Subject: Annual Report Deficiency for Missouri Network Alliance, L.L.C. (BMAR-2025-1130)

This email is a deficiency notice for your 2024 annual report. Your annual report is considered deficient until the following issue(s) are addressed:

- Section 392.550.3(7)(C)RSMo requires companies providing IVoIP service to submit, as part of their annual reports, the number of customers or lines served in each exchange, and requires the Commission to maintain such information as proprietary and not available to the public. This requires the company to submit both a confidential report and a public report with the line count page redacted. The document you previously submitted contains information regarding the number of customers or lines served in your exchange(s) in the public document. Therefore, the company must resubmit its report in two forms, a public (with line counts redacted, even if reporting zero) and non-public version.

Please resubmit your revised annual report in its entirety to correct the deficiency. Any revised annual report/response must be filed within the Missouri Commission's Electronic Filing and Information System (EFIS) using the identification number(s) in the subject of this email. This deficiency must be resolved within the next 20 days. Failure to respond and adequately resolve the deficiency by this deadline may result in punitive action against the company.

Thank you,

Kari Salsman | Missouri Public Service Commission | 573-526-5630
