs. We will need to review revenues and expenditures each year and adjust our fees accordingly. This will allow for continuous infrastructure improvements for water and sewer lines as well as to the Wastewater and Filtration plants in the future.

The debts of the City continue to receive careful oversight by the Staff. Our responsibility as a City is to ensure that we service these debts accordingly. The City's debts have all been refinanced during the last seven years to take advantage of better interest rates without extending the terms of the debt. The City has a Standard & Poor's rating of 'A', which is equivalent to an A+ rating if we were to issue General Obligation debt. Receiving Standard & Poor's 'A' rating demonstrates the priority we have placed on reducing our debts and honoring our ethical obligation to make these annual payments. The City continues to maintain strong reserves with no additional debt plans in the immediate future. In FY2020, the 2014 B, originally issued in FY2010 was paid off. We also saw the Street and Drainage portions of the 2016 Series retired in FY2020. This will save approximately \$100,000/year for each fund.

Issuance Fund	FY2021	9/30/2021	
	Principal Payments	Ending Balance	Final Payment
2009 Wastewater	282,850.00	2,781,200.00	7/1/2030
2011 Water	457,500.00	5,943,500.00	1/1/2033
2012 TIF/Street	50,000.00	80,000.00	5/1/2023
2013 Street/Bridge	205,000.00	1,625,000.00	12/31/2027
2014A Auditorium/Senior Center	230,000.00	1,610,000.00	10/1/2027
2016 Golf Course	205,000.00	2,050,000.00	5/1/2031
 Total	 1,430,350.00	 14,089,700.00	

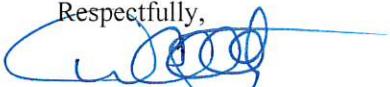

As we look to the future, both short term and long term, we must recognize those needs that benefit the majority of our Citizens. We will continue to utilize the five-year street plan that provides sealing and repaving for City streets each year. By using our GIS system, we have developed a plan that outlines the roads with the highest priority and a yearly projection for crack seal, slurry seal and overlay.

The City's overall financial position will continue to be monitored daily to ensure accountability and compliance. In other Funds, the City maintains a 60-day reserve, which is recommended by our independent auditors. The City goes beyond the recommended 60 day and has kept a 90-day General Fund reserve in recent years. A 90-day reserve of the General Fund's projected expenditures and other financing would be calculated to be \$1,110,610 and the projected ending fund balance is expected to be \$2,309,945. This calculates to an approximate 187-day reserve. The General Fund Balance is projected to be healthier in the FY2021 year because of the passage of the $\frac{1}{2}$ of 1% tax for Public Safety. The Public Safety tax will be funding the equipment and salary increases, therefore reducing the use of the General Fund. The City Staff would like to take advantage of these extra funds to repair and replace some of the City's buildings and repair some areas that have been neglected in the past.

There are always fiscal challenges for a City in any economic atmosphere. We see revenues from the 1% sales tax experiencing very slow growth in prior years. With uncertainties of the COVID-19 pandemic, it is extremely important to focus on our fiscal responsibilities. Unfortunately, the cost of utilities, insurance, wages, etc. each year, grow at a higher rate than the revenues. Staff must be diligent in

keeping costs down and operating their departments as efficiently as possible through proper bidding procedures and careful consideration of departmental needs. Revenues must also be examined and monitored daily. Business License fees have not been amended since 1987. The City plans to place these fees on the ballot on the April 2021 election. We must find other sources of revenue to offset the continuous increase of operating expenses. Whether it be the passage of a Use Tax, raising Property Taxes, or utilizing Grants to offset our expenses, we need to engage our community in these discussions. Each of these options must be carefully explored and considered. It is necessary to have careful and concise planning to fulfill obligations to both debtors and the citizens.

Respectfully,

David Kennedy
City Manager

Police Department

Jason Baird
 Chief of Police
j.baird@neosho.org

The Police Department is proactive in reducing crime and protecting lives and property and provides quality law enforcement to everyone living, working, and traveling through the community. The Police Department is also responsible for investigating reports of violations of the City's Code of Ordinances covering community standards, public nuisances, and conditions affecting public health, safety, and welfare in the City. The Police Department also facilitates the Neosho High School and Crowder College with Police Officers to enforce violations for on campus crimes.

Neosho I.O.O.F. Cemetery

Cheyenne Wright
 City Clerk
Cwright@neosho.org

The Neosho IOOF Cemetery was developed as a community cemetery in 1855. In recent years, the cemetery had become difficult to maintain by the Neosho IOOF Board due to financial and employment difficulties. The City of Neosho accepted the IOOF Cemetery on November 5th, 2019 per Missouri State Legislative actions, ultimately stating local political subdivisions must assure the continued presence, care, and upkeep of its cemeteries

Public Safety Tax

David Kennedy
 City Manager
D.kennedy@neosho.org

On June 2, 2020, the voters of the City of Neosho approved and additional 1/2% city general sales tax under RSMo 94.510. The tax will go towards increasing salaries for our emergency services personnel to hire and retain qualified employees. Emergency services capital projects will also be funded through this public safety tax.

Parks & Recreation

Parks & Rec Director

The Parks Department administers and maintains Neosho Parks and other properties assigned to Parks Department under the direction of the City Manager. This includes annual budgeting, bidding projects, land management, and maintaining and training the work force. The Parks Department is funded by a 3/8 of 1% sales tax shared with the Drainage Department. This tax was approved by the Neosho voters August of 1997.
