**ORDER APPROVING TARIFF  
TO CHANGE FUEL ADJUSTMENT CLAUSE RATES**

Issue Date: August 17, 2011

Effective Date: September 1, 2011

On June 29, 2011, KCP&L Greater Missouri Operations Company (KCP&L-GMO) filed a tariff to adjust the company's rates pursuant to its Fuel Adjustment Clause (FAC). KCP&L-GMO also filed a corrected revised tariff sheet on July 27, 2011, reflecting the appropriate tariff sheet revision number and the applicable service period in the title box of the tariff sheet.

In accordance with KCP&L-GMO's FAC, the proposed rate schedules are designed to recover from customers 95 percent of the company's net cost increases or decreases. KCP&L-GMO's requested adjustment would decrease a typical MPS residential customer's bill by approximately \$0.69 per month and increase a typical L&P residential customer's bill by approximately \$0.35 per month.

The Commission's Staff filed a recommendation regarding KCP&L-GMO's tariff on July 29. Staff verified that KCP&L-GMO's actual fuel and purchased power costs

match the fuel and purchased power costs included in the company's calculated rates set in the submitted tariffs. Staff advises the Commission to approve the tariff submitted by KCP&L-GMO to become effective on its September 1, 2011 effective date.

More than ten days have passed since Staff filed its recommendation, and no party has filed a response to that recommendation.<sup>1</sup>

Based on the Direct Testimony of Linda J. Nunn, submitted by KCP&L-GMO along with its tariff, as well as the uncontested recommendation of Staff, the Commission will approve KCP&L-GMO's proposed rate schedule
