

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI

In the Matter of the Application of

ASSURANCE WIRELESS USA, L.P.

Case No. _____

to Expand Its Eligible Telecommunications
Carrier Designated Service Area

**APPLICATION OF ASSURANCE WIRELESS USA, L.P.
TO EXPAND ITS ELIGIBLE TELECOMMUNICATIONS SERVICE AREA**

I. INTRODUCTION

1. Assurance Wireless USA, L.P. (“Assurance Wireless” or “the Company”), pursuant to Section 214(e)(2) of the Communications Act of 1934, as amended (the Act),¹ Sections 54.101 through 54.207 of the Rules of the Federal Communications Commission (FCC),² and the rules and regulations of the Missouri Public Service Commission (“the Commission”), respectfully submits this Application to expand its Eligible Telecommunications Carrier (“ETC”) designated service area for Lifeline only services in the state of Missouri.

2. On February 20, 2013, pursuant to the Commission’s Order Granting Application for Designation as an Eligible Telecommunications Carrier in No. RA-2012-0264,³ the

¹ 47 USC § 214(e)(2).

² 47 CFR §§ 54.101–54.207.

³ Order Granting Application for Designation as an Eligible Telecommunications Carrier, *In the Matter of the Application of Virgin Mobile USA, L.P. Branded Assurance Wireless Brought To You By Virgin Mobile for Limited Designation as an Eligible Telecommunications Carrier in the State of Missouri*, No. RA-2012-0264 (Feb. 20, 2013) (“ETC Designation Order”).

Commission designated Assurance Wireless (formerly Virgin Mobile USA, L.P.)⁴ as a wireless ETC, pursuant to 47 USC § 214(e)(2), eligible to receive federal universal service Lifeline support in specified geographic areas.⁵

3. By this Application, Assurance Wireless requests an expansion of its designated ETC service area to encompass statewide authority where it has wireless coverage to provide Lifeline only service to additional qualifying Missouri households, which includes areas in which UScellular had been designated as an eligible telecommunications carrier. Specifically, Assurance Wireless seeks to expand its ETC designated service area to include the wire centers listed in Exhibit 1. This expansion will allow Assurance Wireless to provide Lifeline services to eligible low-income households anywhere it will have wireless coverage in Missouri after the integration of UScellular network assets into T-Mobile's network. Consistent with its current Lifeline only ETC designation, the Company is not seeking designation in the expanded areas to receive high-cost support from the federal Universal Service Fund.

4. Assurance Wireless is a wholly owned subsidiary of T-Mobile USA, Inc. ("T-Mobile"). T-Mobile is the second largest wireless carrier in the United States, headquartered in Bellevue, Washington. The principal offices of Assurance Wireless are located in Bellevue, Washington. Assurance Wireless continues to possess the financial, managerial, and technical capability to provide Lifeline service in compliance with Section 54.201(h) of the FCC's Rules.

⁴ On February 18, 2020, Virgin Mobile USA, L.P. underwent a name change to become Assurance Wireless USA, L.P. See Order Recognizing Name Change at 1, *In the Matter of the Name Change of Virgin Mobile USA, L.P. d/b/a Assurance Wireless brought to You by Virgin Mobile to Assurance Wireless USA, L.P.*, No. RN-2020-0268 (Mar. 25, 2020).

⁵ See *In the Matter of the Application of Virgin Mobile USA, LP for Designation as an Eligible Telecommunications Carrier Pursuant to Section 214(e) of the Telecommunications Act of 1996*, Dec. 1, 2009 (Case No. U-15966).

5. Assurance Wireless has been designated as a wireless ETC in 47 states and the District of Columbia.⁶

6. As demonstrated herein, and as certified in the attached Exhibit 2, Assurance Wireless meets all applicable statutory and regulatory requirements for designation as an ETC in the proposed expansion of its designated area. The Commission's grant of Assurance Wireless's Application would advance the public interest by enabling Assurance Wireless to expand the availability of its Lifeline service to substantially more low-income consumers in Missouri, including those Lifeline customers previously served by UScellular. Accordingly, Assurance Wireless respectfully requests that the Commission expeditiously approve this Application.

7. All correspondence, communications, pleadings, notices, orders, and decisions relating to this Application should be addressed to:

⁶ Alabama, Arkansas, Arizona, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Kansas, Kentucky, Louisiana, Idaho, Illinois, Indiana, Iowa, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Jersey, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming.

II. DESIGNATED SERVICE AREA

8. Previously, this Commission designated Assurance Wireless as an ETC to provide wireless Lifeline service in the wire centers listed in Exhibit 3. Today, Assurance Wireless provides facilities-based wireless service to qualifying low-income subscribers in its designated ETC service area.⁷

9. Assurance Wireless seeks to expand its designated ETC service area to statewide to provide Lifeline service throughout its expanded coverage area resulting, in part, from the acquisition of UScellular network assets which closed as of August 1, 2025.

III. ASSURANCE WIRELESS MEETS APPLICABLE REQUIREMENTS

10. The FCC's rules set forth the information that must be contained in an application for ETC designation. In its prior ETC application, incorporated herein by reference, Assurance Wireless provided all the information required by the FCC's rules in effect at the time, including those set forth in the 2012 Lifeline Reform Order. The Commission found in its ETC Designation Order that Assurance Wireless met the requirements for designation as an ETC. Assurance Wireless has complied with the conditions in the ETC Designation Orders and will continue to do

