

November 12, 2025

Ms. Nancy Dippell
Secretary of the Commission
Missouri Public Service Commission
200 Madison Street, Suite 100
Jefferson City, MO 65102-0360

Dear Ms. Dippell:

The tariff sheet listed below issued by Union Electric Company d/b/a Ameren Missouri (Ameren Missouri or the Company) was filed as a revision of Schedule No. 6, Schedule of Rates for Electricity, on November 12, 2025:

Filed
Original Sheet No. 83.8

Canceling

This tariff sheet is being issued November 12, 2025, to be effective on and after December 12, 2025.

The purpose of the new tariff Sheet No. 83.8 is to establish rates for Phase 3 of its Renewable Solutions Program. The rates were developed as the result of an enrollment event seeking subscriptions to the Vandalia and Bowling Green solar facilities. Both facilities were offered as part of a Phase 3 rate schedule with their total nameplate capacities and respective capacity factors weighted and offered collectively in one phase. Through the enrollment process, Phase 3 (both facilities) was fully subscribed.¹

The proposed tariff sheet was shared with Commission Staff prior to filing.

Sincerely,

/s/ Wendy K. Tatro
Wendy K. Tatro
Director and Assistant General Counsel

¹ This enrollment event produced additional Renewable Solutions capacity to be subscribed using a portion of the Company's Split Rail solar facility. A Phase 4 rate schedule for the additional capacity will be submitted once subscriptions are finalized and the Split Rail facility is closer to being placed in-service.