⁷ The FCC has long recognized that entities within a corporate family that enjoy the "beneficial use" of property may consider that property their own for purposes of ETC designation. See *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, *Report and Order*, FCC 97-157 at ¶ 158 ("*First Report and Order*"). The FCC and other states have recognized that Assurance Wireless (f/k/a Virgin Mobile) is a "facilities-based carrier" for ETC purposes. See *Federal-State Joint Board on Universal Service; In the Matter of Virgin Mobile USA, LP, Petitions for Designation as an Eligible Telecommunications Carrier in the States of Alabama, Connecticut, Delaware, New Hampshire, and Washington D.C.*, WC Docket No. 09-197, *Order*, DA 10-2433 (rel. Dec. 29, 2010); see also *In the Matter of the Petition of Virgin Mobile USA, LP for Designation as an Eligible Telecommunications Carrier*, Docket No. P-6863/M-11-314, *Order Granting Limited ETC Designation* (rel. Dec. 7, 2012) at 3 ("Virgin Mobile has not requested forbearance from the facilities ownership requirement because it was acquired by Sprint Nextel and therefore has the benefit of Sprint's wireless facilities.").

so. Assurance Wireless also complies with the service requirements applicable to the Lifeline support that it receives. Assurance Wireless provides the following additional information to address FCC rules governing the Lifeline program that were amended after the Company's ETC Designation Orders were issued.

A. Assurance Wireless Will Provide All Required Services in The Expanded Designated Service Area

11. Assurance Wireless will provide all services required by Section 54.101(a) of the FCC's Rules throughout its expanded designated service area in the State of Missouri, including mobile or wireless voice and broadband Internet access services. Assurance Wireless Lifeline services will meet or exceed the minimum service standards. The Company's current Lifeline service offering, which is offered in its existing ETC designated service area and will be extended to the expanded ETC service area, is described in and attached as Exhibit 4; the Terms and Conditions are available on the Company's website.

B. Assurance Wireless's Processes Comply with the Lifeline Verification and Enrollment Requirements, and the Company Remains Committed to Preventing Waste, Fraud and Abuse of the Lifeline Program

12. Section 54.410 of the FCC's rules require ETCs to certify and verify a Lifeline customer's initial and continued eligibility. Assurance Wireless has processes in place to facilitate compliance with federal customer enrollment requirements. Specifically, the Company relies on the National Verifier and the National Lifeline Accountability Database (NLAD), each of which is administered by the Universal Service Administrative Company (USAC), to determine an applicant's eligibility for Lifeline service. Every applicant is required to complete the standardized Lifeline application in the National Verifier environment, which covers the necessary information collection, disclosures, and certifications required by Section 54.410(d) of the Lifeline rules. For applicants verified as being eligible by USAC's National Verifier and NLAD, Assurance Wireless

completes enrollment by transmitting the required information into NLAD as required by Section 54.404(b)(6) of the FCC's rules. Assurance Wireless also (1) informs non-paying customers of the need to use the service at least once every thirty (30) days as required by Section 54.407(c)(2); (2) provides notice to non-paying customers after thirty (30) days of non-usage that they must use the service within fifteen (15) days or their service will be terminated as required by Section 54.405(e)(3); and (3) requires customers to activate their Lifeline service as required by Section 54.407(c)(1).

13. Assurance Wireless has additional processes in place to guard against waste, fraud, and abuse, and to ensure compliance with FCC rules designed to achieve that objective, including customer usage, cure period, and de-enrollment requirements set forth in Sections 54.407(c)(2) and 54.405(e)(3), general notice and de-enrollment requirements set forth in Section 54.405(e)(1), transmission of information to NLAD and recordkeeping requirements set forth in Sections 54.404(b)(6) and 54.417, annual certification and reporting requirements set forth in Sections 54.416 and 54.420, and reimbursement claims processes established by USAC consistent with Sections 54.403 and 54.407(a).

14. Assurance Wireless also complies with Sections 54.410(f) of the FCC's rules governing annual subscriber re-certification of eligibility and coordinates with USAC's National Verifier and NLAD systems to manage additional de-enrollments related to USAC-administered benefit transfers and failure to re-certify.⁸ If Assurance Wireless receives a request for de-enrollment from a subscriber, it processes the request within two (2) business days in accordance with Section 54.405(e)(5).

⁸ 47 CFR §§ 54.405(e), 54.410(f).

15. Assurance Wireless has direct contact with all applicants for its Lifeline service, either in person through its employees, agents, or representatives, or via SMS messaging, the telephone, mail, or online. In addition, in accordance with Section 54.406 of the FCC's rules, Assurance Wireless's enrollment representatives are required to register in USAC's Representative Accountability Database.

16. Finally, Assurance Wireless provides or requires Lifeline-specific training for all personnel, whether employees, direct contractors, or representatives, who interact with new or prospective customers regarding the FCC's Lifeline eligibility and certification rules and the Company's practices and policies designed to implement those rules. Assurance Wireless has a zero-tolerance policy for waste, fraud, and abuse, and personnel are instructed to notify the Company's compliance team if they suspect that anyone might be providing false information or attempting to obtain a duplicate Lifeline benefit.

IV. EXPANSION OF ASSURANCE WIRELESS'S ETC SERVICE AREA WOULD PROMOTE THE PUBLIC INTEREST

17. In its ETC Designation Order, the Commission found that designation of Assurance Wireless as an ETC would serve the public interest. Similarly, expansion of Assurance Wireless's ETC service area to include all areas where it has wireless coverage will serve the public interest by providing a variety of benefits to Lifeline-eligible consumers including increased consumer choice, high-quality service offerings, and mobility. The designated ETC area expansion will increase the number of low-income households that can benefit from Assurance Wireless's high quality mobile voice, text, and data services. For the foregoing reasons, grant of this Application is in the public interest.

V. CONCLUSION

18. Based on the foregoing, Assurance Wireless respectfully requests that the Commission promptly grant this Application and expand its Lifeline-only ETC service area to include the additional wire centers described in this Application.

Respectfully submitted this 22nd day of October 2025.

/s/ Chandler Hiatt
